By Senator Seawell:

Senate Resolution No. 10

WHEREAS, This Fourth Extraordinary Session of the Fifty-fifth Legislature has been called to consider and act upon legislation relating to the retirement of teachers of the Public School System, to appropriate money for many construction projects, and for the other purposes more specifically set out in the Proclamation calling said extraordinary session; and

WHEREAS, Such questions are of vital importance to the people of the State of California; and

WHEREAS, The solution of such problems calls for mature and deliberate study by the Members of the Senate, and, in order to enact proper legislation on such subjects, it may be necessary to compile and make available to the Legislature various facts, statistics and information which can not be procured without considerable effort and expense; and

WHEREAS, In such work of ascertaining such facts and securing information for the use of the Senate in its deliberation upon the questions submitted to it, it will be expeditious and economical to appoint a committee whose responsibility shall be to ascertain such facts, secure such information and statistics as may be of assistance to the Senate in enacting legislation upon the questions submitted to it at this extraordinary session; and

WHEREAS, Much delay in the legislative process could be avoided if it were possible to eliminate duplication of effort and provide a method for expediting the consideration of such measures; now, therefore, be it

Resolved by the Senate of the State of California, That there is hereby created a Special Committee designated the "Senate Legislative Process Committee," consisting of the chairmen of the following Senate Committees: Rules, who shall be chairman of the committee, Finance, Governmental Efficiency, Judiciary, Revenue and Taxation, and Attaches; and be it further

Resolved, That the committee hereby created shall, during the Fourth Extraordinary Session of the Fifty fifth Legislature and any recess thereof, make such studies as may be necessary, ascertain such facts and information, and secure such statistics for the use of the Members of the Senate as may enable them better to consider the questions submitted at this Fourth Extraordinary Session, and to enact appropriate legislation upon the subjects being considered in such extraordinary session; and be it further

Resolved, That such committee shall take such steps as may be necessary to coordinate the work of the various committees of this extraordinary session in considering questions properly before such session in order that there be no duplication of work or effort; and be it further

Resolved, That to enable the committee hereinabove provided for to perform the duties assigned to it, said committee shall have and may exercise the following powers and duties:

(1) To employ and fix the compensation of a secretary and such clerical, expert and technical assistants as it may deem necessary;

(2) To create subcommittees of one or more members from its membership, assigning to the subcommittee any study, inquiry, investigation or hearing which the committee itself has authority to undertake or hold, and the subcommittee for the purpose of this assignment shall have and exercise all of the powers conferred upon the committee, which powers may be withdrawn or terminated at any time by the committee;

(3) To adopt and from time to time amend such rules governing its procedure (including the fixing of its own quorum and the number of votes necessary to take action on any matter) as may to it appear appropriate;

(4) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created;

(5) To meet at any and all times prior to adjournment of this session of the Legislature, whether the Senate or Assembly be actually then sitting or not, and at any and all places within the State, in the performance of its duties and in carrying out the objects and purposes of this resolution;

(6) To summon and subpoena witnesses, require the production of papers, books, accounts, reports, documents, and records of every kind and description, to issue subpoenas, and to take all necessary means to compel the attendance of witnesses and procure testimony;

(7) To report its findings and recommendations to the Senate; and

(8) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution; and be it further

Resolved, That the committee, each of its members, and any representative of the committee thereunto authorized by the committee or by its chairman, is authorized and empowered to administer oaths; and all of the provisions of Chapter 4, Part 1, Division 2 of the Government Code, relating to the attendance and examination of witnesses before the Legislature and committees thereof, apply to the committee hereby created; and be it further

Resolved, That the Sergeant-at-Arms of the Senate and other officers designated by him, are hereby directed to serve any and all subpoenas, orders and other process issued by the committee, when directed so to do by the chairman or by a majority of the membership of the committee or by a subcommittee; and be it further

Resolved, That every department, commission, board, agency, officer and employee of the State Government and of any political subdivision, county, city, or public district of or in this State shall furnish the committee and any subcommittee, upon request, any and all such assistance, and information, records and documents as the committee deems proper for the accomplishment of the purposes for which the committee is created; and be it further

Resolved, That the members of the committee shall serve without compensation and shall not be allowed mileage; and be it further

Resolved, That the sum of one thousand five hundred dollars (\$1,500) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and for any charges, expenses or claims it may incur under this resolution, to be paid from the Contingent Fund of the Senate and disbursed, after certification by the chairman of the committee, or if incurred by a subcommittee, by the member or members of such subcommittee, upon warrants drawn by the State Controller upon the State Treasurer.

Referred to Committee on Rules.

The Speaker declared a quorum of the Assembly present.

REGULAR ORDER OF BUSINESS**APPOINTMENT OF SELECT COMMITTEES**

The Speaker announced the appointment of Messrs. Johnson, Kellems, Hollibaugh, McMillan, and Berry as the Assembly Committee to escort Governor Warren to the Joint Convention.

The President announced the appointment of Senators Seawell, Swing, Brown, Fletcher, and Rich as the Senate Committee to escort Governor Warren to the Joint Convention.

ADDRESS BY LIEUTENANT GOVERNOR

Hon. Charles W. Lyon, Speaker of the Assembly, then presented Lieutenant Governor Frederick F. Houser to the Joint Convention.

The Lieutenant Governor then addressed the Joint Convention.

REPORT OF JOINT COMMITTEE ON ESCORT

The Joint Committee on Escort, consisting of Senators Seawell, Swing, Brown, Fletcher, and Rich and Assemblymen Johnson, Kellems, Hollibaugh, McMillan, and Berry, appointed to wait upon His Excellency, Governor Earl Warren, to inform him that the Joint Convention was now in session, and to escort him to the Joint Convention, appeared at the bar of the House, and announced the presence of His Excellency, Hon. Earl Warren, Governor of the State of California.

Lieutenant Governor Houser presiding.

PRESENTATION OF THE GOVERNOR

Hon. Frederick F. Houser, President of the Senate, then presented Governor Earl Warren to the Joint Convention.

ADDRESS BY THE GOVERNOR

Governor Warren then proceeded to address the Joint Convention as follows:

Remarks by Governor Earl Warren*Members of the Senate and Assembly*

I want to welcome you back to Sacramento and repeat first of all what I said at the last special session. It is always reassuring to me, as I sit in the Governor's chair, to know you are available on call for any emergency situation and that I can always have your cheerful cooperation in the solution of the new and war-created problems that are thrusting themselves upon us.

I have just returned from a Conference of Governors at Hershey, Pennsylvania, where we had the privilege of frank discussion with General George C. Marshall and

Admiral Ernest J. King; with Bernard Baruch and Mr. Hancock, his associate in postwar planning; with Captain Hayes and Colonel Cutler, Navy and Army representatives on United States War Ballot Commission; as well as with the Governors of the various States.

I am even more impressed than I was before attending the conference with the importance of State Government in the winning of the war. I am also more firmly convinced that our problems can only be solved by the cooperation of the coordinate branches of State Government.

I look back with satisfaction upon your accomplishments at the special session in January. While at the Governors' Conference, I heard both Captain Hayes and Colonel Cutler speak enthusiastically of the Soldier Voting Statute which you enacted in January without guide or precedent. They stated to me that they have been recommending this California Statute for consideration by the States which have not already acted upon the subject.

As a further indication of the manner in which your Soldier Voting Statute is working I want to read a letter I have received from a Captain stationed in the Southwest Pacific Area. The letter, mailed May 4th, and signed by Captain Jack M. Laughlin, reads as follows:

At the close of last year I wrote you suggesting certain changes in our election laws to facilitate the voting of servicemen and women overseas. Subsequently Mr. Daniels wrote to thank me for the suggestions. I thought that you might be interested to hear how the amended law is working out in practice.

As the above address indicates, I am on duty overseas on General MacArthur's staff. On May 1st I received my absentee ballot from the San Francisco Registrar of Voters. It had been postmarked in San Francisco at 9:30 p.m. April 25th. The average time for "V-Mail" to my location is 10 days, while ordinary mail takes anywhere from 15 days to 2 months.

It appears to me that California has adopted about the best possible plan and that, with the cooperation of the post office and the forces (as indicated by my above mentioned experience), it should work out quite satisfactorily.

I have had occasion recently to talk to the Director of Federal Prisons, and other experts in the field of penology, and they have told me that they are well pleased with the Prison Reorganization Bill which you adopted at that January session. They are expecting much good to come from it. They have stated to me that, although there has been much discussion throughout the country for the past 20 years concerning the need for integrating corrective systems, this California Statute represents the first real statutory effort made to accomplish the result.

I will report to you now that immediately upon signing the Prison Reorganization Bill, I requested the Personnel Board to apply the principles of the merit system to the Director of Corrections, his wardens, and assistants. A National examination was held, and I believe we have obtained the services of extremely well qualified career men as director and assistant director.

The Director of Federal Prisons, James Bennett, and his superior officer, Attorney General Francis Biddle, have very considerably loaned us the services of one of the country's outstanding experts for a temporary place on the Adult Authority. The Surgeon General of the United States has detailed his assistant to work with us in preparing a report on the necessity for an institution for the criminally insane as required by the statute. We are working earnestly on all phases of this program and I am hopeful that, at your regular session, we can place before you a report of definite progress.

I want to refer back, also, to one other action taken by you at the January session. I am sure you are as satisfactorily aware as I am that the people ratified the constitutional amendment permitting the State, with consent of the Federal Government, to tax Federal property within our boundaries. This will eventually result in millions of dollars of revenue to the State and local governments.

This session to which you have been called today is one that we have long discussed and is in keeping without prior understanding on the subject.

After adjournment of the regular session in 1943, I vetoed one bill and modified another affecting the Public School System of the State. This was not done because I disagreed with the purposes of either bill, but because in my opinion there were certain factors that had not been fully considered in acting upon them and because at that time I did not believe we had the necessary facts upon which to base a decision.

The bill vetoed was Assembly Bill No. 1107, which purported to reorganize and refinance the Teachers' Retirement System of the State. In my veto message I made the following statement:

It is my considered opinion that Assembly Bill No. 1107 should be disapproved principally for the reason that neither the Legislature nor the public in general nor myself have a clear picture of all its implications.

Not even the proponents can say what the cost will be to the State to set up the reserves necessary to function under the act and the best guesses appear to range from \$140,000,000 to \$180,000,000 spread over a number of years. No

thorough study on behalf of the State has been made to determine the relative financial responsibilities of the teachers, the local districts, and the State.

There are in the act what appear to be inequalities between the contributions of the teachers in the smaller and larger communities.

It is my belief that this matter should be thoroughly studied by the State in conjunction with the teachers and the public, and that it should then be determined at a special session of the Legislature, called for that purpose within the next year.

I believe the people of California have confidence in the teaching profession of our State and that they will do full justice to them when the facts are fully before them. That also will be my aim.

Since that veto action your Legislative Committees have made a study of the entire problem. Actuaries of the teachers, of the State, and the Legislative Committees, have collaborated in collecting and appraising statistical data. Interested groups, both in the teaching profession and taxpayer organizations have attended public meetings called for the purpose, and I believe the Legislature is far better able today to determine the true merits of the situation than it was a year ago.

I believe that the problem in justice to the teachers and to the public at large should be solved without any further delay. The Retirement System was set up over a quarter of a century ago on an arbitrary basis of State, district, and teacher contribution that gave no real consideration to cost.

The fund has been gradually approaching insolvency and in a comparatively short period of time there will not be enough money in the fund to pay the claims made against it. All of the actuaries agree that the fund is not only unsound, but that its stabilization will cost the State more money the longer action is delayed. This is unsound governmentally and is unfair to the teaching profession and the taxpayers of the State which have contributed to it through the years.

In my opinion, the present teachers' retirement benefits are inadequate and should be raised to meet the standards of retirement systems of other progressive governmental bodies. To accomplish this, there must be a fair contribution from teachers, district, and State. This, I believe, all are willing to do.

If this principle is coupled with the additional principle that teachers and taxpayers in all parts of the State should be treated identically by the State, most of our difficulties in finding a solution will be ironed out.

I trust that you will be able at this session to present a bill for my signature that will recognize these principles and give the teachers and such others as are in the Teachers' Retirement System the protection which they justly deserve after a life time of service to the children of our State.

The other bill which I signed after restricting its operation and its appropriation to the first year of the biennium, was Senate Bill No. 307. It provided additional money for the maintenance of our elementary schools.

My reason for this action can best be stated to you now by quoting the following from my statement limiting the appropriation to the first year of the biennium:

This bill is ostensibly for the purpose of supplying funds for increasing the salaries of elementary teachers although it does not expressly so provide and may be used for any salary purpose. This bill does not have proper safeguards and if it were possible to do so I would insist upon its correction but that can not be done.

Believing as I do that teachers' salaries are far below the salary scale in other employments, I am reducing the appropriation by one-half to take care of the situation until the Legislature is called to reconsider the teachers' pension matter. If at that time our survey shows the appropriation of \$4,500,000 has accomplished the desired purpose and the districts have done their part, another appropriation can be considered, particularly with relation to those districts which have reached their statutory tax limit.

I believe your Interim Committees have studied this situation and should be in a position to determine the merits of the situation. Obviously some appropriation should be made at this session, particularly for those districts which have reached their statutory tax limit. What that amount should be is naturally within your province to determine.

In the enactment of the Soldiers' Voting Act at the last special session, the Legislature, not knowing when National party conventions were to be held, was unable to avoid conflict between State party convention and National party convention dates. When the dates for the National Democratic convention were fixed they became identical with the dates for our Democratic State convention in California.

When this fact became known, I was visited by Democratic State Chairman, Assemblyman Robertson, and Attorney General Kenny who advised me that while they were extremely active, they had not yet acquired the ability to be two places at one time.

Taking the statement at its face value, I promptly agreed to include in the agenda for this session authorization to change the convention dates to enable full participation by the Democratic Party in both State and National conventions.

At the last regular session, the Legislature set aside one-half cent of the sales tax and a portion of the bank and corporation franchise tax and corporation income tax, to be used for postwar construction. It was estimated at that time that this source of revenue would produce \$43,000,000 during the biennium. Our present estimates indicate the total will more nearly approximate \$62,000,000.

At that time you also appropriated \$1,250,000 for use in preparing plans and specifications to service a building program of approximately \$28,000,000. Work on these plans and specifications has been progressing satisfactorily and in a comparatively short period of time the entire amount will have been expended.

It now appears that if we are to have a building program adequate to the needs of the State and in keeping with the surplus which it is estimated we will have on June 30, 1945, the Legislature should make an additional appropriation for building construction purposes. It should also make an additional appropriation for plans and specifications as well as for necessary sites needed to make the program complete.

A building program, to be effectual, must be ready to function whenever postwar employment conditions need it. In order to be ready, plans and specifications must be completed and the sites upon which the buildings are to be constructed must be owned by the State.

This matter has been thoroughly discussed with your Interim Committees. On April 10th of this year I met in joint session with the Senate Postwar Construction Program Committee, the Assembly Postwar Rehabilitation Committee and the Legislative Budget Committee to seek advice in regard to administrative procedure.

I believe these committees have at least tentatively agreed upon a program of legislative action at this time. That program, in my opinion, is reasonable, forward looking, and is capable of being adequately financed by the State.

I know in your deliberations you will be considerate of the fact that California is said to have acquired an additional population of a million and a half people since the 1940 Census. There has been no new construction for several years. There will be none until the war ends. Our State institutions are woefully overcrowded and many of their buildings have been condemned as fire or earthquake hazards.

Experience has shown that the population of our mental and correctional institutions will grow abnormally in the years following the war. Our university and State colleges will be overcrowded as a result of our population gains and returning youthful veterans.

For years, because of restricted State finances and abnormal relief costs, we have been unable to maintain our physical plants at these institutions in keeping with the needs of a fast growing State. It will be imperative that we do this one time or another. We now have the funds with which to catch up with needs at the conclusion of the war and without mortgaging the future of any of our citizens. We will be able to do this at a time when the Country will need every job it can produce in order to bring about an orderly transition from war to peacetime conditions. The details of the program, of course, rest in your sound discretion but I believe a sound approach exists for action now on what, in ordinary times, would be called a 10-Year Building Program.

In keeping with our program for reconstruction and reemployment after the war, it seems to me that cities and counties should be aided and encouraged in developing a building program similar to that which the State is undertaking. To encourage such programs the State could well appropriate a sum of money to be expended by the cities and counties on a matching basis with the State, for the preparation of plans and specifications. Such a proposal is included in the agenda of this session.

In so far as veterans' legislation is concerned, we have been studying the situation very diligently and have been in communication with various State-wide agencies. Through a committee of the Reconstruction and Reemployment Commission, we have endeavored to explore the field in which we could be of additional service to veterans. We have collaborated with the Assembly Committee on Military Affairs and know that this committee, headed by Assemblyman McCollister, has likewise endeavored to develop a program.

However, the fact that deters us is that the Federal Government has not yet determined upon its jurisdiction in veteran matters. There has yet been no delineation in the field of responsibility and action, and the so-called "G. I. Bill," which will necessarily influence any State program, is still in conference. It has therefore been impossible to develop a general State program in addition to what is already being done by the Veterans' Welfare Board looking toward the purchase of homes and farms, the resumption of education, and methods of assistance to veterans in the prosecution of their claims.

There are, on the other hand, some miscellaneous things such as the relief of veterans from penalties under the California Gift Tax Act and authority for the State to contract with the Federal Government for the education of returning veterans, which should be considered at this time. These matters are included in the call.

If the so-called "G. I. Bill" should be enacted into Federal law and the Legislature should desire to consider a supplementary Veterans' Program as a result, I will—upon its request—be happy to call another special session coincidental with this one.

There was appropriated at the last regular session for the Farm Production Council the sum of one and a half million dollars to be used by it in the administration of the California Food and Fiber Production Act.

This amount will have been entirely expended by the end of the fiscal year. An additional appropriation will be necessary if the work of the council is to be carried on this harvest season.

I believe it is the consensus of opinion on the part of the farmers of the State that the council as created by you at the last regular session was a major factor in the successful harvest of our food crops in 1943 without loss due to lack of manpower. In that year, 15 per cent of the farm laborers were Mexican nationals sent here through the cooperation of the Mexican Government. Twenty-five per cent were volunteers, many of whom had never worked on farms before and whose services would not have been available had it not been for the recruitment and other activities engaged in by the council in conjunction with the Federal Government. The council will present its needs to you and I commend its request to you for favorable consideration.

Since the enactment of the very splendid War Powers Act in 1943, which was designed to protect our State in emergencies as great even as invasion, the military situation on the Pacific Coast has materially changed for the better. As a result the entire civilian defense situation has been reviewed by a commission appointed by Lieutenant General Delos C. Emmons of the Western Defense Command.

It is the belief of the War Council and myself that we can conform to all the suggestions of that report without the necessity of maintaining the complete organization provided for in the Act of 1943. It is, therefore, my suggestion that the act be reviewed and brought into line with present day conditions. The four legislative members of the War Council will, I am sure, be able to bring to you, not only the opinion of the War Council, but their own knowledge of what is necessary to accomplish this purpose.

For a long time thoughtful people have been concerned over the black markets that have been developing in connection with the sale of rationed commodities. The sale of gasoline particularly has opened up a field of criminal and well nigh treasonable activities which have permitted thoughtless and irresponsible people to purchase illegal gasoline to an enormous aggregate. This gasoline we all recognize should either be available for our military forces overseas or for law abiding citizens who need it and are entitled to it under the law for their business and home affairs.

I am told by the Federal Government that, "In San Francisco and Los Angeles, the actual known diversion of gasoline into black market channels totaled about 70,000 gallons per day for a period of the last two months, March and April."

If continued at the same rate over a period of a year 25,000,000 gallons of gasoline would be unlawfully diverted in our two major cities. This condition is intolerable. Every Governmental agency and every good citizen should do his best to end it.

Enforcement of price ceilings and the regulation of the sale of rationed commodities is a Federal activity too complex for the State to now attempt to supplement. But, I believe there is no reason why the good citizens of this State—the mothers and fathers of our boys who are poised on the shores of England for the invasion of Europe—should be compelled to sit idly by and watch a group of underworld racketeers counterfeit Governmental coupons or steal and sell genuine ration tickets. At least we should try to put them in our penitentiaries and prevent further breakdown in law enforcement.

I, therefore, suggest to the Legislature that it give its consideration to the enactment of a bill which will make it a penal offense for persons to counterfeit ration coupons or traffic illegally in genuine ones.

There are a number of other items on the agenda that I need not take your time to discuss in this message. They were all matters which have been selected because they appear to be emergency in character and call for some solution at the moment. In the selection of these items, I have counselled with your Speaker, with the President pro tempore of the Senate and we are in agreement that these matters should be called to your attention. There were many other requests for matters to be included, but they were omitted because they did not appear to be of a character that required your attention at a session of this kind.

I regret that the number of items is as large as it is. I hope you will be able to dispose of them without unduly prolonging the session. I know the sacrifices you all make in coming to Sacramento during these war times. But I also know your interest in the welfare of our State and in doing everything that is necessary to enable California to do her part in the war.

We have done everything we could to advise you of the nature of the items on the agenda and have worked with all of your Interim Committees. We have been free to offer our suggestions and our counsel, recognizing at all times that the final determination is in your hands. We are approaching the most solemn hour in the history of our Nation. We all look forward confidently to victory, but we all know in our hearts that the greatest sorrows of the war may still lie ahead. The sacrifices of our boys in all parts of the world call for the best that is in all of us here at home. It is in this spirit that I ask you to meet here in the interests of our State and Nation, and I know it is in that spirit that you have responded.

ADJOURNMENT OF JOINT CONVENTION

At 12.30 p.m., there being no further business, upon motion of Assemblyman Sam L. Collins, seconded by Assemblyman Johnson, the Speaker of the Assembly declared the Joint Convention adjourned sine die.

IN SENATE

At 12.25 p.m., the Senate reconvened. Lieutenant Governor Frederick F. Houser, President of the Senate, in the chair.
Secretary John F. Lea at the desk.

To Warden, State Prison at San Quentin, for the term ending at the pleasure of the Director of Corrections. Appointed May 1, 1944.

DR. F. LOVELL BIXBY, Chillicothe, Ohio, has a National reputation as a psychologist and sociologist, directing his study principally to inmates of prisons. He has devoted a great deal of his time in studying the mental side or attitude of offenders. For several years prior to 1934 he was connected with prisons and reformatories in the State of New Jersey. In that year he went to Washington, D. C., and became Assistant Director of the Federal Bureau of Prisons. In this capacity he specialized in vocational training of inmates and directed pre-parole programs. He was with the Federal Bureau of Prisons for several years, after which he went to New York to become Executive Officer of the Osborne Association, which association is devoted exclusively to the study of prison organization and problems. Thereafter he returned to the Federal Bureau of Prisons to become Warden of the Federal Reformatory at Chillicothe, Ohio. In connection with his activities there he received National recognition in establishing industrial and vocational programs for the inmates, and specialized to a large extent in training young inmates for war work. At this institution he established an Air Mechanic School, which was one of the first to be established in any prison or reformatory in the Country. He also instituted and directed a special study of psychopathic cases. To the Adult Authority (Department of Corrections), for the term ending March 15, 1945. Appointed May 1, 1944.

WALTER A. GORDON, Berkeley, age 49 years, married. He is a veteran of the last war, and has lived in Berkeley since 1914. Graduated from the University of California in 1918, A. B. degree, J. D. in 1922 from Bolt Hall. Joined the police force in August, 1919, under Chief Vollmer; quit in January, 1930. Starting practicing law in 1923, has practiced continuously in Berkeley. Had contact with adult prisoners in police department as a regular patrolman. Appointed by Governor in October, 1943, and has been since that time a member of the Board of Prison Terms and Paroles. Has handled an average of 500 cases a month. His work in connection with those cases consists of interviewing prisoners, fixing terms of sentence and fixing dates of parole, and hearing cases on parole violations. Has had criminal practice as well as civil practice. To Adult Authority (Department of Corrections), for the term ending March 15, 1947. Appointed May 1, 1944.

RICHARD A. MCGEE, Olympia, Washington, is 47 years of age, married. He was born in State of Minnesota where he received his preliminary education, and graduated from the University of Minnesota with the degrees of Bachelor of Science and Master of Arts. He was the instructor of industrial education at the University of Minnesota from 1926-1930. In 1931 he was appointed Supervisor of Education, Federal Penitentiary, Fort Leavenworth, Kansas; and from 1933-35 he directed educational activities in the Federal Penitentiary at Lewisburg, Pennsylvania. From 1935-39 he was warden of New York City Penitentiary located at Riker's Island. He was appointed in 1939-41 as deputy commissioner of correction, department of correction, New York City. He held this position

until November of 1941. In December of 1941 he was appointed Supervisor of Public Institutions for the State of Washington. His work there included the active direction of 15 different institutions, which position he has resigned from to take the directorship of the Department of Correction in California. To Director of Corrections, for the term ending at the pleasure of the Governor. Appointed May 1, 1944.

LEWIS DRUCKER, La Canada, California, is 39 years of age, married. His primary education and legal education was had in Los Angeles. He is a graduate of the Southwestern University Law School, with a degree of LL.B. During his adult life he has been in public service, 12 years of which were spent in the county clerk's office of Los Angeles County as clerk of the superior court, and for approximately three years he was acting commissioner of the superior court, and he also acted as clerk to the presiding judge for approximately two to three years, during which time he tried over 200 cases pursuant to appointment as judge pro tempore. He also handled ex parte matters as acting commissioner in the presiding judge's office. During the past five years he has been Deputy Attorney General in the Los Angeles Office, spending a considerable portion of his time in supervising criminal investigation work and handling criminal appeals. In February of 1943 he was appointed Assistant Real Estate Commissioner and acted as such until November of the same year. His activities as Assistant Real Estate Commissioner earned for him the commendation of the real estate profession for his work in cleaning out many undesirables who had obtained licenses. To Adult Authority (Department of Corrections), for the term ending March 15, 1947. Appointed May 1, 1944.

EDGAR E. LAMPTON, a resident of Los Angeles, past sub-contractor, Deputy Labor Commissioner, public and labor relations director for Automobile Club of Southern California, active in campaigns to enlist the cooperation of car owners in the war effort, to the California Unemployment Insurance Appeals Board and member, California Employment Stabilization Commission, vice self, term expired, for the term ending April 30, 1944. Appointed May 1, 1944.

CONSIDERATION OF SENATE CONCURRENT RESOLUTION NO. 2

Senate Concurrent Resolution No. 2

WHEREAS, The members who served in the Senate during the 1931 Session were shocked a few days ago by the announced death of Senator Ralph H. Clock and the pleasant associations which grew out of that service were severed when he passed from life into eternity.

Senator Clock was elected at a special election held in the early part of 1931 to fill an unexpired term. He entered the Senate upon its reconvening after the constitutional recess in 1931. His pleasing personality, his knowledge of the law and his whole-hearted cooperation in bringing into existence constructive legislation soon won for him the admiration, respect and friendship of all the members of the Senate. When he voluntarily left the Senate, there was a general regret expressed by all those who knew him.

Senator Clock was a native of Iowa. He was born in 1878. He graduated from Drake University at Des Moines in 1904. Like many other Iowans, he moved to California and became a resident of this State in 1910. He was an able lawyer. He served as Judge of the Superior Court of Los Angeles County, but being interested in wild life, he accepted an appointment on the State Fish and Game Commission and was an advocate of those measures which were necessary in the protection of game and in affording hunting privileges to the sportsmen.

His untimely death is unfortunate, but as the life of all is in the hands of our Maker, we must bow to the inevitable.

Ralph Clock is gone, but his memory will remain with us as long as we survive; therefore, be it

Resolved, That when we adjourn today, we do so out of respect to our departed member; and be it further

Resolved, That this resolution be printed in the official records of the Senate, and an engrossed copy sent to the bereaved widow.

Resolution read, and adopted by a rising vote.

Resolution ordered transmitted to the Assembly.

SENATE CHAMBER, SACRAMENTO, June 5, 1944

MR. PRESIDENT: Your Committee on Rules, to which was referred :

Senate Resolution No. 10

Has had the same under consideration, and reports the same back with the recommendation : Be adopted.

Committee membership 5; committee vote : Ayes 4; absent 1.

SEAWELL, Chairman

CONSIDERATION OF SENATE RESOLUTION NO. 10

Senate Resolution No. 10

WHEREAS, This Fourth Extraordinary Session of the Fifty-fifth Legislature has been called to consider and act upon legislation relating to the retirement of teachers of the Public School System, to appropriate money for many construction projects, and for the other purposes more specifically set out in the Proclamation calling said extraordinary session; and

WHEREAS, Such questions are of vital importance to the people of the State of California; and

WHEREAS, The solution of such problems calls for mature and deliberate study by the Members of the Senate, and, in order to enact proper legislation on such subjects, it may be necessary to compile and make available to the Legislature various facts, statistics and information which can not be procured without considerable effort and expense; and

WHEREAS, In such work of ascertaining such facts and securing information for the use of the Senate in its deliberation upon the questions submitted to it, it will be expeditious and economical to appoint a committee whose responsibility shall be to ascertain such facts, secure such information and statistics as may be of assistance to the Senate in enacting legislation upon the questions submitted to it at this extraordinary session; and

WHEREAS, Much delay in the legislative process could be avoided if it were possible to eliminate duplication of effort and provide a method for expediting the consideration of such measures; now, therefore, be it

Resolved by the Senate of the State of California, That there is hereby created a Special Committee designated the "Senate Legislative Process Committee," consisting

of the chairmen of the following Senate Committees: Rules, who shall be chairman of the committee; Finance, Governmental Efficiency, Judiciary, Revenue and Taxation, and Attachés; and so it further.

Resolved, That the committee hereby created shall, during the Fourth Extraordinary Session of the Fifty-fifth Legislature and any recess thereof, make such studies as may be necessary, ascertain such facts and information, and secure such statistics for the use of the Members of the Senate as may enable them better to consider the questions submitted at this Fourth Extraordinary Session, and to enact appropriate legislation upon the subjects being considered in such extraordinary session; and be it further

Resolved, That such committee shall take such steps as may be necessary to coordinate the work of the various committees of this extraordinary session in considering questions proper to be considered in order that there be no duplication of work or effort; and be it further

Resolved, That to enable the committee hereinabove provided for to perform the duties assigned to it, said committee shall have and may exercise the following powers and duties:

(1) To employ and fix the compensation of a secretary and such clerical, expert and technical assistants as it may deem necessary;

(2) To create subcommittees of one or more members from its membership, assigning to the subcommittee any study, inquiry, investigation or hearing which the committee itself has authority to undertake or hold, and the subcommittee for the purpose of this assignment shall have and exercise all of the powers conferred upon the committee, which powers may be withdrawn or terminated at any time by the committee;

(3) To adopt and from time to time amend such rules governing its procedure (including the fixing of its own quorum and the number of votes necessary to take action on any matter) as may to it appear appropriate;

(4) To contract with such other agencies, public or private, as it deems necessary for the creation and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created;

(5) To meet at any and all times prior to adjournment of this session of the Legislature, whether the Senate or Assembly be actually then sitting or not, and at any and all places within the State, in the performance of its duties and in carrying out the objects and purposes of this resolution;

(6) To summon and subpoena witnesses, require the production of papers, books, accounts, reports, documents, and records of every kind and description, to issue subpoenas, and to take all necessary means to compel the attendance of witnesses and produce testimony;

(7) To report its findings and recommendations to the Senate; and

(8) To do any and all other things necessary or expedient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution; and be it further

Resolved, That the committee, each of its members, and any representative of the committee throughout and used by the committee or by its chairman is authorized and empowered to administer oaths; and all of the provisions of Chapter 4, Part 1, Division 2 of the Government Code, relating to the attendance and examination of witnesses before the Legislature and committees thereof, apply to the committee hereby created; and be it further

Resolved, That the Sergeant at Arms of the Senate and other officers designated by him are hereby directed to serve any and all subpoenas, orders and other process issued by the committee, when directed so to do by the Chairman or by a majority of the membership of the committee or by a subcommittee; and be it further

Resolved, That every department, commission, board, officer, official and employee of the State Government, and of any political subdivision, county, city or public district within the State shall furnish the committee and any subcommittee upon request, any and all such statistics and information, records and documents as the committee deems proper for the accomplishment of the purposes for which the committee is created; and be it further

Resolved, That the members of the committee shall serve without compensation and shall not be allowed mileage; and be it further

Resolved, That one one of any charges for bonded officers (\$1,000) or so much thereof as may be necessary to being made available from the Contingent Fund of the Senate for the expenses of the committee and for any charges, expenses or claims of any nature under this resolution, to be paid from the Contingent Fund of the Senate and disbursed, after certification to the chairman of the committee, or if approved by a subcommittee, to the member or members of such subcommittee, upon warrants drawn by the State Comptroller upon the State Treasurer.

Resolution read.

The roll was called, and the resolution adopted by the following vote:

AYES—Senators Bigger, Brown, Cunningham, David, Jellinger, Kennedy, Fletcher, Jorgensen, Judah, Keating, Lindsey, Mann, McBride, McCormack, Minton, Parkman, Sullivan, Newell, Stealy, Suter, Sutton, Swain, Swing, Tolley, Torkie, and Ward—26.

Motion carried.

Prayer

Almighty God, with contrite and humble heart—fearful of what this day will bring—we stand before Thee, a nation in its most perilous hour. Praising Thy infinite majesty, thankful for Thy bounteous blessings, conscious of our own sinfulness, we humbly beseech Thy assistance in this time of trial. We beg of Thee Thy all powerful help, that the crusade so well begun might be brought to a successful and hasty conclusion. Especially O Lord God, do we ask that the mantle of Thy protection hover over our dear ones who face imminent danger; that they may meet their task with courage and strength; into Thy hands we commend their welfare. And Heavenly Father, send forth Thy mercy and consolation into those hearts and homes that will be stricken by the cruel hand of war; may our Heavenly Mother be the source of strength and consolation to those who will, like her, suffer through their sons. And

to those who have today offered their lives in sacrifice, grant the just reward of their martyrdom, sharing Thy eternal happiness. May the souls of these faithful departed, rest in peace. AMEN

RESOLUTIONS

The following resolutions were offered:

By Senators Hatfield and Ward:

Senate Resolution No. 11

Relating to memorializing the President and Congress to amend Section 209 (f) of the Federal Social Security Act, defining "average monthly wage," to limit the elapsed quarters to those during which a wage-earner was subject to the act.

WHEREAS, Section 209 (f) of the Federal Social Security Act now provides that the "average monthly wage" shall be obtained by dividing the total wages paid an individual before the quarter in which he died or became entitled to receive primary insurance benefits by three times the number of quarters elapsing after 1936 and before the quarter in which he died or became so entitled, excluding any quarter prior to the quarter in which he attained the age of 22 during which he was paid less than fifty dollars (\$50) of wages, and any quarter, after the quarter in which he attained the age of 65 occurring prior to 1939; and

WHEREAS, The present provision results in discrimination against persons in employments which were not originally covered by the act, but have subsequently been covered since it includes only those wages earned while the wage-earner was subject to the act, but does not limit the elapsed quarters to the period of coverage, resulting in a lower "average monthly wage" for an individual who became subject to the act after 1937, though the time actually worked may be the same as that of an individual originally covered; and

WHEREAS, This discrimination would be removed by limiting not only the wages to those earned while subject to the act, but limiting the elapsed quarters likewise; now, therefore, be it

Resolved by the Senate of the State of California, That the President and the Congress of the United States are hereby memorialized to amend Section 209 (f) of the Federal Social Security Act to limit the divisor of elapsing quarters to those during which the wage-earner was subject to the act, to conform with the provision that only those wages earned while the wage-earner was subject to the act are included in total wages, and to make this amendment retroactive to include all wage-earners covered prior to its enactment; and be it further

Resolved, That the Secretary of the Senate is directed to forward copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, and to each Senator and Member of the House of Representatives from California in the Congress of the United States.

Request for Unanimous Consent

Senator Hatfield asked for, and was granted, unanimous consent to take up Senate Resolution No. 11, at this time, for consideration.

The following resolution was offered :

By Senators Brown, Mixter and Mayo :

Senate Resolution No. 16

Relating to the proposed improvement of the Lone Pine-Porterville Highway in Inyo and Tulare Counties

WHEREAS, The Lone Pine-Porterville Highway in Inyo and Tulare Counties, which is a portion of Route 127 of the State Highway System, was made an integral part of said system in 1933, but has never been improved; and

WHEREAS, Said highway follows a good route for traffic between the eastern and the western portions of the State, and from the southeastern part of Sequoia National Park to the north and south Highway System; and

WHEREAS, The improvement of said highway would greatly facilitate the movement of a substantial traffic for which it is a natural route; and

WHEREAS, The State and Federal Governments are making plans for postwar construction of public works and the improvement of this highway should be made part of such plans; now, therefore, be it

Resolved by the Senate of the State of California, That the National Park Service, the National Forest Service, and the California State Highway Commission be and each of them is requested to give their serious consideration to and actively plan the improvement of said highway as a part of the Postwar Construction Program; and, be it further

Resolved, That copies of this resolution be sent to the respective Chiefs of the National Forest Service and the National Park Service and to the State Highway Commission.

Referred to Committee on Transportation.

RESOLUTIONS

The following resolution was offered:

By Senators McCormack and Hatfield:

Senate Resolution No. 17

Relating to appointment of a Senate Fact-Finding Committee on State Highway Construction and Rehabilitation as a part of the Postwar Employment Program

WHEREAS, The Postwar Employment Reserve was created for the purpose of meeting the needs of the State for the construction and rehabilitation of facilities and to provide postwar employment; and

WHEREAS, The construction and rehabilitation of State highways would contribute to the fulfillment of said purposes; and

WHEREAS, The desirability of making transfers of money to the Postwar Employment Reserve to be available for highway purposes is dependent in large part on the adequacy of State highway revenues to meet present and future requirements for State highway construction and rehabilitation; now, therefore, be it

Resolved by the Senate of the State of California, That there be and is hereby created a Senate Committee on Highway Revenues to study and ascertain facts and to determine the sufficiency and adequacy of State highway revenues for State highway construction and rehabilitation; and, be it further

Resolved, That it shall be the duty of said committee, if it finds that present and anticipated revenues are and will be inadequate to finance a sound Postwar Program of State Highway Construction and Rehabilitation, to determine the desirability of including the construction and rehabilitation of State highways as a part of the Postwar Employment Program, the amount of money that should be transferred to the Postwar Employment Reserve therefor, and the funds or sources from which such transfers should be made; and be it further

Resolved, That said committee shall consist of five Members of the Senate, appointed by the Rules Committee of the Senate; and be it further

Resolved, That the committee, in exercising its powers and performing the functions vested in it by this resolution, shall have all the powers conferred upon Legislative Committees by the Joint Rules of the Senate and Assembly as adopted at the Fifty-fifth Regular Session of the Legislature and all powers necessary or convenient to accomplish the objects and purposes of this resolution; and be it further

Resolved, That the committee may act during this session or any recess and after final adjournment thereof and shall prepare and submit to this or to the Fifty-sixth Regular Session of the Legislature a report of its findings and recommendations; and be it further

Resolved, That the members of the committee shall serve without compensation but shall be allowed mileage at the rate of five and one-half cents (\$0.05½) per mile each way incurred in connection with their services upon the committee and other actual and necessary expenses for living accommodations and meals, incurred in connection with their services upon the committee, or in lieu of such expenses for accommodations and meals an allowance of twelve dollars (\$12) per day; and, be it further

Resolved, That the sum of (\$) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses or claims it may incur under this resolution, to be paid, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Referred to Committee on Rules.

RESOLUTIONS

The following resolutions were offered:

By Senators McCormack and Hatfield:

Senate Resolution No. 18

Relating to appointment of a Senate Fact-Finding Committee on State Highway Construction and Rehabilitation as a part of the Postwar Employment Program

WHEREAS, The Postwar Employment Reserve was created for the purpose of meeting the needs of the State for the construction and rehabilitation of facilities and to provide postwar employment; and

WHEREAS, The construction and rehabilitation of State highways would contribute to the fulfillment of said purposes; and

WHEREAS, The desirability of making transfers of money to the Postwar Employment Reserve to be available for highway purposes is dependent in large part on the adequacy of State highway revenues to meet present and future requirements for State highway construction and rehabilitation; now, therefore, be it

Resolved by the Senate of the State of California, That there be and is hereby created a Senate Committee on Highway Revenues to study and ascertain facts and to determine the sufficiency and adequacy of State highway revenues for State highway construction and rehabilitation; and, be it further

Resolved, That it shall be the duty of said committee, if it finds that present and anticipated revenues are and will be inadequate to finance a sound program of State highway construction and rehabilitation, when following the war present restrictions on construction are removed, to determine the desirability of including the construction and rehabilitation of State highways as a part of the Postwar Employment Program, the amount of money that should be transferred to the Postwar Employment Reserve therefor, and the funds or sources of additional revenue from which such transfers should be made; and be it further

Resolved, That said committee shall consist of five Members of the Senate, appointed by the Rules Committee of the Senate; and be it further

Resolved, That the committee, in exercising its powers and performing the functions vested in it by this resolution, shall have all the powers conferred upon Legislative Committees by the Joint Rules of the Senate and Assembly as adopted at the Fifty-fifth Regular Session of the Legislature and all powers necessary or convenient to accomplish the objects and purposes of this resolution; and be it further

Resolved, That the committee may act during this session or any recess and after final adjournment thereof and shall prepare and submit to this or to the Fifty-sixth Regular Session of the Legislature a report of its findings and recommendations; and be it further

Resolved, That the members of the committee shall serve without compensation but shall be allowed mileage at the rate of five and one-half cents (\$0.05½) per mile each way incurred in connection with their services upon the committee and other actual and necessary expenses for living accommodations and meals, incurred in connection with their services upon the committee, or in lieu of such expenses for accommodations and meals an allowance of ten dollars (\$10) per day; and, be it further

Resolved, That the sum of ----- dollars (\$-----) or so much thereof as may be necessary is hereby made available from the Contingent Funds of the Senate for the expenses or claims it may incur under this resolution, to be paid, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Referred to Committee on Rules.

By Senator Dorsey :

Senate Resolution No. 19

Relating to the creation of a Senate Interim Committee on a State Training School for Boys including within its curriculum military training and discipline, academic subjects, and vocational training, as a part of the Postwar Employment Program

WHEREAS, The Postwar Employment Reserve was created for the purpose of meeting the needs of the State for the construction and rehabilitation of State buildings and facilities and to provide postwar employment; and

WHEREAS, Legislation is pending for the creation of a Property Acquisition Board for the purpose of selecting sites for postwar construction projects; and

WHEREAS, It is desirable that such Postwar Employment Program be directed to the projects which will have a lasting benefit to the State; and

WHEREAS, It has been suggested that such a project would be the establishment of a State training school, or schools, for boys including within its curriculum military training and discipline, academic subjects, and vocational training, on the sites of military establishments that may be abandoned by the Federal Government when the need therefor has passed; and

WHEREAS, The necessity for the acquisition of such sites is dependent upon the usefulness thereof for State purposes including the establishment of such school or schools; and

WHEREAS, These questions can best be determined by a committee created for the purpose of investigating the feasibility of acquiring such sites and the desirability of devoting them to the uses herein mentioned; now, therefore, be it

Resolved by the Senate of the State of California, That there is hereby created a Senate Committee on State Training Schools for Boys consisting of five Members of the Senate appointed by the Rules Committee thereof, to study and ascertain the feasibility of acquiring sites for the establishment of a State training school, or schools, for boys including within its curriculum military training and discipline, academic subjects, and vocational training, and the desirability of establishing such schools; and be it further

Resolved, That the committee, in exercising its powers and performing the functions vested in it by this resolution, shall have all the powers conferred upon Legislative Committees by the Joint Rules of the Senate and Assembly as adopted at the Fifty-fifth Regular Session of the Legislature and all powers necessary or convenient to accomplish the objects and purposes of this resolution; and be it further

Resolved, That the committee may create subcommittees and assign to such subcommittees any matter within the scope of the powers of the committee, and such subcommittees shall with respect to the matters so assigned to them have the same powers as the committee; and be it further

Resolved, That the committee may act during this session or any recess and after final adjournment thereof and shall prepare and submit to this or to the Fifty-sixth Regular Session of the Legislature a report of its findings and recommendations; and be it further

Resolved, That the members of the committee shall serve without compensation but shall be allowed mileage at the rate of five and one-half cents (\$0.05½) per mile each way incurred in connection with their services upon the committee and other actual and necessary expenses for living accommodations and meals, incurred in connection with their services upon the committee, or in lieu of such expenses for accommodations and meals an allowance of ten dollars (\$10) per day; and be it further

Resolved, That the sum of five thousand dollars (\$5,000) or so much thereof as may be necessary is hereby made available from the Contingent Funds of the Senate for the expenses or claims it may incur under this resolution, to be paid, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Referred to Committee on Rules.

BAY AREA SHIPYARDS RODEO,
A. P. CRANER, Manager

HEADQUARTERS DEPARTMENT OF CALIFORNIA

UNITED SPANISH WAR VETERANS

SAN FRANCISCO 2, CALIFORNIA, June 1, 1944

*Presiding Officer, California State Senate
Sacramento, California*

SIR: Enclosed you will please find copies of our Resolution No. 1, as adopted by the Forty-First Annual Encampment of the Department of California, United Spanish War Veterans, held at Santa Cruz, California, May 23 to 25, 1944.

You will note that the resolution endorses and urges necessary items for inclusion in the Postwar Building Program in connection with Veterans' Home of California.

As directed in the resolution, I am respectfully requesting that my letter and the enclosed resolution be read to the Senate when convened in special session to consider the Postwar Building Program.

Respectfully yours,

DANIEL S. HEWITT, Department Commander

Subject: Postwar Building Program—Veterans' Home of California

WHEREAS, The Department Commander and Department Adjutant of the United Spanish War Veterans, together with other leaders of veterans organizations in California met with Governor Earl Warren in Sacramento on November 4, 1943; and

WHEREAS, The Governor expressed himself to be in full accord with the Postwar Building Program as outlined and approved by the State Board of Control; and

WHEREAS, The special session of the State Legislature to be held June 5th will consider the State Postwar Building Program; and

WHEREAS, The Veterans' Home Hospital is already overcrowded and hospital facilities are severely over-taxed to take care of the present load; and

WHEREAS, Veterans of the Second World War are already being admitted into the Veterans' Home of California and indications are that their number will greatly increase even before the end of the war; which will make necessary additional hospital, convalescent and domiciliary beds; now, therefore, be it

Resolved, That the department commander be authorized to immediately send a telegram to the presiding officers of the Senate, the Assembly and the Governor, endorsing and urging the adoption of the Postwar Building Program of the Veterans' Home and that the presiding officers be requested to read this telegram to the Members of the State Legislature; and be it further

Resolved, That a copy of this resolution be sent to the Governor of the State, the Directors of the State Department of Finance and Military and Veterans' Affairs.

Senator Mixer moved that Senate Bill No. 48 be given a rush order for printing.

Motion carried.

INTRODUCTION, FIRST READING, AND REFERENCE OF SENATE BILLS

The following bills were introduced, and read the first time:

Senate Bill No. 52: By Senator Salsman—An act to add Chapter 10 to Division 4 of the Education Code; to add Chapters 4.5, 15.5 and 16.5 to Division 3 of said code; to amend Sections 7302, 7105, 7137, 8702, 9051, 9071, and 9191 of said code; to repeal Article 2 of Chapter 7 of Division 4 of said code and to repeal Sections 6758, 7103, 7136, and 10604 of said code, all relating to the Public School System, declaring the urgency thereof, to take effect immediately.

Referred to Committee on Education.

Senate Bill No. 53: By Senator Dorsey—An act making an appropriation to be expended pursuant to the Property Acquisition Act for the acquisition of real property for a training school for girls, in furtherance of the Postwar Building Program.

Referred to Committee on Finance.

CONSIDERATION OF DAILY FILE

THIRD READING OF SENATE BILLS

Senate Bill No. 50—An act making an appropriation for expenses of members of the Senate pursuant to Section 352 of the Political Code.

Bill read third time.

The roll was called, and the bill passed by the following vote:

AYES—Senators Biggar, Breed, Brown, Burns, Collier, Crittenden, Cunningham, DeLap, Deuel, Donnelly, Fletcher, Hatfield, Jespersen, Judah, Keating, Mayo, Mixer, Parkman, Powers, Quinn, Salsman, Seawell, Shelley, Slater, Sutton, Swan, Swing, Tenney, Tickle, and Ward—30.

NOES—None.

Bill ordered transmitted to the Assembly.

RESOLUTION TO SUSPEND CONSTITUTIONAL PROVISION

The following resolution was offered:

By Senator Seawell:

Resolved, That Assembly Bills Nos. 1 and 11, and Senate Bill No. 2 present a case of urgency, as that term is used in Article IV, Section 15, of the Constitution, and the provision of that section requiring that the bills be read on three several days in each house is hereby dispensed with, and it is ordered that said bills be read the third time, considered engrossed, and placed upon their passage.

Resolution read.

The roll was called, and the resolution adopted by the following vote:

AYES—Senators Biggar, Breed, Brown, Burns, Collier, Crittenden, Cunningham, DeLap, Donnelly, Fletcher, Gordon, Hatfield, Jespersen, Judah, Keating, Luckey, Mayo, McCormack, Mixter, Parkman, Powers, Quinn, Rich, Salsman, Seawell, Shelley, Slater, Sutton, Swan, Swing, Tenney, Tickle, and Ward—33.

NOES—None.

Article IV, Section 15, of the Constitution was declared suspended.

CONSIDERATION OF ASSEMBLY BILL NO. 11

Assembly Bill No. 11—An act to add Section 10301.1 to the Education Code, relating to the Public School System, declaring the urgency thereof, to take effect immediately.

Bill read third time.

Urgency Clause

Urgency clause read, and adopted by the following vote:

AYES—Senators Biggar, Breed, Brown, Burns, Collier, Crittenden, Cunningham, DeLap, Deuel, Dillinger, Donnelly, Fletcher, Gordon, Hatfield, Jespersen, Judah, Keating, Luckey, Mayo, McBride, McCormack, Mixter, Parkman, Powers, Quinn, Rich, Salsman, Seawell, Shelley, Slater, Sutton, Swan, Swing, Tenney, Tickle, and Ward—36.

NOES—None.

The roll was called, and the bill passed by the following vote:

AYES—Senators Biggar, Breed, Brown, Burns, Cunningham, DeLap, Deuel, Dillinger, Donnelly, Dorsey, Fletcher, Gordon, Jespersen, Judah, Keating, Luckey, Mayo, McCormack, Mixter, Parkman, Powers, Salsman, Seawell, Slater, Sutton, Swan, Swing, Tenney, Tickle, and Ward—29.

NOES—None.

Bill ordered transmitted to the Assembly.

Assembly Bill No. 1—An act to amend Section 5014 of the Public Resources Code, relating to the appropriation of moneys in the State Beach Fund.

Bill read third time.

The roll was called, and the bill passed by the following vote:

AYES—Senators Biggar, Breed, Brown, Burns, Crittenden, Cunningham, DeLap, Deuel, Dillinger, Donnelly, Fletcher, Gordon, Hatfield, Jespersen, Judah, Keating, Luckey, Mayo, McCormack, Mixter, Parkman, Powers, Quinn, Rich, Salsman, Seawell, Shelley, Slater, Sutton, Swan, Swing, Tenney, Tickle, and Ward—34.

NOES—None.

Bill ordered transmitted to the Assembly.

Assembly Joint Resolution No. 3—Relative to memorializing Congress to provide adequate support for the maintenance of the San Joaquin Experimental Range by the Forest Service, United States Department of Agriculture.

Resolution read.

The roll was called, and the resolution adopted by the following vote:

AYES—Senators Biggar, Breed, Brown, Burns, Cunningham, DeLap, Deuel, Dillinger, Donnelly, Dorsey, Gordon, Hatfield, Jespersen, Judah, Keating, Luckey, Mayo, McCormack, Mixter, Parkman, Powers, Quinn, Rich, Salsman, Seawell, Slater, Sutton, Swan, Swing, Tenney, Tickle, and Ward—32.

NOES—None.

Resolution ordered transmitted to the Assembly.

THIRD READING OF SENATE BILLS (RESUMED)

Senate Bill No. 2—An act to amend Sections 6512, 6513, 6520, 6641, 6660, 6661, 6697, and 6701, and the title to Article 2 of Chapter 6 of Part 1 of Division 6 of the Health and Safety Code, relating to sanitary districts, and declaring the urgency thereof, to take effect immediately.

Bill read third time.

Urgency Clause

Urgency clause read, and adopted by the following vote:

AYES—Senators Biggar, Breed, Brown, Crittenden, Cunningham, DeLap, Deuel, Dillinger, Donnelly, Dorsey, Fletcher, Gordon, Hatfield, Jespersen, Judah, Keating, Mayo, Mixter, Parkman, Powers, Quinn, Rich, Salsman, Seawell, Slater, Sutton, Swan, Swing, Tenney, and Tickle—30.

NOES—None.

The roll was called, and the bill passed by the following vote:

AYES—Senators Biggar, Breed, Brown, Crittenden, Cunningham, DeLap, Deuel, Dillinger, Donnelly, Dorsey, Fletcher, Gordon, Hatfield, Jespersen, Judah, Keating, Luckey, McCormack, Mixter, Parkman, Powers, Quinn, Rich, Salsman, Seawell, Slater, Sutton, Swan, Swing, Tenney, Tickle, and Ward—32.

NOES—None.

Bill ordered transmitted to the Assembly.

THIRD READING OF ASSEMBLY BILLS (RESUMED)

Assembly Joint Resolution No. 2—Relative to memorializing the Congress of the United States to make a survey of the needs of various schools for adult manual education, before authorizing disposal of equipment or machinery used in the production of war material.

Resolution read.

The roll was called, and the resolution adopted by the following vote:

AYES—Senators Biggar, Brown, Burns, Cunningham, DeLap, Deuel, Donnelly, Dorsey, Gordon, Judah, Keating, Luckey, Mayo, McCormack, Mixter, Parkman, Powers, Salsman, Seawell, Slater, Sutton, Swan, Swing, Tenney, Tickle, and Ward—26.

NOES—None.

Resolution ordered transmitted to the Assembly.

PROGRESS REPORT OF SENATE COMMITTEE ON NEEDLES-COLORADO RIVER PROBLEMS

June 5, 1944

MEMBERS OF THE SENATE: Your committee heretofore appointed to investigate the water situation at Needles and vicinity desire at this time to make the following progress report:

Since filing of the last resolution, the gradual filling in of the river bed of the Colorado River at and in the vicinity of Needles has continued, thereby causing the waters of the river to gradually rise so as to inundate more lands and to constitute a greater menace to the City of Needles and public utility installations in that vicinity. So serious has the situation become that a direct appeal to the Department of the Interior for immediate relief was made by the Governor at the suggestion of your committee. This

appeal found response and the department took immediate action to raise what is known as the Santa Fe Dike along the river bed on the California side.

The moneys then available were inadequate to complete the job and a measure is now pending in Congress for the appropriation of an additional \$300,000 to complete the work. This appropriation has received favorable consideration at the hands of the delegations from the Western States and it is believed will receive Presidential approval when passed. We have the assurance from Commissioner Bashore that as rapidly as priority releases may be had the work will progress as speedily as possible.

It is not necessary for your committee to further emphasize the seriousness of the situation, nor do we at this time wish to determine the responsible agency or the direct cause of the condition which is now confronting the City of Needles, the public utility agencies and threatening the railway installations in that vicinity. Your committee is of the opinion that the responsibility for determining the cause of the condition complained of is reposed in the Federal Government and the Federal agency in charge of the development, regulation, and control of the Colorado River.

Your committee, however, wish to emphasize that even though the situation at Needles is a serious one and no doubt the natural result of the river development by the Federal Government, these conditions can be rectified and fortified against without jeopardizing further and full development and control of the Colorado River in the interest of Western States dependent thereon for water and power, and your committee wish to be understood that it approves continued development of this great natural resource in the interest of and for the benefit of the Western States and the people thereof, so that the water and power made available by such development and regulation may be reserved and allocated to uses within the United States of America.

The committee, however, is firmly of the opinion that the Federal Government should, as part of such development, provide against damaging private and public property, and take immediate action to prevent any such damage when and as any threatened injury appears to be the result of such development.

The work of the Federal Government hereinbefore referred to will, we believe, solve for the time being at least the dangerous condition now existing along the Colorado River at and in the vicinity of Needles. There are other important phases of the problem referred to this committee which will require further study.

So far, the committee is not able to make any satisfactory report concerning the location of the boundary line between the State of California and the State of Arizona and there is considerable valuable data which should be assembled and perpetuated for further use and reference when the location of the boundary line is finally determined. It is the intention of the committee to continue with this work with the hope that we will be able to prepare a report which will be of value when the line location is finally attempted.

One of the questions which should be given immediate consideration is that involving the damage to property both public and private along the California side of the river since the construction of Boulder and Parker Dams. This will require a more detailed study than this committee wishes to undertake; but a comprehensive survey of the lands in California along the river bed subject to overflow and damage by the raising of the waters in the river, between Boulder and Parker Dams, will be necessary to enable this committee to make a full report. Such a comprehensive survey will also be valuable for tax purposes for the various counties involved, and for the State in determining fishing and hunting rights.

The executive officer of the Division of State Lands has indicated a willingness for his department to make such a comprehensive survey, should his department be requested so to do. We are, therefore, asking at this time a broadening of the terms of the resolution, under which this committee is appointed, sufficiently so that this department will make the survey and will cooperate with your committee in determining the extent, nature, and character of the lands which will or may be involved when the question of definitely establishing the boundary line is reached. We hope that this information will be available so that we may file it as an official document for future reference.

We do not believe that any additional substantial sum will be necessary to enable the committee to carry on its work up to and until the convening of the next session of the Legislature, and are therefore making no request for additional funds other than an amount sufficient to keep the resolution within the call of the special session.

Attached hereto and made a part of this report is a further report of the committee engineer, Mr. W. P. Rowe, containing valuable information which should be printed as an appendix to and as a part of this report.

Respectfully submitted,

ED FLETCHER

*To the Senate Committee on the
Colorado River Problems at Needles,
Capitol Building, Sacramento, California*

GENTLEMEN: It has been stated frequently that the Mojave Valley above Topock has been slowly aggrading since the first observations of water level were made on the Colorado River at Topock in 1881. The rate of aggradation is given as 0.3 feet per year. This statement has been used to demonstrate that the menace to the City of Needles and vicinity from an aggrading stream bed is of long duration. I have recently examined all available data in the files of the Atchison, Topeka and Santa Fe Railway and find that this statement can not be substantiated prior to 1902-1903, except at Topock. The flood flows which spread over the broad Mojave Valley are confined at Topock to a narrow canyon section. Gage height changes at Topock will be three times as great as at Needles for a flood of 100,000 second feet. A flood some few years prior to 1881 had the greatest gage height of record at Topock. This flood is estimated to have exceeded 400,000 second feet. Such a flood followed by a dry period could have resulted in scouring the channel through the canyon section to an extent that required several years to restore the grade to normal.

Lieutenant Ives made a trip up the Colorado River in a shallow bottomed steamboat in 1857-1858. An account of his trip was published by the United States Government. Lieutenant Ives steamed through the Mojave Valley in February when the river flow is normally low and stated that he encountered a gravel bar just above Topock, another about eight miles farther upstream, and a third about 30 miles above Topock. These were gravel bars. About 24 miles above Topock he encountered the only sand bar in the Mojave Valley. If the rate of aggradation was at a rate of 0.3 feet per year, Lieutenant Ives would have encountered banks 25 feet high at his camp near Needles which would have been worthy of mention. On the contrary, he mentioned that the Mojave Valley might be overflowed during any season. Carrying this aggradation rate still farther back would make Needles a seaport in 370 A.D.

In 1880-1881 the Atlantic and Pacific Railroad, surveying from the east and the Southern Pacific surveying from the west, studied three possible crossings of the river. The "Upper Crossing" was first used and was 4.2 miles below the old Needles Gage and 9.1 miles above Topock as measured along the river at that time. A second crossing called the "Middle Crossing" was 3.4 miles above Topock or Red Rock Crossing. This crossing was never used. The third crossing studied at that time was at Topock and was used after the Upper Crossing was abandoned in 1889 because of river changes. The following table shows water elevations at these three crossings at various comparable dates. The stage of the river in 1880 and 1881 is not known but was considered as "low." In 1902-1903 the stage was 10,000 second feet and the 1927 elevations were taken in February when the river is usually at a low stage. The 1942 observations were made during a 13,700 second foot stage at Topock and are taken from Exh. No. 28 as prepared by Mr. L. J. Foster of the U. S. Bureau of Reclamation for the Special California Legislative Investigation Committee.

TABULATION SHOWING COMPARISON OF WATER ELEVATIONS OF
COLORADO RIVER ABOVE TOPOCK

Year	Elevation at Upper Crossing	River Miles	Elevation at Middle Crossing	River Miles	Elevation at Topock Crossing
1880-1881	448.1	5.7	436.1	3.4	425.7
1902-1903	448.8	5.9	438.3	3.6	431.2
1927	457.5	5.7	445.7	3.8	437.3
1942	463.0	6.2	541.2	3.4	444.5

The elevation for 1880 and 1881 are from A. T. & S. Fe Railway levels corrected for the elevation given at Topock in 1939 by the U. S. C. & G. S. The elevations for 1902-1903 were taken from the survey maps of that period as computed for a 10,000 second foot stage and no correction has been made for later adjustments in the level network. The 1927 elevations are from a survey made by the City of Los Angeles and the datum is assumed to be U. S. C. & G. S. The elevations for 1942 are taken from profile surveys made by the United States Bureau of Reclamation using the U. S. C. & G. S. 1929 adjustment.

It will be noted from this table that at a point 9.1 miles above Topock and 4.2 miles below Needles, there was practically no change in river elevations between 1880-1881 and 1902-1903. At a point nearer Topock, however, there was an increase in elevation of 2.2 feet between these years while at Topock the increase was 5.5 feet during the same period of 21 years. A comparison of the river distances would indicate that the Colorado River has not made as violent changes through this section of the Mojave Valley as it has above the Upper Crossing near Needles. The convergence of the confining wall probably accounts for this.

There are daily gage heights available since 1878 at Yuma at the head of the Colorado River Delta. The average gage heights for November, which is the most stable month for this gage, show changes from year to year. Between 1880-1881 and

1903 the raise was three or four feet. The elevation of river surface was then stable until 1908. When Laguna Dam was completed above the gage in 1908, the river surface dropped almost four feet the following year due to scour from flows partially desilted by aggradation above the dam. This scour was not restored until about 1925 and the river surface then remained practically stable until the exceptionally dry years after 1932 and manipulations of flow at Boulder Dam in 1936 upset the regimen. During the 58 year period of record from 1878 to 1932 the river elevation during November shows a net raise of 3.2 feet. There are several instances when the river elevation has changed as much as 2.0 feet either way in one year but these changes were gradually absorbed in subsequent years.

We do not have any present knowledge of river surface elevations at Needles prior to 1902-1903 but know that the distance between Needles and the Upper Crossing in 1881 was only 4.2 miles and while it was 6.3 miles in 1902-1903. Such a change would cause unstable conditions in water levels. Between 1881 and 1910 the river worked toward Needles and this encroachment was the cause of most concern during this period. The Railway had a spur track to the boat landing near Needles in 1883 but no elevation can be found. The river terminus was changed from time to time as the river encroached but no mention is made of its being covered with silt. If any aggradation occurred it was apparently confined to the river channel. Between 1910 and 1940 the problem at Needles was the prevention of further encroachment by the river coupled with an aggradation above Laguna Dam. Since 1940 the problem has been the prevention of overflow of the rock reveted dike now being raised by the United States Bureau of Reclamation.

CONCLUSIONS

As shown by the Table of Water Elevations there was no substantial change in river elevation in the main Mojave Valley between 1880-1881 and 1902-1903 although there were many channel changes. The data for changes at Needles between 1902-1903 and 1931 are fragmentary but at Topock there are available data from which a fairly accurate picture of river changes for a 10,000 second foot stage can be determined.

The bed of the Colorado River at Topock is easily eroded, and while the section is restricted by the canyon walls, changes of 1 foot for a stage of 10,000 second feet can occur. The apparent raise of water elevation at Topock between 1902-1903 and 1909 was 0.7 feet. Laguna dam was completed in 1909. The river elevation at Topock raised from 431.9 feet in 1909 to 434.4 feet in 1913. Between 1913 and 1938, when Lake Havasu was first filled, the raise was 7.0 feet. After 1938 the gage at Topock was affected by backwater.

Although the records between 1902-1903 and 1931 are fragmentary at Needles, we have data which show the aggradation in the river channel was very rapid between 1908 and 1913, amounting to 3 feet. Between 1913 and 1931, the aggradation was 6.0 feet. Between 1931 and 1941, the raise of water elevation was less than 1 foot. The last nine years of this period were ones of low stream flow due to dry years and restricted release from Lake Mead.

From August 10, 1941, with a stage of about 25,000 second feet, to October 1, 1943, with a stage of about 20,000 second feet, the river surface at Needles rose 1.0 foot. Between October 1, 1943, and May 1, 1944, the flow was approximately 23,000 second feet and the river water surface at Needles rose 1.8 feet in the 7 month period. The freeboard on the levee at Needles on May 1, 1944, was less than 1.0 feet in many places. The highwater condition at Needles is the result of man-made interferences with the natural flow of the Colorado River.

Very truly yours,

W. P. ROWE

MOTION

Senator Swing moved that 100 copies of the Progress Report of Senate Committee on Needles-Colorado River Problems be printed for distribution to various officials and Governmental agencies.

Motion carried.

COMMUNICATIONS

The following communication was received, read, and, on motion of Senator Swing, ordered printed in the Journal:

UNITED STATES DEPARTMENT OF THE INTERIOR

BUREAU OF RECLAMATION, Washington 25, D. C., June 5, 1944

*Mr. Joseph A. Beek, Secretary of the Senate, California State Legislature
Sacramento, California*

DEAR MR. BEEK: Reference is made to my letter of May 6, 1944, relative to unfavorable action taken by the War Production Board on the protective works along the Colorado River at Needles, California.

The Facilities Committee of the War Production Board reconsidered this project in the light of additional developments, and on May 26, 1944, advised me by copy of a letter from its chairman, Mr. John B. McTigue, to Mr. A. G. Eaton, Director, Government Division, of the board, that this project is approved. The work authorized under this approval includes adding 4 feet to the height of the existing Santa Fe Levee, extending this levee a distance of about 3,500 feet below the lower end of the existing levee, excavating a drainage ditch to intercept the subsurface seepage, constructing a pumping plant to lift the water developed by this drainage system over the levee into the river, and building such bridges over the drainage system as are necessary and consistent with the approved application.

An item of \$300,000 for the Needles work was carried in the Interior Department Appropriation Bill for 1945 as it passed the Senate. The measure is now in conference, and I am hopeful this hurdle will be cleared shortly. In the meantime, the protection at Needles is being accelerated all possible.

Very truly yours,

H. W. BASHORE, Commissioner

REQUEST FOR UNANIMOUS CONSENT

Senator Burns asked for, and was granted, unanimous consent to have an editorial appearing in the San Francisco Examiner of June 9, 1944, printed in the Journal.

Russia Learns Truth About America

At last we have a courageous American who dares to tell the Russians face to face what President Roosevelt and Prime Minister Churchill have failed to say.

That man is Eric Johnston, the youthful president of the United States Chamber of Commerce.

He has told the Moscow Reds, as their guest, that the American people and the Russian people are NOT ALLIES ECONOMICALLY OR IN THEIR WAYS OF LIFE.

MR. JOHNSTON'S SPEECH IS ONE OF THE MOST EXTRAORDINARY, AND CERTAINLY ONE OF THE MOST CLARIFYING, MADE DURING THIS WAR.

Expressing his admiration for the heroic deeds of the Russian armies in driving the Germans out of Russia, he then goes straight to the irreconcilable differences of the American way and the Russian way in these telling sentences:

"In economic ideology and practice my country is different from yours. You are state-minded and collective-minded. We are most private-minded and most individual-minded, and gentlemen, make no mistake—we are determined to remain so and even become more so."

Before we can cooperate in the postwar period, Mr. Johnston says, there is "one point that must be totally clear between us," and that is that no American union or major political party favors "the primary socialistic principle of 'common ownership and operation of the means of production and distribution.'"

He pointed out to the open-mouthed Soviet "trade leaders" whom he addressed that the "American Communists have been completely wasting their time."

No American laboring man, Mr. Johnston told his audience, considers himself a "proletarian."

OUR WORKERS BELONG TO THE "MIDDLE CLASSES," AND ARE PROUD OF IT.

It is this "middle class," under the contemptuous epithet of the "bourgeoisie," that the Communists of Russia have sworn to exterminate.

Our American Communists, said Mr. Johnston, have not yet "caught on" to the fact that there are no "proletarians" in America.

How, then, can you make a PROLETARIAN REVOLUTION, Mr. Johnston asked his hosts, among workers who do not even know that they are PROLETARIANS?

And then Mr. Johnston made his boldest statement before these enemies of our political and economic system when he said:

*"If you (meaning the Russian Reds) take pepper, they sneeze.
"If you have indigestion, they belch."*

In a word, he told the Russians, from the head blouse in the Kremlin down to the most humble worker, that the American Communist Party, no matter how often it changed its name, was directed from Moscow and was, therefore, NOT AMERICAN in any sense.

Let us admit this gulf between the two peoples.

Let Russia stay on her own premises and indulge in any experiments she sees fit AND THE U.S.A. WILL, IN TURN, STAY ON HER OWN PREMISES AND PURSUE HER OWN FREE ENTERPRISE WAY

Having this understanding, we can still do business on a bridge over the gulf that divides us.

BUT HANDS OFF! OF OUR INSTITUTIONS.

Eric Johnston has blown to shreds all the rhetorical bowing, scraping and boot licking of the Joe Davieses and the Wendell Willkies.

He has spoken the TRUTH TO RUSSIA on her home ground.

FOR THAT HE DESERVES THE THANKS OF THE MUCH-DECEIVED AMERICAN PEOPLE.

MOTION TO TAKE BILL FROM THE INACTIVE FILE

Senator Seawell moved that Senate Bill No. 1 be taken from the inactive file, and placed on the second reading file.

Motion carried.

SECOND READING OF SENATE BILLS (RESUMED)

Senate Bill No. 1—An act making an appropriation for the contingent expenses of the Senate for the Fifty-fifth (Fourth Extraordinary) Session of the Legislature, including expenses of committees created at such session, and declaring that this act shall take effect immediately.

Bill read second time.

Motion to Amend

Senator Seawell moved the adoption of the following amendment:

Amendment No. 1

In line 1 of the printed bill, strike out "forty thousand dollars (\$40,000)", and insert "fifty thousand dollars (\$50,000)".

Amendment read and adopted.

Bill ordered printed, engrossed, and to third reading.

RESOLUTIONS

The following resolutions were offered:

By Senator Seawell:

Senate Resolution No. 20

Relating to augmenting the funds of the Interim Committee to Investigate the Department of Motor Vehicles

Resolved, That in addition to any money heretofore made available, the sum of two thousand five hundred dollars (\$2,500), or so much thereof as may be necessary, is hereby made available from the Contingent Fund of the Senate for the expenses of the Interim Committee to Investigate the Department of Motor Vehicles (created by Senate Resolution No. 150, adopted May 5, 1943) and its members, and for any charges, expenses or claims it may incur under the resolution, to be paid and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Referred to Committee on Rules.

By Senator Swing:

Senate Resolution No. 21

Amending Senate Resolution No. 138 adopted May 5, 1943

WHEREAS, Pursuant to Resolution No. 138, adopted on the fifth day of May, 1943, relative to the study of the water situation at Needles and vicinity, by making a further appropriation to such committee and authorizing the Division of Lands of the State of California to make a comprehensive survey of the lands along the Colorado River bed subject to overflow and damage between Parker Dam and Boulder Dam; and

WHEREAS, Pursuant to Resolution No. 138 of the Senate of the State of California, a special committee of three members was appointed for the purposes set forth in said resolution; and

WHEREAS, Said committee has performed a large part of the duties assigned it; and WHEREAS, Further study and investigations are necessary to enable such committee to complete its work; now, therefore, be it

Resolved by the Senate of the State of California, That in addition to the other powers, duties imposed upon such committee by the Senate resolution, the said committee shall make a comprehensive survey and study of the various lands that are subject to overflow and damage caused by the rising of the water level in the river due to the construction and operation of Boulder and Parker Dams; and be it further

Resolved, That the Division of Lands of the State of California and officers thereof be, and they are hereby requested, to make a comprehensive survey of the lands in California along the Colorado River between Parker Dam and Boulder Dam that are or may be overflowed, injured or damaged by raise in the water of the Colorado River since the construction and operation of Boulder and Parker Dams; and likewise investigate and assemble all available data relative to the location of the boundary line between the State of California and the State of Arizona; and that said division and its said officers cooperate and act for and with the said Senate Committee at such time and in such manner as such committee may request, and report the result of its investigation and findings to such committee so that the same may be reported by said committee to the Senate, and preserved for use in determining and establishing the said boundary. And said committee is authorized to spend the funds that are now or may hereafter be allocated to it for the purposes of investigating and assembling such data; and be it further

Resolved, That the further sum of one hundred dollars (\$100) or so much thereof as may be necessary, together with the sums heretofore allocated to said committee, is hereby made available from the Contingent Funds of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the Contingent Funds of the Senate and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer; provided, however, that no member of said committee shall be entitled to receive expenses or mileage during the sessions of the Legislature.

Referred to Committee on Rules.

INTRODUCTION, FIRST READING, AND REFERENCE OF SENATE BILLS (RESUMED)

The following bills were introduced, and read the first time:

Amendment No. 4

On page 1, line 4, of said bill, strike out "by the Director of Finance", and insert "under the provisions of the Property Acquisition Act".

Amendment No. 5

On page 1, lines 6 and 7, of said bill, strike out "the construction of a school to be known as the California State Military School", and insert "a State Training School for Boys".

Amendment No. 6

On page 1, line 8, of said bill, strike out "to which school shall be admitted boys of eight to"; and strike out lines 9 and 10, and insert "in furtherance of the Postwar Building Program."

Amendment No. 7

On page 1 of said bill, strike out lines 11 to 23, inclusive; and on page 2, strike out lines 1 to 7, inclusive, and insert

"SEC. 2. Juvenile delinquency has long been a perplexing problem confronting the State, and has become increasingly so as the number of delinquents grows larger due to conditions partly arising out of the war. It is essential to the welfare of the State that these young people be helped to become good citizens, by providing a proper environment in which to develop good character. Attendance at a State training school, including within its curriculum military training and discipline, academic subjects and vocational training, rather than at a penal institution, will give them the necessary discipline and training, without any stigma.

In order that this may be accomplished at the earliest possible date it is necessary that funds be appropriated by this act."

Amendments read and adopted.

Bill ordered printed, and re-referred to Committee on Finance.

INTRODUCTION, FIRST READING, AND REFERENCE OF SENATE BILLS

The following resolution was offered:

Senate Concurrent Resolution No. 10: By Senators Dillinger, Collier, and DeLap—Relative to augmenting the appropriation for the Joint Committee on the Tax Structure of the State.

Referred to Committee on Rules.

RESOLUTIONS

The following resolution was offered:

By Senator Dorsey:

Senate Resolution No. 22

Relating to the creation of a Senate Interim Committee on a State Training School for Boys including within its curriculum military training and discipline, academic subjects, and vocational training, and suitable training schools for girls, as a part of the Postwar Employment Program.

WHEREAS, The Postwar Employment Reserve was created for the purpose of meeting the needs of the State for the construction and rehabilitation of State buildings and facilities and to provide postwar employment; and

WHEREAS, Legislation is pending for the creation of a Property Acquisition Board for the purpose of selecting sites for postwar construction projects; and

WHEREAS, It is desirable that such Postwar Employment Program be directed to projects which will have a lasting benefit to the State; and

WHEREAS, It has been suggested that such a project would be the establishment of a State training school, or schools, for boys, including within its curriculum military training and discipline, academic subjects, and vocational training, and suitable training schools for girls, on the sites of military establishments that may be abandoned by the Federal Government when the need therefor has passed; and

WHEREAS, The necessity for the acquisition of such sites is dependent upon the usefulness thereof for State purposes including the establishment of such school or schools; and

WHEREAS, These questions can best be determined by a committee created for the purpose of investigating the feasibility of acquiring such sites and the desirability of devoting them to the uses herein mentioned; now, therefore, be it

Resolved, by the Senate of the State of California, That there is hereby created a Senate Committee on State Training Schools for Boys and for Girls consisting of five Members of the Senate appointed by the Rules Committee thereof, to study and ascertain the feasibility of acquiring sites for the establishment of a State training school, or schools, for boys, including within its curriculum military training and discipline, academic subjects, and vocational training, and suitable training schools for girls, and the desirability of establishing such schools; and, be it further

Resolved, That the committee, in exercising its powers and performing the functions vested in it by this resolution, shall have all the powers conferred upon Legislative Committees by the Joint Rules of the Senate and Assembly as adopted at the

Fifty-fifth Regular Session of the Legislature and all powers necessary or convenient to accomplish the objects and purposes of this resolution; and, be it further

Resolved, That the committee may create subcommittees and assign to such subcommittees any matter within the scope of the powers of the committee, and such subcommittees shall with respect to the matters so assigned to them have the same powers as the committee; and, be it further

Resolved, That the committee may act during this session or any recess and after final adjournment thereof and shall prepare and submit to this or to the Fifty-sixth Regular Session of the Legislature a report of its findings and recommendations; and, be it further

Resolved, That the members of the committee shall serve without compensation but shall be allowed mileage at the rate of five and one-half cents (\$0.054) per mile each way incurred in connection with their services upon the committee and other actual and necessary expenses for living accommodations and meals, incurred in connection with their services upon the committee, or in lieu of such expenses for accommodations and meals an allowance of ten dollars (\$10) per day; and, be it further

Resolved, That the sum of ten thousand dollars (\$10,000), or so much thereof as may be necessary, is hereby made available from the Contingent Funds of the Senate for the expenses or claims it may incur under this resolution, to be paid, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Referred to Committee on Water Resources.

RESOLUTIONS

The following resolutions were offered:

By Senator Gordon:

Senate Resolution No. 23

Relative to a water supply for the State institutions in Napa Valley and the Veterans' Home

WHEREAS, The Legislature, under the provisions of Section 760, Statutes of 1937; Chapter 678, Statutes of 1939; Chapter 4 of the Second Extraordinary Session of 1940; and Chapter 1208, Statutes of 1941, appropriated in excess of \$1,000,000, which money is still available, and authorized the State Department of Finance to determine the best method of impounding the water of Rector Canyon in Napa County and to construct a dam, appurtenant works, and distribution facilities in connection therewith to serve State institutions of Napa County and the Veterans' Home; and

WHEREAS, The City of Napa in May of 1944 approved an issue of \$800,000 of bonded indebtedness against said city with which to construct a dam in Conn Valley for the purpose of impounding the waters of Conn Creek in said valley; and

WHEREAS, Said City of Napa will have available surplus water after said dam in Conn Valley has been constructed far in excess of the amount which it now appears it will ever require for its own use, such surplus water being considerably in excess of that which could be impounded by the State in constructing the proposed dam in Rector Canyon; and

WHEREAS, To the present date construction of the dam in Rector Canyon has not been commenced by the State; and

WHEREAS, The City of Napa is willing to sell its surplus water to the State of California for use of State institutions in Napa Valley and to the Veterans' Home; now, therefore, be it

Resolved by the Senate, That the Director of Finance, in lieu of the State undertaking the construction of its own dam in Rector Canyon and impounding the waters of Rector Creek, investigate the feasibility of purchasing or otherwise procuring the surplus water which will become available when the City of Napa has constructed its dam in Conn Valley; and be it further

Resolved, Should the Director of Finance find that it would be more economical for the State to purchase the surplus water from the City of Napa temporarily than to construct its own dam in Rector Canyon, that he report such facts, together with the supporting data, to the next regular session of the Legislature; and be it further

Resolved, Should the Director of Finance determine that it would be more economical for the State to purchase water temporarily instead of constructing the aforesaid dam, that he delay his authorization to begin the construction of a State-owned dam until the Legislature has given consideration to, and acted upon, his report; and be it further

Resolved, That the Secretary of the Senate shall transmit a copy of this resolution to the Director of the State Department of Finance.

Referred to Committee on Military and Veterans Affairs.

By Senator Burns:

Senate Resolution No. 24

WHEREAS, There has recently been published a complete and comprehensive index to the Constitution, the codes and the General Laws of the State of California and the rules of the several courts of the State of California inclusive of all legislative enactments of the 1943 Legislative Session; and

WHEREAS, Publishers of said publication have quoted the Senate a price substantially below the regular retail price of said publication; and

WHEREAS, The increased convenience which will accrue to the Members of the Senate by virtue of possession of this comprehensive index will greatly facilitate and expedite the transaction of legislative business; now, therefore, be it

Resolved, That the Secretary of the Senate be and he is hereby instructed to order for the Senate and for the members thereof thirty-six (36) copies of Larmac Constitution and Laws of California (1943); and be it further

Resolved, That the Controller be directed to draw his warrant on the Contingent Fund of the Senate in the sum of four hundred sixty-one dollars and twenty-five cents (\$461.25) in favor of the Secretary of the Senate, and the Treasurer is hereby directed to pay the same to pay for said publication.

Referred to Committee on Rules.

Amendment No. 1

On page 3, line 14, of the printed bill, as amended, after "projects", insert ", and for the county share of such cost as defined in Section 25,".

Amendment No. 2

On page 6, line 20, of said bill, after the comma, insert "and for the county share of such cost as defined in Section 25,".

Amendment No. 3

On page 9, line 23, of said bill, after "hereby", insert "allocated to each county for its use, excluding the cities therein, an amount, defined as the "county share," which is ten thousand dollars (\$10,000), pursuant to Section 7, and six thousand dollars (\$6,000), pursuant to Section 16, to be used as provided in Section 25.3. Out of the balance allocated under these respective sections, there is",

Amendment No. 4

On page 9, line 26, of said bill, strike out "five thousand dollars (\$5,000)", and insert "ten thousand dollars (\$10,000)".

Amendment No. 5

On page 9, line 27, of said bill, strike out "three thousand dollars (\$3,000)", and insert "six thousand dollars (\$6,000)".

Amendment No. 6

On page 9, of said bill, strike out lines 33 to 37, and insert "the population of the county or city and county reported by the United States Census of 1940 to the total population of the State reported by the United States Census of 1940."

Amendment No. 7

On page 9, line 37, of said bill, following the period (or immediately following Amendment No. 6, above, if adopted), insert "If the county area amount available for allocation to any county area or city and county under this paragraph, together with the minimum amount and the county share allocated to such county area, exceeds 25 per cent of the amount available for allocation under Section 7 and under Section 16, then the county area amount is reduced by the amount of such excess over 25 per cent and such excess shall be distributed among the remaining counties or city and county under this paragraph, excluding from the population of the State according to the United States Census of 1940 the population of the county or city and county which had the excess allocated to it. If this reallocation results in any other county area or city and county being allocated more than 25 per cent of the total available for allocation under Section 7 and under Section 16, then the county area amount is reduced by the amount of such excess and such excess shall be distributed among the remaining counties and city and county as prescribed in the preceding sentence and this procedure shall be continued so that no county area has allocated to it in excess of 25 per cent of the amount available for allocation throughout the State."

Amendment No. 8

On page 10, line 2, of said bill, after "section", insert ", plus the county share".

Amendment No. 9

On page 10, of said bill, between lines 22 and 23, insert "Sec. 25.3. In any application or request for aid from the State in the preparation of plans or acquisition of rights of way or sites under this act, a county may specify that it elects to pay all or part of the cost of the plan or acquisition out of its county share, as defined in Section 25. In such event, any allotments made under Sections 8 or 18 shall be first taken from such county share. To such extent, it is not necessary that any money be expended by or in behalf of the county to match the money allotted by the State from the county share, and any provision of this act restricting the amount to be paid by the State to one-half or less of the cost of a plan or an acquisition shall apply only to that portion of the cost in excess of the amount allotted from the county share."

Amendments read.

RESOLUTIONS

The following resolution was offered:

By Senator Collier:

Senate Resolution No. 26

Relative to the teaching of driver education in the secondary schools

WHEREAS, The Military Training Division of the Office of the Quartermaster General has prepared pre-induction courses in driver education designed to train young men and women about to enter the armed services in operation and maintenance of military vehicles and to relieve the growing shortage of trained civilian drivers engaged in essential war industries and has called on school administrators and teachers throughout the Nation to establish the courses in secondary schools; and

WHEREAS, Reduction of the ever mounting toll of traffic accidents makes it highly desirable that every boy and girl approaching legal driving age be given driver education in order to acquire the basic understandings, judgments and attitudes so necessary for the safe and competent driver; and

WHEREAS, The Departments of Motor Vehicles and Education, the California State Automobile Association, The Automobile Club of Southern California, the California Congress of Parents and Teachers and the American Legion, California Department, are jointly sponsoring a state-wide movement to inaugurate driver education classes in all secondary schools for the 1944-45 school year; now, therefore, be it

Resolved by the Senate of the State of California, That we approve the principle of driver education and favor the inauguration of such classes in the secondary schools for the immediate purpose of providing the necessary pre-induction training in the operation and maintenance of military vehicles for prospective inductees and for the further purpose of reducing traffic accidents in the postwar period by teaching high school students approaching legal driving age the fundamentals of safe driving; and be it further

Resolved, That a copy of this resolution be forwarded to the Director of the Department of Motor Vehicles, the Superintendent of Public Instruction, the president of the California Association of the School Trustees, the president of the Association of Secondary School Principals, the president of the California Teachers Association, the president of the California Congress of Parents and Teachers, the commander of the California Department of the American Legion, the general managers of the California State Automobile Association and Automobile Club of Southern California and the president of the California Congress of Parents and Teachers.

Resolution read and adopted.

COMMUNICATIONS

The following communication was received, read, and, on motion of Senator Hatfield, ordered printed in the Journal:

OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO 2, CALIFORNIA, June 12, 1944

*Honorable George J. Hatfield**Senate Chambers, State Capitol, Sacramento, California*

SENATE BILL NO. 48

DEAR SENATOR HATFIELD: This bill provides for the allocation of State money to counties and cities for the preparation of plans and the acquisition of sites for projects designed to stimulate postwar employment.

As amended June 9, the money allocated by the State was required to be matched by money provided by or on behalf of the recipient local agency. You have inquired whether an amendment which would eliminate the necessity of "matching" as to a certain portion of the amounts to be allocated to counties would remove the bill from the scope of Item 9 of the Proclamation. In our opinion it would not. This item reads as follows:

"To consider and act upon legislation to appropriate money for allocation to cities, counties, and cities and counties on a matching basis to develop a Postwar Public Works Program."

The subject of Item 9 appears to be the development of a postwar public works program and the providing of State money to assist that development. The words "on a matching basis" can at most be suggestive. We do not believe that they denote an intent to bind the Legislature in the details of the measure to be enacted, nor if such be the intent that the Legislature could be so bound.

Very truly yours,

FRED B. WOOD, Legislative Counsel
By SIDNEY L. WEINSTOCK, Deputy

Copies to: Senators DeLap, Mayo and Swing.

RESOLUTION TO SUSPEND CONSTITUTIONAL PROVISION

The following resolution was offered:

By Senator Seawell:

Resolved, That Senate Bills Nos. 56 and 57, and Assembly Bills Nos. 6, 15, and 42 present a case of urgency, as that term is used in Article IV, Section 15, of the Constitution, and the provision of that section requiring that the bills be read on three several days in each house is hereby dispensed with, and it is ordered that said bills be read the second and third times, considered engrossed, and placed upon their passage.

Resolution read.

The roll was called.

Call of the Senate

Pending the announcement of the vote, Senator Seawell moved a call of the Senate.

Motion carried. Time, 4.15 p.m.

The President directed the Sergeant-at-Arms to close the doors, and to bring in the absent members.

**FURTHER PROCEEDINGS UNDER CALL OF THE SENATE
DISPENSED WITH**

At 4.20 p.m., on motion of Senator Seawell, further proceedings under the call of the Senate were dispensed with.

The names of the absentees were called, and the resolution adopted by the following vote:

RESOLUTIONS

The following resolutions were offered:

By Senators Shelley, Tenney, Judah, Hatfield, Powers, Gordon, Salmon, and Biggar:

Senate Resolution No. 27

Relating to continued deferment of boners in the meat packing industry

WHEREAS, This Country now has the largest live stock population in its history; and
WHEREAS, In view of the military and economic situation of the world there exists the greatest need in this Country's history for supplying meat both to the armed forces and to the civilian population; and

WHEREAS, It would be impossible to furnish this meat supply to the armed forces and to the civilian population if certain skilled workers are not available; and

WHEREAS, Among the most needed of these skilled workers are the men, known as "boners," who debone the carcasses; and

WHEREAS, It takes three years to train a boner so that he can perform his task with the speed required; now, therefore, be it

Resolved, by the Senate of the State of California, That the President and Congress of the United States be memorialized to use their good offices with the proper authorities to continue deferments from military service of boners in the meat packing industry; and, be it further

Resolved, That the Secretary of the Senate be hereby directed to forward copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives and to each Senator and to each Member of the House of Representatives from California in the Congress of the United States.

Referred to Committee on Rules.

By Senators Mayo, Collier, McCormack, Dorsey, Parkman, Tenney, Burns, Donnelly, Brown, Swing, Luckey, Quinn, Powers, McBride, Seawell, and Dillinger:

Senate Resolution No. 28

Relative to the market and price paid for newly produced gold

WHEREAS, It has become reasonably apparent to the Senate of the State of California that even if current legal restrictions governing the gold mines of California were removed by the President of the United States through executive order, it would be impracticable for most if not all of these gold mines to resume operations because, on the one hand, they are compelled by existing laws and regulations to sell their gold bullion product to the United States Mint at a fixed price of \$35 per ounce, and on the other hand, would be required to pay costs for labor and materials required in operation which in the aggregate would exceed the return for their bullion; and

WHEREAS, The current price of gold bullion was fixed by executive order of the President dated January 31, 1934, under the provisions of an act of Congress empowering the President to reduce the standard weight and fineness of the gold dollar by not to exceed 50 per cent, and under the terms of said act of Congress, as subsequently extended in time limitation, the President has to date exercised said authority only to the extent of fixing said gold dollar weight at 15.5 21 grains, whereas 50 per cent of its former weight would be 12.9 grains, equal to a maximum value of \$41.34 per ounce for gold of nine-tenths fineness; and

WHEREAS, It is currently reported that the free market price for gold in India, North Africa, and Asia Minor has fluctuated between \$40 and \$70 per ounce, and that mines in British Dominions are enjoying that price for their product; and

WHEREAS, A majority of the Members of the Senate of the State of California believes that restoration of the ability of American gold mines to produce gold at the earliest moment consistent with war manpower demands, is essential to the preservation of the local economies of the districts in which they are located (including 19 counties of California), to postwar employment opportunities for miners and prospectors, to the maintenance of an adequate National currency backing of gold, and to the stabilization of international money exchanges on a basis that will permit of the free resumption of international trade after the war; now, therefore, be it

Resolved by the Senate of the State of California, That the President be memorialized to exercise his authority to reduce the gold content of the United States gold dollar to 12.9 grains of nine-tenths fineness, and thereby to increase the mint price for newly mined gold bullion to \$41.34 per ounce; and be it further

Resolved, That the President and through him, the Secretary of State of the United States be memorialized to take such steps and enter into such negotiations as will make free markets for gold in foreign countries available to American gold producers, and will remove current legal restrictions on the export of newly mined gold to such markets by American producers; and be it further

Resolved, That the President and Congress be memorialized to lift the current legal restrictions on the production of gold in this Country at the earliest moment consistent with the National safety and war manpower requirements; and be it further

Resolved, That the President and Congress be memorialized to provide in postwar international exchange stabilization agreements, for a gold medium for settlement of balances and such currency ratios as at the same time will stabilize the American dollar in terms of foreign currencies and will make possible an early resumption of trade between the United States and foreign countries; and be it further

Resolved, That the Secretary of the Senate be hereby directed to forward copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives and to each Senator and to each Member of the House of Representatives from California in the Congress of the United States.

Referred to Committee on Rules.

UNFINISHED BUSINESS (RESUMED)

CONSIDERATION OF ASSEMBLY AMENDMENTS

Senate Bill No. 4—An act to add Chapter 4 to Title 3 of Part 4 of Division 3 of the Civil Code, relating to the sale of grain, declaring the urgency of this act, to take effect immediately.

The question being: Shall the Senate concur in the following Assembly amendment to Senate Bill No. 4?

Amendment No. 1

RESOLUTIONS

The following resolutions were offered:

By Senator Hatfield:

Senate Resolution No. 29

Relating to consideration of the postwar reconstruction and reemployment problems of the rural areas of the State

WHEREAS, Upon the termination of the war the return to the farms of a great number of persons now in the armed forces will cause serious displacement of agricultural workers, and will present a problem that is directly comparable to the anticipated problems of the more populous areas; and

WHEREAS, The Legislature at this session has provided for the initiation of a vast Postwar Building Program which, in the nature of things, will be largely carried out in the more populous areas; and

WHEREAS, By Chapter 565 of the Statutes of 1941 provision was made for a county highway program appropriation of one million five hundred thousand dollars (\$1,500,000) to be allocated to the counties on the basis of motor vehicle registration, with a minimum of five thousand dollars (\$5,000) to each county; and

WHEREAS, Under both the Postwar Building Program and the postwar highway construction program the rural areas will receive very little benefit, and unless provision is made to meet the requirements of the rural areas for postwar employment and rehabilitation there will result an unbalanced condition in which the problems of the rural areas will not be provided for; and

WHEREAS, A highway construction program covering the entire State would serve to spread the work throughout the State, without regard to population; and

WHEREAS, Numerous public works projects of great value to the State can probably be devised to be performed in rural areas; now, therefore, be it

Resolved by the Senate of the State of California, That the Interim Committee on the Postwar Construction Program, and any other committee that may have cognizance of such matters, should give careful consideration to the needs of the rural areas of the State and the necessity of providing for projects in the Postwar Construction Program which will relieve the potential condition of unemployment with which they will be confronted at the termination of the war; and be it further

Resolved, that said committee, or committees, should consider the desirability of a greatly expanded State and county highway construction program and such other projects as can be carried out through the employment of surplus farm labor.

Referred to Committee on Rules.

By Senator Mayo:

Senate Resolution No. 30

Relative to making \$10,000 available to Senate Committee on Postwar Construction Program

Resolved by the Senate of the State of California, That the sum of ten thousand dollars (\$10,000) or so much thereof as may be necessary, in addition to any other sums heretofore made available, is hereby made available from the Contingent Fund of the Senate for the expenses of the Senate Committee on the Postwar Construction Program created by Senate Resolution No. 125 of the Fifty-fifth Regular Session, such funds to be disbursed after certification by the chairman of the committee upon warrants drawn by the State Controller upon the State Treasurer.

Referred to Committee on Rules.

RECESS

At 12.35 p.m., on motion of Senator Seawell, the Senate recessed until 2.30 p.m.

REASSEMBLED

At 2.30 p.m., the Senate reconvened.

RESOLUTIONS

The following resolutions were offered:

By Senator Seawell:

Senate Resolution No. 31

Resolved, That the Permanent Standing Rules of the Senate and the Standing Rules of the Senate for the Fourth Extraordinary Session of the Fifty-fifth Legislature be amended by adding Rule 12a thereto, to read as follows:

12a. There shall be a permanent committee designated the "Committee on Legislative Organization," consisting of the President pro tempore and two other Members of the Senate appointed by the Committee on Rules, who shall designate the chairman.

The committee shall have and exercise the following powers:

To aid the Committee on Rules in organizing the standing committees of the Senate and in drawing up a schedule of committee meetings;

To determine what rules, organization, and facilities are best suited to the needs of the Senate and report its determination, together with such related matters and facts as it deems pertinent, to the Senate;

To study the Standing Rules of the Senate, the Joint Rules of the Legislature, the existing organization of the Legislature, questions of economy in the legislative procedure, the physical facilities for the use of the Legislature, the rearranging of space in the State Capitol, and the advisability of creating in aid of the legislative function an agency or agencies to study and report to the Legislature and its committees upon assigned subjects of legislation or of prospective legislation, to assure the obtaining of full information and enable the Legislature and its members to act advisedly in such matters;

To serve jointly with an Assembly Committee having similar duties and functions;

To act during the sessions of the Legislature, including any recess thereof, and after final adjournment but not beyond the convening of the next succeeding Legislature;

To have and exercise all of the powers conferred upon Interim Committees of the Legislature or of the Senate by the Joint Rules or by the Standing Rules of the Senate;

To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers and perform its duties as herein set forth or as from time to time prescribed by the Senate;

To report to the Senate from time to time and at any time and to prepare and file a final report with the next succeeding Legislature on or before the fortieth legislative day after the convening thereof; and be it further

Resolved, That the sum of one thousand dollars (\$1,000) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution to be disbursed after certification by the chairman of the committee upon warrants drawn by the State Controller upon the State Treasurer.

Referred to Committee on Rules.

By Senator Seawell:

Senate Resolution No. 32

Relating to the absence of Joseph Allan Beek

WHEREAS, Since the Forty-third Session of the Legislature in 1919, Joseph Allan Beek has served as Secretary of the Senate of the State of California, and has served this body in other capacities for many years prior thereto; and

WHEREAS, By his attention to duty and constant helpfulness he has earned the love and esteem of all the Members of the Senate; and

WHEREAS, The Members of the Senate, assembled in the Fourth Extraordinary Session of the Fifty-fifth Legislature regret the absence from their midst of Joseph Allan Beek, ameliorated only by the knowledge that his absence is for the commendable and noble reason that he is serving his Country in this great World War as a Captain in the Army Transport Service of the United States Army; now, therefore, be it

Resolved by the Senate of the State of California, That the Members of the Senate extend to Joseph Allan Beek their best wishes and heartiest greetings and express their hope for his speedy return to these halls where he is so sorely missed; and, be it further

Resolved, That a copy of this resolution be engrossed and transmitted to Joseph Allan Beek.

Resolution read, and unanimously adopted.

Motion carried.

Senate Resolution No. 18

Relative to appointment of a Senate Fact-Finding Committee on State Highway Revenues

WHEREAS, State highway revenues have for a number of years been inadequate to finance construction and reconstruction of State highways so as to keep pace with their deterioration and obsolescence; and

WHEREAS, The Legislature, at the Fifty-fifth Regular Session, by Chapter 564 of the Statutes of 1943, appropriated the sum of twelve million dollars for the preparation of plans and the acquisition of rights of way for postwar construction and reconstruction of State highways, and directed and instructed the Department of Public Works to report to the Fifty-sixth Session of the Legislature as to expenditures made of moneys so appropriated and estimating the construction cost of each project for which plans have been prepared or rights of way secured; and

WHEREAS, It is advisable that the Legislature be informed as to the adequacy of existing State highway revenues to provide for such postwar construction and reconstruction of State highways and as to necessity for additional revenues to meet postwar needs; now, therefore, be it

Resolved by the Senate of the State of California, That there be and is hereby created a Committee of the Senate to study and ascertain facts and to determine the sufficiency and adequacy of State highway revenues for State highway construction and reconstruction; and be it further

Resolved, That it shall be the duty of said committee, if it finds that additional revenues are needed, to study and recommend to the Legislature means and sources of additional State highway revenue; and be it further

Resolved, That said committee shall consist of five Members of the Senate, which committee shall be appointed by the Rules Committee of the Senate; and be it further

Resolved, That the committee, in exercising its powers and performing the functions vested in it by this resolution, shall have all the powers conferred upon Legislative Committees by Sections 9400 to 9412 of the Government Code, and by the Joint Rules of the Senate and Assembly as adopted at the Fifty-fifth Regular Session of the Legislature and all powers necessary or convenient to accomplish the objects and purposes of this resolution; and be it further

Resolved, That the committee shall prepare and submit to the Fifty-sixth Session of the Legislature a report of its findings and recommendations; and be it further

Resolved, That the members of the committee shall serve without compensation but shall be allowed mileage at the rate of five and one-half cents (\$.05½) per mile each way incurred in connection with their services upon the committee and other actual and necessary expenses for living accommodations and meals, incurred in connection with their services upon the committee, or in lieu of such expenses for accommodations and meals an allowance of ten dollars (\$10) per day; and be it further

Resolved, That the sum of seven thousand five hundred dollars (\$7,500) or so much thereof as may be necessary is hereby made available from the Contingent Funds of the Senate for the expenses or claims it may incur under this resolution, to be paid, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read.

The roll was called, and the resolution adopted by the following vote:

AYES—Senators Breed, Collier, Cunningham, DeLap, Dillinger, Dorsey, Fletcher, Gordon, Hatfield, Judah, Keating, Luckey, Mayo, McBride, McCormack, Mixer, Parkman, Powers, Rich, Seawell, Shelley, Sutton, Swing, Tenney, and Tickle—25.

Senate Resolution No. 20

Relating to augmenting the funds of the Interim Committee to Investigate the Department of Motor Vehicles

Resolved, That in addition to any money heretofore made available, the sum of two thousand five hundred dollars (\$2,500), or so much thereof as may be necessary, is hereby made available from the Contingent Fund of the Senate for the expenses of the Interim Committee to Investigate the Department of Motor Vehicles (created by Senate Resolution No. 150, adopted May 5, 1943) and its members, and for any charges, expenses or claims it may incur under the resolution, to be paid and disbursed, after certification by the Chairman of the Committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read.

The roll was called, and the resolution adopted by the following vote:

AYES—Senators Breed, Brown, Collier, Cunningham, DeLap, Dillinger, Donnelly, Dorsey, Fletcher, Gordon, Hatfield, Judah, Keating, Luckey, Mayo, McBride, McCormack, Mixer, Parkman, Powers, Rich, Salsman, Seawell, Shelley, Slater, Sutton, Swing, Tenney, and Tickle—29.

NOES—None.

Senate Resolution No. 21

Amending Senate Resolution No. 138 adopted May 5, 1943

WHEREAS, Pursuant to Resolution No. 138, adopted on the fifth day of May, 1943, relative to the study of the water situation at Needles and vicinity, by making a further appropriation to such committee and authorizing the Division of Lands of the State of California to make a comprehensive survey of the lands along the Colorado River bed subject to overflow and damage between Parker Dam and Boulder Dam.

WHEREAS, Pursuant to Resolution No. 138 of the Senate of the State of California, a Special Committee of Three members was appointed for the purposes set forth in said resolution; and

WHEREAS, Said committee has performed a large part of the duties assigned it; and WHEREAS, Further study and investigations are necessary to enable such committee to complete its work; now, therefore, be it

Resolved, by the Senate of the State of California, That in addition to the other powers, duties imposed upon such committee by the Senate resolution, the said committee shall make a comprehensive survey and study of the various lands that are subject to overflow and damage caused by the rising of the water level in the river due to the construction and operation of Boulder and Parker Dams; and be it further

Resolved, That the Division of Lands of the State of California and officers thereof be, and they are hereby requested, to make a comprehensive survey of the lands in

California along the Colorado River between Parker Dam and Boulder Dam that are or may be overflowed, injured or damaged by raise in the water of the Colorado River since the construction and operation of Boulder and Parker Dams; and likewise investigate and assemble all available data relative to the location of the boundary line between the State of California and the State of Arizona; and that said division and its said officers cooperate and act for and with the said Senate Committee at such time and in such manner as such committee may request, and report the result of its investigation and findings to such committee so that the same may be reported by said committee to the Senate, and preserved for use in determining and establishing the said boundary. And said committee is authorized to spend the funds that are now or may hereafter be allocated to it for the purposes of investigating and assembling such data; and be it further

Resolved, That the further sum of one hundred dollars (\$100) or so much thereof as may be necessary, together with the sums heretofore allocated to said committee, is hereby made available from the contingent funds of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the contingent funds of the Senate and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer; provided, however, that no member of said committee shall be entitled to receive expenses or mileage during the sessions of the Legislature.

Resolution read.

The roll was called, and the resolution adopted by the following vote:

Senate Resolution No. 22

Relating to the creation of a Senate Interim Committee on a State Training School for boys including within its curriculum military training and discipline, academic subjects, and vocational training, and suitable training schools for girls, as a part of the Postwar Employment Program

WHEREAS, The Postwar Employment Reserve was created for the purpose of meeting the needs of the State for the construction and rehabilitation of State buildings and facilities and to provide postwar employment; and

WHEREAS, Legislation is pending for the creation of a Property Acquisition Board for the purpose of selecting sites for postwar construction projects; and

WHEREAS, It is desirable that such Postwar Employment Program be directed to projects which will have a lasting benefit to the State; and

WHEREAS, It has been suggested that such a project would be the establishment of a State training school, or schools, for boys, including within its curriculum military training and discipline, academic subjects, and vocational training, and suitable training schools for girls, on the sites of military establishments that may be abandoned by the Federal Government when the need therefor has passed; and

WHEREAS, The necessity for the acquisition of such sites is dependent upon the usefulness thereof for State purposes including the establishment of such school or schools; and

WHEREAS, These questions can best be determined by a committee created for the purpose of investigating the feasibility of acquiring such sites and the desirability of devoting them to the uses herein mentioned; now, therefore, be it

Resolved by the Senate of the State of California, That there is hereby created a Senate Committee on State Training Schools for Boys and for Girls consisting of five Members of the Senate appointed by the Rules Committee thereof, to study and ascertain the feasibility of acquiring sites for the establishment of a State training school, or schools, for boys, including within its curriculum military training and discipline, academic subjects, and vocational training, and suitable training schools for girls, and the desirability of establishing such schools; and, be it further

Resolved, That the committee, in exercising its powers and performing the functions vested in it by this resolution, shall have all the powers conferred upon Legislative Committees by the Joint Rules of the Senate and Assembly as adopted at the Fifty-fifth Regular Session of the Legislature and all powers necessary or convenient to accomplish the objects and purposes of this resolution; and, be it further

Resolved, That the committee may create subcommittees and assign to such subcommittees any matter within the scope of the powers of the committee, and such subcommittees shall with respect to the matters so assigned to them have the same powers as the committee; and, be it further

Resolved, That the committee may act during this session or any recess and after final adjournment thereof and shall prepare and submit to this or to the Fifty-sixth

Regular Session of the Legislature a report of its findings and recommendations; and, be it further

Resolved, That the members of the committee shall serve without compensation but shall be allowed mileage at the rate of five and one-half cents (\$0.05½) per mile each way incurred in connection with their services upon the committee and other actual and necessary expenses for living accommodations and meals, incurred in connection with their services upon the committee, or in lieu of such expenses for accommodations and meals an allowance of ten dollars (\$10) per day; and, be it further

Resolved, That the sum of ten thousand dollars (\$10,000), or so much thereof as may be necessary, is hereby made available from the Contingent Funds of the Senate for the expenses or claims it may incur under this resolution, to be paid, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read.

The roll was called, and the resolution adopted by the following vote:

AYES—Senators Breed, Brown, Collier, Crittenden, Cunningham, DeLap, Deuel, Dillinger, Donnelly, Dorsey, Fletcher, Gordon, Judah, Keating, Luckey, Mayo, Mixer, Parkman, Powers, Quinn, Rich, Salsman, Seawell, Shelley, Slater, Sutton, Swing, Tenney, Tickle, and Ward—30.

NOES—None.

Senate Resolution No. 27

Relating to continued deferment of boners in the meat packing industry

WHEREAS, This Country now has the largest livestock population in its history; and

WHEREAS, In view of the military and economic situation of the world there exists the greatest need in this Country's history for supplying meat both to the armed forces and to the civilian population; and

WHEREAS, It would be impossible to furnish this meat supply to the armed forces and to the civilian population if certain skilled workers are not available; and

WHEREAS, Among the most needed of these skilled workers are the men, known as "boners," who debone the carcasses; and

WHEREAS, It takes three years to train a boner so that he can perform his task with the speed required; now, therefore, be it

Resolved by the Senate of the State of California, That the President and Congress of the United States be memorialized to use their good offices with the proper authorities to continue deferments from military service of boners in the meat packing industry; and, be it further

Resolved, That the Secretary of the Senate be hereby directed to forward copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives and to each Senator and to each Member of the House of Representatives from California in the Congress of the United States.

Resolution read and adopted.

Senate Resolution No. 28

Relative to the market and price paid for newly produced gold

WHEREAS, It has become reasonably apparent to the Senate of the State of California that even if current legal restrictions governing the gold mines of California were removed by the President of the United States through executive order, it would be impracticable for most if not all of these gold mines to resume operations because, on the one hand, they are compelled by existing laws and regulations to sell their gold bullion product to the United States Mint at a fixed price of \$35 per ounce, and on the other hand, would be required to pay costs for labor and materials required in operation which in the aggregate would exceed the return for their bullion; and

WHEREAS, The current price of gold bullion was fixed by executive order of the President dated January 31, 1934, under the provisions of an Act of Congress empowering the President to reduce the standard weight and fineness of the gold dollar by not to exceed 50 per cent, and under the terms of said act of Congress, as subsequently extended in time limitation, the President has to date exercised said authority only to the extent of fixing said gold dollar weight at 15-5/21 grains, whereas 50 per cent of its former weight would be 12.9 grains, equal to a maximum value of \$41.34 per ounce for gold of nine-tenths fineness; and

WHEREAS, It is currently reported that the free market price for gold in India, North Africa, and Asia Minor has fluctuated between \$40 and \$70 per ounce, and that mines in British Dominions are enjoying that price for their product; and

WHEREAS, A majority of the Members of the Senate of the State of California believes that restoration of the ability of American gold mines to produce gold at the earliest moment consistent with war manpower demands, is essential to the preservation of the local economies of the districts in which they are located (including 19 counties of California), to postwar employment opportunities for miners and prospectors, to the maintenance of an adequate National currency backing of gold, and

to the stabilization of international money exchanges on a basis that will permit of the free resumption of international trade after the war; now, therefore, be it

Resolved by the Senate of the State of California, That the President be memorialized to exercise his authority to reduce the gold content of the United States gold dollar to 12.9 grains of nine-tenths fineness, and thereby to increase the mint price for newly mined gold bullion to \$41.34 per ounce; and be it further

Resolved, That the President and through him, the Secretary of State of the United States be memorialized to take such steps and enter into such negotiations as will make free markets for gold in foreign countries available to American gold producers, and will remove current legal restrictions on the export of newly mined gold to such markets by American producers; and be it further

Resolved, That the President and Congress be memorialized to lift the current legal restrictions on the production of gold in this Country at the earliest moment consistent with the National safety and war manpower requirements; and be it further

Resolved, That the President and Congress be memorialized to provide in postwar international exchange stabilization agreements, for a gold medium for settlement of balances and such currency ratios as at the same time will stabilize the American dollar in terms of foreign currencies and will make possible an early resumption of trade between the United States and foreign countries; and be it further

Resolved, That the Secretary of the Senate be hereby directed to forward copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives and to each Senator and to each Member of the House of Representatives from California in the Congress of the United States.

Resolution read and adopted.

Senate Resolution No. 29

Relating to consideration of the postwar reconstruction and reemployment problems of the rural areas of the State

WHEREAS, Upon the termination of the war the return to the farms of a great number of persons now in the armed forces will cause serious displacement of agricultural workers, and will present a problem that is directly comparable to the anticipated problems of the more populous areas; and

WHEREAS, The Legislature at this session has provided for the initiation of a vast Postwar Building Program which, in the nature of things, will be largely carried out in the more populous areas; and

WHEREAS, By Chapter 565 of the Statutes of 1941 provision was made for a county highway program appropriation of one million five hundred thousand dollars (\$1,500,000) to be allocated to the counties on the basis of motor vehicle registration, with a minimum of five thousand dollars (\$5,000) to each county; and

WHEREAS, Under both the Postwar Building Program and the Postwar Highway Construction Program the rural areas will receive very little benefit, and unless provision is made to meet the requirements of the rural areas for postwar employment and rehabilitation there will result an unbalanced condition in which the problems of the rural areas will not be provided for; and

WHEREAS, A highway construction program covering the entire State would serve to spread the work throughout the State, without regard to population; and

WHEREAS, Numerous public works projects of great value to the State can probably be devised to be performed in rural areas; now, therefore, be it

Resolved by the Senate of the State of California, That the Interim Committee on the Postwar Construction Program, and any other committee that may have cognizance of such matters, should give careful consideration to the needs of the rural areas of the State and the necessity of providing for projects in the Postwar Construction Program which will relieve the potential condition of unemployment with which they will be confronted at the termination of the war; and be it further

Resolved, That said committee, or committees, should consider the desirability of a greatly expanded State and county highway construction program and such other projects as can be carried out through the employment of surplus farm labor.

Resolution read and adopted.

INTRODUCTION, FIRST READING, AND REFERENCE OF SENATE BILLS (RESUMED)

The following resolution was offered:

Senate Concurrent Resolution No. 13: By Senator Seawell—Relative to amendment of the Joint Rules of the Legislature.

Referred to Committee on Rules.

RESOLUTIONS

The following resolution was offered:

By Senator Shelley:

Senate Resolution No. 33

Relating to the California Farm Production Council

WHEREAS, At the Fifty-fifth (Second Extraordinary) Session of the Legislature, in recognition of the farm labor shortage, the Legislature created the California Farm Production Council to administer the California Food and Fiber Production Act; and

WHEREAS, At the Fifty-fifth (Fourth Extraordinary) Session, the Legislature, by a vote of both houses, passed Assembly Bill No. 15, which appropriated \$1,014,882 to carry out the provisions of the California Food and Fiber Production Act; and

WHEREAS, Facts have recently come to light which indicate a misfeasance and malfeasance in office on the part of some of the persons entrusted with the administration of the Farm Production Council; now, therefore, be it

Resolved by the Senate of the State of California, That the Senate does call upon the Joint Legislative Budget Committee to conduct a complete and thorough investigation of the California Farm Production Council and all expenditures of money appropriated thereto; and be it further

Resolved, That the Honorable Earl Warren, Governor of California, and the Honorable Robert W. Kenny, Attorney General of California, be called upon by the Senate to investigate thoroughly the facts already brought to light and to prosecute to the fullest extent of the law any person guilty of misfeasance or malfeasance in office, misappropriation of funds, or dereliction of duty; and be it further

Resolved, That copies of this resolution be transmitted to the Joint Legislative Budget Committee, to the Governor of California and to the Attorney General of California.

Referred to Committee on Rules.

RESOLUTIONS

The following resolutions were offered :

By Senators McBride, Salsman, Tenney, Keating, Breed, Dillinger, Swing, Mayo, Parkman, Crittenden, Shelley, and Biggar :

Senate Resolution No. 34

Relating to allowance to State employees of uniform holidays

WHEREAS, The policy of allowing employees in State service to enjoy holidays is not uniform; and

WHEREAS, This problem has been an existing and troublesome one for a number of years; and

WHEREAS, The Fifty-fifth Session of the California Legislature did take official recognition of this problem and initiate steps by which an early solution of it may be reached by passage of Senate Resolution No. 19 at the Third Extraordinary Session of the Fifty-fifth Session of the Legislature; and

WHEREAS, By said Senate Resolution No. 19 the Senate did resolve as follows :

"That the State Personnel Board is hereby requested at once to enter upon such a study, conduct the study with all possible expedition, and upon ascertaining a remedy to put the remedy into force and effect to the extent that such may be within the board's power to do, and then to report thereon to the Governor not later than the next meeting of the Legislature, including in its report such recommendations as it may have concerning legislation needed for the complete accomplishment of the objects and purposes herein expressed ;"

and,

WHEREAS, The State Personnel Board has entered upon its study and, as a result of that study, it presently appears that about 80 per cent of the State employees enjoy all of the holidays provided in the Political Code, and about 20 per cent of the State employees do not enjoy said holidays to the extent that in some cases no holidays are allowed to State employees; and

WHEREAS, Preliminary estimates following from the study to date of the Personnel Board indicate that the cost of granting uniform holidays to said 20 per cent of the State employees not now enjoying them, and to establish the policy of granting uniform holidays for all employees in the State service would be approximately \$175,000 per year or \$350,000 per biennium; and

WHEREAS, The Fifty-sixth Session of the Legislature would be in a better position to study and act upon this problem and provide for its financing if the actual figures appeared in the Governor's Budget; and

WHEREAS, It is improbable that the various department heads and the Director of Finance would include these figures in their budgets unless an expression in that regard is given them by the Legislature; and

WHEREAS, An early and final solution of this problem is essential to the efficient functioning of the respective State departments affected; now, therefore, be it

Resolved by the Senate of the State of California, That each State department which the study and survey of the State Personnel Board indicates is not now allowing its employees to enjoy all of the holidays mentioned in the Political Code is hereby requested to include in its biennial budget for the Ninety-seventh and Ninety-eighth Fiscal Years the amount of money indicated by the study of the Personnel Board that would be necessary to bring about the establishment of uniform holidays in that department in order that the Legislature may have this information clearly before it for consideration at the Fifty-sixth Session of the Legislature, and the Director of Finance is hereby requested not to strike out any item in the Budget covering this subject; and, be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Governor, the Director of Finance, the State Personnel Board, the Director of Institutions, the Director of the Youth Authority, the Director of the Department of Natural Resources, the Director of Veterans' and Military Affairs, the Director of the Department of Corrections, and any other department which the Personnel Board's study indicates does not grant all holidays to its employees.

Referred to Committee on Judiciary.

By Senator Seawell :

Senate Resolution No. 35

Resolved, That the Chief of the Bureau of Buildings and Grounds be authorized and directed to install a loud speaker in the Senate Chamber, the microphone being installed at the Secretary's desk; and be it further

Resolved, That the sum of two hundred fifty dollars (\$250) be appropriated out of the contingent fund of the Senate to pay the cost of such installation.

Senate Bill No. 58

ARTHUR A. OHNIMUS, Chief Clerk of the Assembly

Above bill ordered enrolled.

ASSEMBLY CHAMBER, SACRAMENTO, June 13, 1944

MR. PRESIDENT: I am directed to inform your honorable body that the Assembly amended, and on this day passed, as amended:

Senate Bill No. 48

And respectfully requests your honorable body to concur in said amendments.

ARTHUR A. OHNIMUS, Chief Clerk of the Assembly

CONSIDERATION OF ASSEMBLY AMENDMENTS

Senate Bill No. 48—An act making an appropriation for allocation to cities, counties, and cities and counties to develop a postwar public works program comprising the preparation of surveys and plans and specifications for proposed public works and the acquisition of rights-of-way and sites for major streets, roads, bridges, sewerage and other public facilities, and providing the procedure for making such allocations.

The question being: Shall the Senate concur in the following Assembly amendments to Senate Bill No. 48?

Amendment No. 1

On page 2, line 27, of said bill, after "and", insert "existing".

Amendment No. 2

On page 2, line 31, of said bill, after "utilities", and before the period, insert "as defined in the Public Utilities Act".

Amendment No. 3

On page 3, lines 13 and 14, of said bill, strike out ", and for the county share of such cost as defined in Section 25,".

Amendment No. 4

On page 4, lines 39 and 40, of said bill, strike out “, and for the county share of such cost as defined in Section 25,”.

Amendment No. 5

On page 5, line 36, of said bill, strike out “of the claim”.

Amendment No. 6

On page 6, line 20, of said bill, strike out “of the claim”.

Amendment No. 7

On page 6, line 23, of said bill, strike out “sites”, and insert “rights-of-way and sites, hereinafter called site,”.

Amendment No. 8

On page 7 of said bill, strike out lines 10 to 15, inclusive, and insert “There is hereby allocated to all local”.

Amendment No. 9

On page 7, line 33, of said bill, strike out “If the county”, and strike out lines 34 to 51, inclusive; and on page 8, strike out lines 1 and 2.

Amendment No. 10

On page 8, line 5, of said bill, strike out “the sum of”.

Amendment No. 11

On page 8, line 13, of said bill, strike out “the sum of”.

Amendment No. 12

On page 8, lines 17 and 18, of said bill, strike out “, plus the county share”.

Amendment No. 13

On page 8 of said bill, strike out lines 39 to 51, inclusive, and insert

“SEC. 25.3. Notwithstanding any other provision of this act, any local agency may make application to the board under this section for aid from the State in the preparation of plans or the acquisition of rights-of-way or sites and request that the entire cost of such plans or acquisitions be paid from the minimum amounts allocated to such local agency pursuant to the provisions of Section 25. The board is hereby authorized to approve any such requests up to the total of the minimum amounts so allocated to such local agency. In all other respects the provisions of this act shall be applicable.”

Amendment No. 14

On page 9, lines 1 and 2, of said bill, strike out “twenty-five thousand dollars (\$25,000)”, and insert “fifty thousand dollars (\$50,000)”.

Amendment No. 15

On page 9, line 4, of said bill, strike out “one hundred thousand dollars (\$100,000)”, and insert “seventy-five thousand dollars (\$75,000)”.

Amendment No. 16

On page 9 of said bill, between lines 13 and 14, insert

“SEC. 28.5. The allocations to local agencies provided by this act shall be available in cases where one or more local agencies engage jointly in the undertaking of a post-war construction activity as now provided by law, and in cases where a local agency engages in such activity jointly with or through a district or other governmental unit.”

Amendment No. 17

On page 9, line 50, of said bill, after “agencies”, insert “(including the amount allocated to the assignee, if it is a local agency)”.

Amendment No. 18

On page 1 of said bill, strike out all of line 8; and in line 9, strike out “be used locally, since such increase is”.

Amendment No. 19

On page 1, line 22, of said bill, after the period, insert “The experience of this State during the depression years of unemployment and its attendant hardships points to the necessity for a Public Works Employment Program. Failure to make provision for an adequate public works program in time to meet the economic problems which will

rise upon termination of the war will require the State to expend large sums to provide direct relief to persons who might otherwise be usefully employed in constructing necessary public works. Funds appropriated under this act by the State together with funds provided by local agencies to assist the State in carrying out the purposes of this act will enable the local agencies to engage in a large construction program which will provide employment for those military personnel discharged from the armed forces and those whose present employment will be terminated by the cessation of war production.

Amendment No. 20

On page 2, line 8, of said bill, strike out "to counties and to cities", and insert "in the preparation of plans and the acquisition of sites by the counties, cities and counties and cities".

The roll was called, and the Senate concurred in Assembly amendments to Senate Bill No. 48 by the following vote:

AYES—Senators Biggar, Breed, Brown, Collier, Crittenden, Cunningham, DeLap, Deuel, Dillinger, Donnelly, Dorsey, Fletcher, Gordon, Hatfield, Judah, Keating, Mayo, McCormack, Mixter, Parkman, Powers, Quinn, Rich, Salsman, Seawell, Shelley, Slater, Swing, Tenney, and Ward—30.

Committee on Rules

SENATE CHAMBER, SACRAMENTO, June 13, 1944

MR. PRESIDENT: Your Committee on Rules has appointed Senators McCormack, Hatfield, Collier, McBride, and Tenney, as members of the Senate Committee to Investigate Postwar Highway Construction authorized by Senate Resolution No. 18.

SEAWELL, Chairman

SENATE CHAMBER, SACRAMENTO, June 13, 1944

MR. PRESIDENT: Your Committee on Rules has appointed Senators Dorsey, Judah, Quinn, Mixter, and Salsman as members of the Committee to Investigate Juvenile Delinquency Problems authorized by Senate Resolution No. 22.

SEAWELL, Chairman

WITHDRAWAL FROM COMMITTEE OF SENATE RESOLUTION NO. 34

Senator Seawell moved that Senate Resolution No. 34 be withdrawn from Committee on Judiciary for purpose of consideration.

Motion carried.

CONSIDERATION OF SENATE RESOLUTION NO. 34**Senate Resolution No. 34**

Relating to allowance to State employees of uniform holidays

WHEREAS, The policy of allowing employees in State service to enjoy holidays is not uniform; and

WHEREAS, This problem has been an existing and troublesome one for a number of years; and

WHEREAS, The Fifty-fifth Session of the California Legislature did take official recognition of this problem and initiate steps by which an early solution of it may be reached by passage of Senate Resolution No. 19 at the Third Extraordinary Session of the Fifty-fifth Session of the Legislature; and

WHEREAS, By said Senate Resolution No. 19 the Senate did resolve as follows:

"That the State Personnel Board is hereby requested at once to enter upon such a study, conduct the study with all possible expedition, and upon ascertaining a remedy to put the remedy into force and effect to the extent that such may be within the board's power to do, and then to report thereon to the Governor not later than the next meeting of the Legislature, including in its report such recommendations as it may have concerning legislation needed for the complete accomplishment of the objects and purposes herein expressed;"

and,

WHEREAS, The State Personnel Board has entered upon its study and, as a result of that study, it presently appears that about 80 per cent of the State employees enjoy all of the holidays provided in the Political Code, and about 20 per cent of the State employees do not enjoy said holidays to the extent that in some cases no holidays are allowed to State employees; and

WHEREAS, Preliminary estimates following from the study to date of the Personnel Board indicate that the cost of granting uniform holidays to said 20 per cent of the State employees not now enjoying them, and to establish the policy of granting uniform holidays for all employees in the State service would be approximately \$175,000 per year or \$350,000 per biennium; and

WHEREAS, The Fifty-sixth Session of the Legislature would be in a better position to study and act upon this problem and provide for its financing if the actual figures appeared in the Governor's Budget; and

WHEREAS, It is improbable that the various department heads and the Director of Finance would include these figures in their budgets unless an expression in that regard is given them by the Legislature; and

WHEREAS, An early and final solution of this problem is essential to the efficient functioning of the respective State departments affected; now, therefore, be it

Resolved by the Senate of the State of California. That each State department which the study and survey of the State Personnel Board indicates is not now allowing its employees to enjoy all of the holidays mentioned in the Political Code is hereby requested to include in its Biennial Budget for the Ninety-seventh and Ninety-eighth Fiscal Years the amount of money indicated by the study of the Personnel Board that would be necessary to bring about the establishment of uniform holidays in that department in order that the Legislature may have this information clearly before it for consideration at the Fifty-sixth Session of the Legislature, and the Director of Finance is hereby requested not to strike out any item in the Budget covering this subject; and, be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Governor, the Director of Finance, the State Personnel Board, the Director of Institutions, the Director of the Youth Authority, the Director of the Department of Natural Resources, the Director of Veterans' and Military Affairs, the Director of the Department of Corrections, and any other department which the Personnel Board's study indicates does not grant all holidays to its employees.

Resolution read, and adopted.

RESOLUTIONS

The following resolutions were offered:

By Senator Seawell:

Senate Resolution No. 39

Resolved, That the President of the Senate appoint a Committee of Three to notify the Governor that the Senate is ready to adjourn sine die the Fifty-fifth (Fourth

Extraordinary) Session of the Legislature pursuant to the provisions of Senate Concurrent Resolution No. 12 and to ask if His Excellency has any further communications to transmit to the Senate.

Resolution read, and, on motion of Senator Seawell, adopted.

Appointment of Special Committee

The President announced, in accordance with the above resolution, the appointment of Senators Tenney, Hatfield, and Sutton.

By Senator Swing:

Senate Resolution No. 40

Resolved, That the President of the Senate appoint a Committee of Three to notify the Assembly that the Senate is ready to adjourn sine die the Fifty-fifth (Fourth Extraordinary) Session of the Legislature pursuant to the provisions of Senate Concurrent Resolution No. 12 and to ask if the Assembly has any further communication to transmit to the Senate.

Resolution read, and, on motion of Senator Swing, adopted.

Appointment of Special Committee

The President announced, in accordance with the above resolution, the appointment of Senators Mayo, Fletcher, and Keating.

ASSEMBLY DAILY JOURNAL

FIRST LEGISLATIVE DAY

FIRST CALENDAR DAY

IN ASSEMBLY

ASSEMBLY CHAMBER, SACRAMENTO

Monday, June 5, 1944

The Assembly met at 11 a. m., pursuant to the provisions of the Proclamations of His Excellency, Earl Warren, Governor of the State of California, dated May 23, 1944, and June 5, 1944, convening the Legislature of the State of California on this day in extraordinary session.

Arthur A. Ohnimus, Chief Clerk of the Assembly for the Fifty-fifth (Regular) Session, presiding.

ANNOUNCEMENT

Arthur A. Ohnimus, Chief Clerk of the Assembly, announced that, pursuant to the requirements of the Government Code, Section 9150, the following officers of the Assembly of the Fifty-fifth (Regular) Session of the Legislature were present and in their respective positions: Arthur A. Ohnimus, Chief Clerk; C. William Queale, Minute Clerk; and Wilkie Ogg, Sergeant-at-Arms.

ROLL CALL

Chief Clerk Arthur A. Ohnimus directed the Assistant Clerk to call the roll of Assemblymen.

The roll was called, and the following answered to their names:

Allen, Anderson, Armstrong, Bashore, Beck, Bennett, Berry, Brady, Brown, Burns, Call, Carey, Carlson, Clarke, Collins, George D., Collins, Sam L., Crichton, Crowley, Debs, Denny, Desmond, Dickey, Dills, Clayton A., Dills, Ralph C., Dilworth, Doyle, Dunn, Erwin, Evans, Field, Fourn, Gaffney, Gannon, Guthrie, Hastain, Hawkins, Heisinger, Hollibaugh, Johnson, Kellem, Kilpatrick, King, Knight, T. Quorum present.

PRAYER

The following prayer was offered by Rev. Clarence A. Kircher, Chaplain of the Assembly for the Fifty-fifth (Regular) Session:

Almighty God, Sovereign of the Universe, we come before Thee as we begin again the deliberations of the Assembly. Grant Thy presence and Thy direction. Bless and

guide our President, our Governor, the Speaker of this Assembly, and all who rule and serve.

"O Lord, our God, Thy mighty hand
Hath made our Country free;
From all her broad and happy land
May worship rise to Thee;
Fulfill the promise of her youth,
Her liberty defend;
By law and order, love and truth,
America befriend."

Amen

PROCLAMATIONS OF THE GOVERNOR

The Chief Clerk directed the Assistant Clerk to read the Proclamations of the Governor convening the Legislature in extraordinary session.

Whereupon the Assistant Clerk read the following Proclamations:

Proclamation

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA

WHEREAS, An extraordinary occasion has arisen and now exists requiring that the Legislature of the State of California be convened in extraordinary session; now, therefore,

I, EARL WARREN, Governor of the State of California, by virtue of the power and authority in me vested by Section 9 of Article V of the Constitution of the State of California, do hereby convene the Legislature of the State of California to meet and assemble in extraordinary session at Sacramento, California, on Monday, the fifth day of June, 1944, at 11 o'clock a.m. of said day for the following purposes and to legislate upon the following subjects, to wit:

1. To consider and act upon legislation relating to the retirement of teachers of the Public School System, and making an appropriation to carry out such legislation.

2. To consider and act upon legislation relating to the financial support of the public schools.

3. To consider and act upon legislation relating to the times at which meetings of State conventions, State central committees, and county central committees of political parties are held.

4. To consider and act upon legislation to make an appropriation to the Postwar Employment Reserve.

5. To consider and act upon legislation to make an appropriation from the Postwar Employment Reserve to the Division of Architecture, Department of Public Works, for surveys, preparation of plans and specifications and other preliminary work preparatory to the State Building Program contemplated by Chapter 572, Statutes of 1943.

6. To consider and act upon legislation to make an appropriation from the Postwar Employment Reserve to The Regents of the University of California for surveys, preparation of plans and specifications and other preliminary work preparatory to the construction of additional buildings for the University of California.

7. To consider and act upon legislation to provide for the acquisition of real property as sites for buildings and grounds for State purposes, to prescribe the manner of their acquisition and to appropriate money therefor.

POINT OF PERSONAL PRIVILEGE

Mr. Doyle arose to a point of personal privilege, stating that he wished to thank the Members of the Assembly for the adoption of a resolution in honor of his late brother, Jack Doyle.

RESOLUTIONS

The following resolutions were offered:

By Messrs. Doyle, Lyon, and Field:

House Resolution No. 13

Relating to the thanks of the Assembly for the excellent work of the air raid wardens, auxiliary police and firemen during the emergency following Pearl Harbor.

WHEREAS, During the critical National emergency following the treacherous attack on Pearl Harbor on December 7, 1941, the factories and other industrial establishments and the population of the cities of the Pacific Coast of these United States, were threatened with injury or destruction by bombing attacks of enemy air forces; and

WHEREAS, The emergency had been unforeseen and called for the rapid organization of volunteer workers to fight fire, give aid to the injured and control popular panic; and

WHEREAS, The emergency was met magnificently; and

WHEREAS, The work was done without thought of material compensation; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly does hereby express its gratitude to the volunteer air raid wardens, auxiliary police and firemen throughout the State of California for their unselfish response to the call of duty, for their whole-hearted cooperation with the military and civil authorities of Nation and State, for their generous response to the calls made upon them, unrequited in a material way, and for the excellent performance of the duties cast upon them.

Request for Unanimous Consent

Mr. Doyle asked for, and was granted, unanimous consent to take up House Resolution No. 13, at this time, without reference to committee.

Resolution read and adopted.

By Messrs. Lyon, Field, Maloney, Collins, Sam L., and Stream:

House Resolution No. 14

Relating to the mother of Kent Redwine

WHEREAS, The Members of this Assembly have learned that their friend and former colleague Kent Redwine has recently suffered the loss of his beloved mother; and

WHEREAS, In her lifetime she stood for all those qualities which have made us so justly proud of our American mothers, rearing her children after the best traditions, and giving to them ideals of loyalty, service, and responsibility to their community and Nation as well as to themselves; now, therefore, be it

Resolved by the Assembly of the State of California, That the Members of this Assembly by this resolution extend to Kent Redwine their deepest sympathy in his loss; and be it further

Resolved, That when this Assembly this day adjourns it do so as a memorial to the mother of Kent Redwine; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a suitably engrossed copy of this resolution to Kent Redwine.

Resolution read, and adopted by a rising vote of the Assembly.

COMMUNICATIONS

By Speaker Lyon:

The following communication was received, read, and ordered printed in the Journal:

UNITED STATES TREASURY DEPARTMENT
WAR FINANCE COMMITTEE, NORTHERN CALIFORNIA
San Francisco 5, California, June 1, 1944

*Hon. Charles W. Lyon, Speaker of the Assembly
State Capitol, Sacramento, California*

DEAR MR. SPEAKER: It has been called to my attention that the privileges of the Assembly floor have been asked by Master Ronald Weiss, a seven-year-old boy, to speak on the subject of war bonds and the patriotic duties of Americans.

We have followed with a great deal of interest the remarkable speaking career of this youngster and I feel sure that you will agree that his message is a powerful one.

Cordially yours,

MERRIEL E. COOLEY, Executive Vice Chairman

MOTION TO INVITE RONALD WEISS TO ADDRESS THE ASSEMBLY

Mr. Maloney moved that a communication be addressed to Master Ronald Weiss, inviting him to speak before the Assembly on Wednesday morning, June 7, 1944.

Earl Warren, Governor of the State of California.

Lieutenant Governor Houser presiding.

PRESENTATION OF THE GOVERNOR

Hon. Frederick F. Houser, President of the Senate, then presented Governor Earl Warren to the Joint Convention.

ADDRESS BY THE GOVERNOR

Governor Warren then proceeded to address the Joint Convention as follows:

Remarks by Governor Earl Warren

Members of the Senate and Assembly

I want to welcome you back to Sacramento and repeat first of all what I said at the last special session. It is always reassuring to me, as I sit in the Governor's chair, to know you are available on call for any emergency situation and that I can always have your cheerful cooperation in the solution of the new and war-created problems that are thrusting themselves upon us.

I have just returned from a Conference of Governors at Hershey, Pennsylvania, where we had the privilege of frank discussion with General George C. Marshall and Admiral Ernest J. King; with Bernard Baruch and Mr. Hancock, his associate in postwar planning; with Captain Hayes and Colonel Cutler, Navy and Army representatives on United States War Ballot Commission; as well as with the Governors of the various States.

I am even more impressed than I was before attending the conference with the importance of State Government in the winning of the war. I am also more firmly convinced that our problems can only be solved by the cooperation of the coordinate branches of State Government.

I look back with satisfaction upon your accomplishments at the special session in January. While at the Governors' Conference, I heard both Captain Hayes and Colonel Cutler speak enthusiastically of the Soldier Voting Statute which you enacted in January without guide or precedent. They stated to me that they have been recommending this California Statute for consideration by the States which have not already acted upon the subject.

As a further indication of the manner in which your Soldier Voting Statute is working I want to read a letter I have received from a Captain stationed in the Southwest Pacific Area. The letter, mailed May 4th, and signed by Captain Jack M. Laughlin, reads as follows:

At the close of last year I wrote you suggesting certain changes in our election laws to facilitate the voting of servicemen and women over seas. Subsequently Mr. Daniels wrote to thank me for the suggestions. I thought that you might be interested to hear how the amended law is working out in practice.

As the above address indicates, I am on duty overseas on General MacArthur's staff. On May 1st I received my absentee ballot from the San Francisco Registrar of Voters. It had been postmarked in San Francisco at 9.30 p.m. April

25th. The average time for "V-Mail" to my location is 10 days, while ordinary mail takes anywhere from 15 days to 2 months.

It appears to me that California has adopted about the best possible plan and that, with the cooperation of the post office and the forces (as indicated by my above mentioned experience), it should work out quite satisfactorily.

I have had occasion recently to talk to the Director of Federal Prisons, and other experts in the field of penology, and they have told me that they are well pleased with the Prison Reorganization Bill which you adopted at that January session. They are expecting much good to come from it. They have stated to me that, although there has been much discussion throughout the country for the past 20 years concerning the need for integrating corrective systems, this California Statute represents the first real statutory effort made to accomplish the result.

I will report to you now that immediately upon signing the Prison Reorganization Bill, I requested the Personnel Board to apply the principles of the merit system to the Director of Corrections, his wardens, and assistants. A National examination was held, and I believe we have obtained the services of extremely well qualified career men as director and assistant director.

The Director of Federal Prisons, James Bennett, and his superior officer, Attorney General Francis Biddle, have very considerably loaned us the services of one of the Country's outstanding experts for a temporary place on the Adult Authority. The Surgeon General of the United States has detailed his assistant to work with us in preparing a report on the necessity for an institution for the criminally insane as required by the statute. We are working earnestly on all phases of this program and I am hopeful that, at your regular session, we can place before you a report of definite progress.

I want to refer back, also, to one other action taken by you at the January session. I am sure you are as satisfiedly aware as I am that the people ratified the constitutional amendment permitting the State, with consent of the Federal Government, to tax Federal property within our boundaries. This will eventually result in millions of dollars of revenue to the State and local governments.

This session to which you have been called today is one that we have long discussed and is in keeping with our prior understanding on the subject.

After adjournment of the regular session in 1943, I vetoed one bill and modified another affecting the Public School System of the State. This was not done because I disagreed with the purposes of either bill, but because in my opinion there were certain factors that had not been fully considered in acting upon them and because at that time I did not believe we had the necessary facts upon which to base a decision.

The bill vetoed was Assembly Bill No. 1107, which purported to reorganize and refinance the Teachers' Retirement System of the State. In my veto message I made the following statement:

It is my considered opinion that Assembly Bill No. 1107 should be disapproved principally for the reason that neither the Legislature nor the public in general nor myself have a clear picture of all its implications.

Not even the proponents can say what the cost will be to the State to set up the reserves necessary to function under the act and the best guesses appear to range from \$140,000,000 to \$180,000,000 spread over a number of years. No thorough study on behalf of the State has been made to determine the relative financial responsibilities of the teachers, the local districts, and the State.

There are in the act what appear to be inequalities between the contributions of the teachers in the smaller and larger communities.

It is my belief that this matter should be thoroughly studied by the State in conjunction with the teachers and the public, and that it should then be determined at a special session of the Legislature, called for that purpose within the next year.

I believe the people of California have confidence in the teaching profession of our State and that they will do full justice to them when the facts are fully before them. That also will be my aim.

Since that veto action your Legislative Committees have made a study of the entire problem. Actuaries of the teachers, of the State, and the Legislative Committees, have collaborated in collecting and appraising statistical data. Interested groups, both in the teaching profession and taxpayer organizations have attended public meetings called for the purpose, and I believe the Legislature is far better able today to determine the true merits of the situation than it was a year ago.

I believe that the problem in justice to the teachers and to the public at large should be solved without any further delay. The Retirement System was set up over a quarter of a century ago on an arbitrary basis of State, district, and teacher contribution that gave no real consideration to cost.

The fund has been gradually approaching insolvency and in a comparatively short period of time there will not be enough money in the fund to pay the claims made against it. All of the actuaries agree that the fund is not only unsound, but that its stabilization will cost the State more money the longer action is delayed. This is

unsound governmentally and is unfair to the teaching profession and the taxpayers of the State which have contributed to it through the years.

In my opinion, the present teachers' retirement benefits are inadequate and should be raised to meet the standards of retirement systems of other progressive governmental bodies. To accomplish this, there must be a fair contribution from teachers, district, and State. This, I believe, all are willing to do.

If this principle is coupled with the additional principle that teachers and taxpayers in all parts of the State should be treated identically by the State, most of our difficulties in finding a solution will be ironed out.

I trust that you will be able at this session to present a bill for my signature that will recognize these principles and give the teachers and such others as are in the Teachers' Retirement System the protection which they justly deserve after a life time of service to the children of our State.

The other bill which I signed after restricting its operation and its appropriation to the first year of the biennium, was Senate Bill No. 307. It provided additional money for the maintenance of our elementary schools.

My reason for this action can best be stated to you now by quoting the following from my statement limiting the appropriation to the first year of the biennium:

This bill is ostensibly for the purpose of supplying funds for increasing the salaries of elementary teachers although it does not expressly so provide and may be used for any salary purpose. This bill does not have proper safeguards and if it were possible to do so I would insist upon its correction but that can not be done.

Believing as I do that teachers' salaries are far below the salary scale in other employments, I am reducing the appropriation by one-half to take care of the situation until the Legislature is called to reconsider the teachers' pension matter. If at that time our survey shows the appropriation of \$4,500,000 has accomplished the desired purpose and the districts have done their part, another appropriation can be considered, particularly with relation to those districts which have reached their statutory tax limit.

I believe your Interim Committees have studied this situation and should be in a position to determine the merits of the situation. Obviously some appropriation should be made at this session, particularly for those districts which have reached their statutory tax limit. What that amount should be is naturally within your province to determine.

In the enactment of the Soldiers' Voting Act at the last special session, the Legislature, not knowing when National party conventions were to be held, was unable to avoid conflict between State party convention and National party convention dates. When the dates for the National Democratic convention were fixed they became identical with the dates for our Democratic State convention in California.

When this fact became known, I was visited by Democratic State Chairman, Assemblyman Robertson, and Attorney General Kenny who advised me that while they were extremely active, they had not yet acquired the ability to be two places at one time.

Taking the statement at its face value, I promptly agreed to include in the agenda for this session authorization to change the convention dates to enable full participation by the Democratic Party in both State and National conventions.

At the last regular session, the Legislature set aside one-half cent of the sales tax and a portion of the bank and corporation franchise tax and corporation income tax, to be used for postwar construction. It was estimated at that time that this source of revenue would produce \$43,000,000 during the biennium. Our present estimates indicate the total will more nearly approximate \$62,000,000.

At that time you also appropriated \$1,250,000 for use in preparing plans and specifications to service a building program of approximately \$28,000,000. Work on these plans and specifications has been progressing satisfactorily and in a comparatively short period of time the entire amount will have been expended.

It now appears that if we are to have a building program adequate to the needs of the State and in keeping with the surplus which it is estimated we will have on June 30, 1945, the Legislature should make an additional appropriation for building construction purposes. It should also make an additional appropriation for plans and specifications as well as for necessary sites needed to make the program complete.

A building program, to be effectual, must be ready to function whenever postwar employment conditions need it. In order to be ready, plans and specifications must be completed and the sites upon which the buildings are to be constructed must be owned by the State.

This matter has been thoroughly discussed with your Interim Committees. On April 10th of this year I met in joint session with the Senate Postwar Construction Program Committee, the Assembly Postwar Rehabilitation Committee and the Legislative Budget Committee to seek advice in regard to administrative procedure.

I believe these committees have at least tentatively agreed upon a program of legislative action at this time. That program, in my opinion, is reasonable, forward looking, and is capable of being adequately financed by the State.

I know in your deliberations you will be considerate of the fact that California is said to have acquired an additional population of a million and a half people since the 1940 Census. There has been no new construction for several years. There will be none until the war ends. Our State institutions are woefully overcrowded and many of their buildings have been condemned as fire or earthquake hazards.

Experience has shown that the population of our mental and correctional institutions will grow abnormally in the years following the war. Our university and State colleges will be overcrowded as a result of our population gains and returning youthful veterans.

For years, because of restricted State finances and abnormal relief costs, we have been unable to maintain our physical plants at these institutions in keeping with the needs of a fast growing State. It will be imperative that we do this one time or another. We now have the funds with which to catch up with needs at the conclusion of the war and without mortgaging the future of any of our citizens. We will be able to do this at a time when the Country will need every job it can produce in order to bring about an orderly transition from war to peacetime conditions. The details of the program, of course, rest in your sound discretion but I believe a sound approach exists for action now on what, in ordinary times, would be called a 10-Year Building Program.

In keeping with our program for reconstruction and reemployment after the war, it seems to me that cities and counties should be aided and encouraged in developing a building program similar to that which the State is undertaking. To encourage such programs the State could well appropriate a sum of money to be expended by the cities and counties on a matching basis with the State, for the preparation of plans and specifications. Such a proposal is included in the agenda of this session.

Insofar as veterans' legislation is concerned, we have been studying the situation very diligently and have been in communication with various State-wide agencies. Through a committee of the Reconstruction and Reemployment Commission, we have endeavored to explore the field in which we could be of additional service to veterans. We have collaborated with the Assembly Committee on Military Affairs and know that this committee, headed by Assemblyman McCollister, has likewise endeavored to develop a program.

However, the fact that deters us is that the Federal Government has not yet determined upon its jurisdiction in veteran matters. There has yet been no delineation in the field of responsibility and action, and the so-called "G. I. Bill," which will necessarily influence any State program, is still in conference. It has therefore been impossible to develop a general State program in addition to what is already being done by the Veterans' Welfare Board looking toward the purchase of homes and farms, the resumption of education, and methods of assistance to veterans in the prosecution of their claims.

There are, on the other hand, some miscellaneous things such as the relief of veterans from penalties under the California Gift Tax Act and authority for the State to contract with the Federal Government for the education of returning veterans, which should be considered at this time. These matters are included in the call.

If the so-called "G. I. Bill" should be enacted into Federal law and the Legislature should desire to consider a supplementary Veterans' Program as a result, I will—upon its request—be happy to call another special session coincidental with this one.

There was appropriated at the last regular session for the Farm Production Council the sum of one and a half million dollars to be used by it in the administration of the California Food and Fiber Production Act.

This amount will have been entirely expended by the end of the fiscal year. An additional appropriation will be necessary if the work of the council is to be carried on this harvest season.

I believe it is the consensus of opinion on the part of the farmers of the State that the council as created by you at the last regular session was a major factor in the successful harvest of our food crops in 1943 without loss due to lack of manpower. In that year, 15 per cent of the farm laborers were Mexican nationals sent here through the cooperation of the Mexican Government. Twenty-five per cent were volunteers, many of whom had never worked on farms before and whose services would not have been available had it not been for the recruitment and other activities engaged in by the council in conjunction with the Federal Government. The council will present its needs to you and I commend its request to you for favorable consideration.

Since the enactment of the very splendid War Powers Act in 1943, which was designed to protect our State in emergencies as great even as invasion, the military situation on the Pacific Coast has materially changed for the better. As a result the entire civilian defense situation has been reviewed by a commission appointed by Lieutenant General Delos C. Emmons of the Western Defense Command.

It is the belief of the War Council and myself that we can conform to all the suggestions of that report without the necessity of maintaining the complete organization provided for in the Act of 1943. It is, therefore, my suggestion that the act be reviewed and brought into line with present day conditions. The four legislative members of the War Council will, I am sure, be able to bring to you, not only the opinion of the War Council, but their own knowledge of what is necessary to accomplish this purpose.

For a long time thoughtful people have been concerned over the black markets that have been developing in connection with the sale of rationed commodities. The sale of gasoline particularly has opened up a field of criminal and well nigh treasonable activi-

ties which have permitted thoughtless and irresponsible people to purchase illegal gasoline to an enormous aggregate. This gasoline we all recognize should either be available for our military forces overseas or for law abiding citizens who need it and are entitled to it under the law for their business and home affairs.

I am told by the Federal Government that, "In San Francisco and Los Angeles, the actual known diversion of gasoline into black market channels totaled about 70,000 gallons per day for a period of the last two months, March and April."

If continued at the same rate over a period of a year 25,000,000 gallons of gasoline would be unlawfully diverted in our two major cities. This condition is intolerable. Every Governmental agency and every good citizen should do his best to end it.

Enforcement of price ceilings and the regulation of the sale of rationed commodities is a Federal activity too complex for the State to now attempt to supplement. But, I believe there is no reason why the good citizens of this State—the mothers and fathers, of our boys who are poised on the shores of England for the invasion of Europe—should be compelled to sit idly by and watch a group of underworld racketeers counterfeit Governmental coupons or steal and sell genuine ration tickets. At least we should try to put them in our penitentiaries and prevent further breakdown in law enforcement.

I, therefore, suggest to the Legislature that it give its consideration to the enactment of a bill which will make it a penal offense for persons to counterfeit ration coupons or traffic illegally in genuine ones.

There are a number of other items on the agenda that I need not take your time to discuss in this message. They were all matters which have been selected because they appear to be emergency in character and call for some solution at the moment. In the selection of these items, I have counselled with your Speaker, with the President pro tempore of the Senate and we are in agreement that these matters should be called to your attention. There were many other requests for matters to be included, but they were omitted because they did not appear to be of a character that required your attention at a session of this kind.

I regret that the number of items is as large as it is. I hope you will be able to dispose of them without unduly prolonging the session. I know the sacrifices you all make in coming to Sacramento during these war times. But I also know your interest in the welfare of our State and in doing everything that is necessary to enable California to do her part in the war.

We have done everything we could to advise you of the nature of the items on the agenda and have worked with all of your Interim Committees. We have been free to offer our suggestions and our counsel, recognizing at all times that the final determination is in your hands. We are approaching the most solemn hour in the history of our Nation. We all look forward confidently to victory, but we all know in our hearts that the greatest sorrows of the war may still lie ahead. The sacrifices of our boys in all parts of the world call for the best that is in all of us here at home. It is in this spirit that I ask you to meet here in the interests of our State and Nation, and I know it is in that spirit that you have responded.

ADJOURNMENT OF JOINT CONVENTION

At 12.30 p.m., there being no further business, upon motion of Assemblyman Sam L. Collins, seconded by Assemblyman Johnson, the Speaker of the Assembly declared the Joint Convention adjourned sine die.

IN ASSEMBLY

At 12.34 p.m. the Assembly reconvened.

DEAR MR. OHNIMUS: I wish to express my sincere thanks and appreciation to the Members of the California Assembly, to the Honorable Charles W. Lyon, to the Honorable Jacob M. Leonard, to the Honorable Thomas A. Maloney, and to you, for the warm friendship, kindness, thoughtfulness and sympathy shown me in my recent sorrow.

The embossed resolution, which arrived a few days ago, touched me deeply. I am sure that Mr. Baker, too, appreciates. I shall cherish the "Resolution" always as one of my most valued possessions. I am having it properly framed for our home.

It will, indeed, bring to mind pleasant memories of the days Mr. Baker and I spent together at the Capitol in Sacramento with each of you and our loving and devoted friends.

Sincerely

PEARL E. BAKER

By Speaker Lyon :

The following communication was received, read, and ordered printed in the Journal :

June 5, 1944

The Honorable Charles W. Lyon, Speaker of the Assembly, California Legislature, State Capitol, Sacramento, California

DEAR SPEAKER LYON: The California State Employees' Association takes this opportunity to express to the Members of the Assembly of the California Legislature the sincere thanks of the employees of the State for the unanimous action of the Assembly in passing Assembly Concurrent Resolution No. 10 at the January, 1944, Special Session. By this resolution the State Personnel Board was requested to take immediate steps to provide equitable adjustments in the salary ranges for all State employees, and the appointing power and Director of Finance are requested to make equitable adjustments within such salary ranges, giving due consideration to the increased responsibilities borne by those employees remaining in the service and to the wages and salaries that might be earned by such employees in other employment.

This indication on the part of the Members of the Assembly that they believe in adequate compensation for State employees is appreciated by the employees of the State of California.

Yours very truly,

CALIFORNIA STATE EMPLOYEES' ASSOCIATION
JAMES H. PHILLIPS, Counsel-Executive Secretary

REQUEST BY MRS. NIEHOUSE

INTRODUCTION, FIRST READING, AND REFERENCE OF BILLS

The following bills were reported back from the Legislative Counsel Bureau, and read the first time :

Assembly Bill No. 1: By Mr. Middough—An act to amend Section 5014 of the Public Resources Code, relating to the appropriation of moneys in the State Beach Fund.

Referred to Committee on Ways and Means.

Assembly Bill No. 2: By Messrs. Lyon, Wollenberg, Field, Maloney, Leonard, and Kellems—An act to add Section 2.5 to an act entitled "An act providing for the designation of money in the State Treasury as surplus money, authorizing the investment and reinvestment of such money

in certain classes of bonds, directing the disposal of interest or premiums received therefrom and permitting the subsequent sale or exchange of the bonds so purchased," approved June 10, 1913, relating to the designation of surplus money in the State treasury, declaring the urgency thereof, to take effect immediately.

Referred to Committee on Ways and Means.

Assembly Bill No. 3: By Mr. Johnson—An act reappropriating to The Regents of the University of California for construction, improvements and equipment at the University of California the appropriation contained in an act entitled "An act making an additional appropriation for construction, improvements and equipment at the University of California," approved July 8, 1941.

Referred to Committee on Ways and Means.

Assembly Bill No. 4: By Messrs. Johnson and Dunn—An act to amend Sections 6512, 6513, 6520, 6641, 6660, 6661, 6697 and 6701, and the title to Article 2 of Chapter 6 of Part 1, of Division 6 of the Health and Safety Code, relating to sanitary districts, and declaring the urgency thereof, to take effect immediately.

Referred to Committee on Judiciary.

Assembly Bill No. 5: By Messrs. Stream, Dilworth, Collins, Sam L., Beck, Brown, Weybret, Erwin, Heisenger, Thorp, Guthrie, Clarke, King, Price, Thompson, Miller, Crichton, Fourn, Lowrey, Watson, and Armstrong—An act making an appropriation to carry out the provisions of Chapter 613 of the Statutes of 1943, relating to the control and eradication of Oriental fruit moth, declaring the urgency of this act, to take effect immediately.

Referred to Committee on Agriculture.

Assembly Bill No. 6: By Mr. Lowrey—An act to amend Section 7305 of the Education Code, relating to average daily attendance of high school districts, declaring the urgency thereof, to take effect immediately.

Referred to Committee on Education.

Assembly Bill No. 7: By Messrs. Guthrie, Crichton, Heisinger, Clarke, Brown, Weber, Johnson, Knight, T. Fenton; Thompson, and Dunn—An act making an appropriation to be expended pursuant to the Property Acquisition Act for the acquisition of additional real property for use of the Fresno State College and in furtherance of the Postwar Building Program.

Referred to Committee on Ways and Means.

Assembly Bill No. 8: By Mr. Burns—An act to amend Section 10753.5 of the Revenue and Taxation Code, relating to the vehicle license fee.

Referred to Committee on Revenue and Taxation.

Assembly Bill No. 9: By Mr. Burns—An act to add Section 160.1 to the Vehicle Code, relating to registration of vehicles.

Assembly Joint Resolution No. 1: By Messrs. Doyle, Field, Lyon, Charles W., and Dills, Ralph C.—Relative to the sale by agencies of the Federal Government of unneeded war materiel.

Referred to Committee on Rules and House Functions.

Assembly Joint Resolution No. 2: By Mr. Kilpatrick—Relative to memorializing the Congress of the United States to make a survey of the needs of various schools for adult manual education, before authorizing disposal of equipment or machinery used in the production of war materiel.

Referred to Committee on Rules and House Functions.

APPOINTMENT OF SPECIAL COMMITTEE

The Speaker announced the appointment of Messrs. Johnson, Field, Robertson, Knight, T. Fenton; and Stream, as a Special Committee to arrange for Senator Pat McCarran's address before the Assembly.

RESOLUTIONS

The following resolution was offered:

By Messrs. Evans, Lyon, Charles W., Field, Burns, and Wollenberg:

House Resolution No. 16

Relative to Mrs. Adele A. Bromley

WHEREAS, Mrs. Adele A. Bromley, the mother of former Assemblyman Elmer P. Bromley, came to her final rest in the City of Taft, California, at the age of 73 years; and

WHEREAS, Mrs. Adele A. Bromley had been for many years a resident of this State, and throughout her long life devoted to her family and to her community; now, therefore, be it

Resolved by the Assembly of the State of California, That by this resolution the Members of this Assembly hereby convey their regret and deepest sympathy to the children of Mrs. Adele A. Bromley; their former colleague Elmer P. Bromley, and his sisters, Mrs. Gladys O. Mitchell of Taft, and Mrs. Elizabeth O. White of Los Angeles; and be it further

Resolved, That when this Assembly this day adjourns it do so out of respect to the memory of Mrs. Adele A. Bromley; and be it further

Resolved, That the Chief Clerk of this Assembly transmit suitably engrossed copies of this resolution to the family of Mrs. Adele A. Bromley.

Request for Unanimous Consent

Mr. Evans asked for, and was granted, unanimous consent to take up House Resolution No. 16, at this time, without reference to committee.

Resolution read, and adopted by a rising vote of the Assembly.

Speaker Pro Tempore Presiding

At 2.40 p.m., Hon. Thomas A. Maloney, Speaker pro tempore of the Assembly, presiding.

MOTION TO PRINT REPORT IN JOURNAL

Mr. Leonard moved that the following report be printed in the Journal: Mr. Bashore seconded the motion.

Motion carried.

Partial Report by Joint Legislative Committee on Study of Tax Structure

Adult Education

Cost of Adult Education

This partial report will deal only with the financial aspects of educational matters.

Considerable study was given to the matter of adult education. From the Department of Finance the committee ascertained the costs to the State for adult education for the period 1933-34 to 1943-44:

1933-34	\$1,517,040 00
1934-35	1,416,600 00
1935-36	1,655,910 00
1936-37	1,709,550 00
1937-38	1,805,940 00
1938-39	2,195,010 00
1939-40	2,679,840 00
1940-41	3,010,500 00
1941-42	4,028,310 00
1942-43	6,045,930 00
1943-44	5,203,080 00

Under the State Constitution, the State Government is required to appropriate \$30 from the High School Fund, and at least \$60 from the General Fund for each unit of average daily attendance in high schools, a total of \$90 per A. D. A. The appropriation for district junior colleges required by the School Code is \$90 per A. D. A. By applying this factor of \$90 for each unit of average daily attendance to the total reported attendance in classes held chiefly for adults, we have computed the approximate trend of the State expenditure for adult education in the public schools over the period of the last 10 years. From a total of approximately \$1,500,000, just after the transfer of the so-called county matching requirements to the State expenditures, expenditures of State moneys have shown a continuous increase to a total in excess of \$6,000,000 in 1942-43. During the present year this cost has decreased for the first time in a decade. In all fairness, it should be stated that the large increase shown for the last three years is undoubtedly due to the war. The increase in attendance during 1940-41, which resulted in an expenditure of over \$4,000,000 in 1941-42, was due to training of industrial workers for defense plants. The further increase, the following year, was no doubt due to training of industrial workers and civilian defense personnel, air raid wardens, first aid people, and so forth, with similar courses undoubtedly accounting for a large number of the total required this year. It should also be pointed out that, in addition to the moneys received from the Federal Government for the purpose of conducting war production training, the schools took advantage of the situation and also claimed those same trainees for A. D. A. from the State. This resulted in those schools conducting war production training courses, under the guise of adult education, receiving double compensation from the State and Federal Governments for the same operation.

Heads of school districts, testifying before the committee, stated that they had accumulated over a period of a year in excess of \$150,000, because of the duplication in collecting funds.

In addition to the foregoing costs to the State of adult education, bonus apportionments are allowed adult education schools for the first 30 units of A. D. A. each year. In accordance with Section 4.873 of the School Code, \$732,840 was allocated in bonuses for the current year, and, in accordance with Section 4.885 of the School Code, an additional amount of \$366,420 was also apportioned as a bonus during the current year. In other words, \$1,099,260 was apportioned as a bonus apportionment to special day and evening classes and evening schools for the present fiscal year, 1943-44. This is in addition to the regular average daily attendance apportionment to the school districts by the State.

We have determined that some school districts are taking advantage of this Bonus Apportionment Law in that while the Legislature evidently intended that only one bonus should go to a school district for special day and evening classes, it has been interpreted that bonus apportionments will be allocated to each adult school in the district, with the result that in one school district we find seven adult schools claiming the bonus apportionment for the first 30 students in each of the seven schools, resulting in that district receiving bonus apportionments in the amount of \$41,300,—in addition to receiving their regular A. D. A. apportionments.

It is our recommendation that Sections 4.873 and 4.885 of the School Code be repealed at the first opportunity, thereby resulting in a more equitable distribution of school funds for the benefit of all schools for which they were intended and not merely for adult education. The sections enumerated deal with the allocation of bonus apportionments in connection with adult education.

We further recommend that the law should be amended to define adult education. That no class in adult education may be established or continued for less than 15 persons in average daily attendance per session, over a one-month period.

In as much as adult education is a program distinct from regular educational activities, in form of instructions, as well as in patronage and public opinion, it is recommended that the law be amended so that all information relating thereto will be kept and reported separately.

We further recommend that each school assemble complete data, and keep up to date :

- A. The educational status of adult students ;
- B. The occupational status of adult students ;
- C. Age ranges ;
- D. Statistics on class sizes ;
- E. The percentage and ratio of survival by classes, which would indicate the holding power of classes ;
- F. The cost of instruction per pupil per hour in the various classes.

We feel that the above recommendations are absolutely necessary and that further study should be made in regard to adult education activities, so that additional corrective legislation, if necessary, might be introduced in the Regular 1945 Session.

We are convinced that when all information is available relative to the methods in which adult education classes are being conducted, and the methods by which people are solicited by telephone, letters and the ringing of doorbells, urging them to attend adult education classes, the Legislature will want to take definite action to correct these conditions.

War Production Training Courses

School Districts Claim State A. D. A. Apportionment for War Production Training Classes

Under the existing State laws, schools conducting war production training classes may legally make claims to the State for A. D. A. The trainees in such programs are counted by the school district in computing its claims for A. D. A. Such claims based upon war production training classes are not separated from the regular school A. D. A. as reported to the State Department of Education. Claims for war production A. D. A. can only be verified in the local district. There is a wide discrepancy as between districts in accurately recording A. D. A.

Federal Funds Are Made Available to Finance War Production Training

The above claims are made by local school districts for State A.D.A. apportionment despite the fact that Federal funds have been made available to finance war production training classes. Federal funds may be expended for the cost of instruction, cost of supervision, cost of guidance, for consumable instructional supplies, for necessary equipment for the training program, for power, light, and heat, and for the rental of buildings necessary to have training programs.

(It is only fair to point out that Federal regulations are strict in respect to allocations of funds for the above items. For instance, if power and light for war production training classes are not separately metered, from utilities for regular school classes, the school must pay for the entire costs. Also, the school is faced with the deterioration resulting from the use of its buildings and any costs of alterations made to fit the needs of conducting the training program.)

In certain industrial areas, industry in some instances has aided the program materially by furnishing supplies for training, making buildings available or constructing new buildings.

Auditing of Claims for A.D.A.

Commendation and credit must go to the late J. C. Beswick, State Director of War Production Training, for his insistence that school district claims for A.D.A., based upon war production training, be audited by the Department of Finance. All other claims for A.D.A. are NOT audited by an outside agency. The Division of Research and Statistics, State Department of Education, makes an arithmetical check of school districts reports for accuracy in the Sacramento offices, but this is a far cry from auditing the claims in the districts.

Have the Local School Districts Made Money on This Program?

It goes without saying that the local school districts have made money on this program. Confidential comment indicates that many were prompted to undertake war production training classes because of the prospects of accumulating additional funds. The extent to which this has been done can only be ascertained by an audit and financial analysis of each school district involved.

Possible Solution

Tax levies for the support of public schools should be on the basis of need. It is contrary to sound public financial policy to take from the taxpayers more money than is needed to furnish a high standard educational program.

Our State laws should be strengthened to prevent school districts from using various programs as a vehicle for building up their local finances. California has always provided generously for its School System. However, present loopholes in the law which permit local school districts to profit from Federally financed war production training courses should be plugged by the Legislature at the first opportunity.

Star Units

Sworn testimony before the committee informed us that a number of junior colleges have leased their buildings to the United States Army for the purpose of instructing Army personnel. In consideration of this leasing, junior college districts receive an annual rental from the Army for the use of the buildings. The school districts also receive annually 4 per cent of the appraised value of the buildings used for the purpose of paying for depreciation. The Army, furthermore, paid for all new equipment needed and all remodeling necessary. The Army also paid for all costs of instruction. In the instances of these star units, the local school districts receive every cent of cost from the United States Army. Testimony divulged that in addition to receiving all these funds from the United States Army, all Army personnel are counted as students and reported to the State as A.D.A., and receive apportionments of State funds, in accordance therewith.

Testimony divulged that some districts, by using the above method, have accumulated reserves in an amount as high as \$150,000 for one year's operation. It is our contention that schools are not to be operated for the purpose of accumulating funds, but should be operated only for the benefit of the students.

It is our recommendation that legislation be adopted at the first opportunity to provide that schools, entering into a contract with a Federal agency, should first have the approval of the State Department of Education, so that we might have a standardized, uniform contract between the school districts and the Federal agencies.

We further recommend that legislation be adopted to provide, in those instances where the school districts have entered into a contract with a Federal agency, that the only moneys that may be received from the State in connection therewith, shall be the difference between the total cost of the operation and the amount paid by the Federal Government for that operation.

Testimony also divulged that in several instances in California junior colleges had agreed to send instructors to the Army bases for the purpose of instructing Army personnel at the bases. The Army personnel taking the courses at the bases were counted as students, and were reported as such by the various school districts, and were reported to the State Department of Education by the various school districts for the purpose of claiming A.D.A. apportionments, which were paid to the districts for these activities.

We feel that we should point out in this report that the education of the Army, Navy and Marine Corps personnel is the problem of the Federal Government, and not of the various States, and that if we should continue to follow the procedure that has been practiced, it will be but a short time until all our school finances are being utilized for the purpose of educating out-of-State Army personnel, with the result that there will not be sufficient funds available to properly educate our own children.

Veterans' Rehabilitation

Testimony has shown that the Veterans' Administration is now entering into contracts with various State schools for the purpose of educating and rehabilitating veterans of World War II. However, there is no uniformity between the schools in California as to what the charges should be against the Federal Government for rendering this service. San Francisco Junior College, for example, has already signed one contract requiring the Federal Government to pay the school district of San Francisco the sum of \$70 per year per veteran for this service. Glendale Junior College, on the other hand, has entered into a contract with the Veterans' Administration for the purpose of rendering the same identical service as that of San Francisco Junior College, but has only required the Federal Government to pay to the Glendale Junior College district the sum of \$40 per year per veteran. This will result in the local taxpayers having to pay a higher tax rate for the purpose of carrying on such a program. We strongly recommend legislation to require all school districts, entering into contracts with the Veterans' Administration for the purpose of rehabilitation of the veterans, to first have the approval of the State Board of Education before entering into such contracts. We further recommend that legislation be adopted to preclude the school districts after having received the total cost of operation from the Federal Government from counting these veterans as students for the purpose of obtaining apportionment of State funds for their districts. We also recommend that the State Board of Education make a survey to determine the cost to each school for the purpose of rehabilitating the veterans, and that contracts between the local school districts and the Veterans' Administration be approved only when the Veterans' Administration agrees to pay the entire cost of the program.

We feel that we should point out that, because of the climatic conditions in California, we may well expect hundreds of thousands of veterans to be moved into California during their recuperating period, and that if the above outlined program is not followed, the tax burden will become unbearable on the people of California.

Elementary School Average Daily Attendance

The 1943 Legislature passed two bills which are related to the establishment and financing of teachers' salaries in elementary school districts.

Senate Bill No. 307, Chapter 1085, 1943 Statutes, increased the State apportionment per unit of A.D.A. from \$60 to \$66 and for each teacher unit from \$700 to \$785 and appropriated \$4,500,000 to be "used only for salaries of certified employees of the elementary school districts." Assembly Bill No. 604, Chapter 1127, 1943 Statutes, increased the minimum salaries of full time certified school district employees from \$1,320 to \$1,500 and minimum part time salaries proportionately. The minimum salary was made effective from July 1, 1943, to June 30, 1945.

Advocates of Senate Bill No. 307 stressed the point that the increase in the A.D.A. was needed to pay for increases in teachers' salaries in order to retain an adequate teaching staff. The same advocates urged the passage of Assembly Bill No. 604, which increases the minimum salaries paid teachers from \$1,320 to \$1,500 per year also as a means of attracting and retaining an adequate teaching staff and to help compensate for the increased cost in living.

Although the bill increasing the apportionment of State funds to elementary school districts states that any moneys so apportioned "shall be used only for salaries of certified employees of the elementary school districts," nothing in the bill designates that the funds should be used only to pay the cost of increasing salaries to meet the newly established minimum salary of \$1,500 per year, as provided by Assembly Bill No. 604.

The Governor's View in Approving Legislation

Governor Warren recognized this in his study of the bill and stated:

Senate Bill No. 307 is ostensibly for the purpose of supplying funds for increasing the salaries of elementary teachers although it does not expressly so provide and may be used for any salary purpose. It appropriates \$8,250,000 for that purpose. The bill does not have proper safeguards and if it were possible to do so, I would insist upon its correction but that can not be done.

Believing as I do that teachers' salaries are far below the scale of other employments, I am reducing the appropriation by one-half to take care of the situation until the Legislature is called to reconsider the teachers' pension matter. If at that time, our survey shows the appropriation of \$4,500,000 has accomplished the desired purpose and **THE DISTRICTS HAVE DONE THEIR PART**, another appropriation can be considered, particularly with relation to those **DISTRICTS WHICH HAVE REACHED THEIR STATUTORY TAX LIMIT**.

Amount Needed to Increase Elementary School Teachers' Salaries to New Minimum of \$1,500

It was decided to conduct a study to ascertain just how much money would be needed to increase the salaries of elementary teachers to the newly established minimum of \$1,500. Official State records in the office of the Teachers' Retirement System were made available for research. The data was obtained from the County Superintendent's Annual Report to the Retirement System. Full-time and part-time teachers were included in the tabulation.

Out of the \$4,500,000 appropriated under Chapter 1085 as "Emergency A.D.A.," \$4,203,421 has been apportioned by the State. The amount of apportionment on a county basis is presented in the attached table. The survey indicates that for the State as a whole only \$397,147 was needed to increase those elementary school teachers' salaries which were below the newly established minimum of \$1,500. In other words, \$3,806,274 was apportioned elementary school districts **IN EXCESS** of what they needed to increase their teachers' pay up to \$1,500. The attached table shows these data on a comparative county-by-county basis.

Possible Corrective Action

The survey shows conclusively that approximately \$400,000 is required to raise the elementary school teachers' salaries to the newly established minimum of \$1,500. This is greatly less than the \$4,500,000 that was appropriated or the \$4,203,421 which was apportioned under the terms of the legislation.

However, this does not take into consideration that many school districts either levy no tax rate for maintenance, or have not reached their statutory limits. For 1942-43, 300 or 11.7 per cent of the elementary school districts in the State levied no rate for maintenance. The most common rate was in the 10 to 19 per cent bracket. Out of a total of 2,564 elementary school districts, only 112 were at the maximum rate of 80 cents set by law for districts not conducting kindergarten classes and only 40 were at the 90-cent maximum for those districts maintaining kindergarten classes.

It is difficult to foresee any hardship resulting to elementary schools if they were apportioned "Emergency A.D.A." on the present \$66 basis for the remaining year of the biennium, 1944-45, only if they had reached their statutory tax limit as of 1942-43. Also, as a condition, school districts which have been paying more than the newly established minimum of \$1,500, and most of the urban districts are in this category, need not be entitled to the "Emergency A.D.A." No information has yet been presented to indicate that local facilities of taxation have been exhausted by any considerable number of elementary school districts in the State.

NOTE: (1) Chapter 1085, 1943 Statutes. Increased the State apportionment per unit of A.D.A. from \$60 to \$66 and for each teacher unit from \$700 to \$785 and appropriated \$4,500,000 to be "used only for salaries of certified employees of the elementary school districts". Limits increase to period ending June 30, 1945.

(2) Chapter 1127, 1943 Statutes. Increased minimum annual salaries of full time certified school district employees from \$1,320 to \$1,500, and minimum part time salaries proportionately. The minimum salary was made effective from July 1, 1943 to June 30, 1945.

SOURCE: County Superintendent's Annual Report on Members Contributions and Service. For Year 1942-43—Ending June 30, 1943.

We further conducted a survey to determine the amount of surplus money on hand of the elementary school districts in California, county by county, for 1941-42, compared with 1942-43 (schedule attached).

It is very interesting to note that the fiscal year balances of elementary school districts for the year 1941-42, amounted to \$15,757,506.88. It is also interesting to note that that increased for the following year to the amount of \$18,064,563.59—an increase of \$2,307,056.71. This increase was built up at the time the school groups appeared before the Legislature, asking for additional emergency funds to pay for elementary school teachers' salaries. It is our recommendation that Chapter 1085, 1943 Statutes, increasing the State apportionment per unit of A.D.A. from \$60 to \$66 and for each teachers' unit from \$700 to \$785, be repealed.

We further recommend that an appropriation be made in the amount of \$400,000 to be appropriated to a Stabilization Fund, and to be allocated by the State Superintendent of Public Instruction to those elementary school districts after a showing is made that the districts have reached their statutory tax limit for the year 1942-43, and that this money is necessary to carry out the provisions of Chapter 1127, 1943 Statutes, increasing the minimum salaries of full-time certified school district employees from \$1,320 to \$1,500, and minimum part-time salaries proportionately. This chapter is only effective until June 30, 1945.

**A Report Recommending Certain Legislation Regarding Services
to Returning War Veterans**

Interim Committee on Military Affairs

ASSEMBLY, CALIFORNIA STATE LEGISLATURE, May 1, 1944

MR. SPEAKER: Pursuant to House Resolution No. 47, your Special Committee on Military Affairs respectfully submits the following report constituting its conclusions and recommendations on the subject of State aid to the returning war veterans, for the consideration of all Members of the Legislature.

The problem under consideration herewith is—how may we best bring to bear the resources of our local communities and of the State of California so that a genuine service will be available to the returning veteran. It is most important that some plan of service be devised at this time, since it is obvious that the number of persons returning to civilian life from our armed forces will increase rapidly and become immense as the war progresses and is finally over.

Therefore, your chairman called three meetings of our Interim Committee. We met first in Sacramento on March 31st, then in Los Angeles on April 12th and 13th, and

concluded in San Francisco on April 21st. The following persons appeared before the committee:

Mr. George Comte—Veterans Welfare Board
Mr. Richard Graves—California War Council
Col. Alexander Heron, California Reconstruction and Reemployment Commission
Capt. Robert S. Driver, U. S. A., Selective Service System
Mr. Preston Barr—American Federation of the Physically Handicapped
Mr. Wm. Sweigert—Representing Governor Warren
Mr. Ralph Waltham—Sacramento Chamber of Commerce
Mr. Harold Blanc—Sacramento Chamber of Commerce
Mr. Lynn Peterson—Legislative Representative of the American Legion
Mr. R. J. Klawans—Legislative Representative, Veterans of Foreign Wars
Mr. Don Clallin—Supervising Service Officer for So. Calif., The American Legion
Mr. Phil Hoffman—Supervising Service Officer, Veterans' Welfare Board
Mr. Wm. Houghton—California Department Commander, American Legion
And others, including Assemblymen Burkhalter, S. L. Collins and Debs

As a committee proposal it was suggested by the chairman that the system provided under Section 970 of the Military and Veterans Code, whereby permission was granted to the various counties for the appointment and employment of county service officers, whose duties are those pertaining to the claims, reemployment, and education of the returning veteran, might be enlarged and sponsored as a State function. In support of the proposal it was pointed out that 12 of our counties are already taking advantage of this legislation.

Each witness was questioned at length and allowed to present his own ideas and suggestions. All persons stated their agreement on the value of the committee proposal. Also, all persons subscribed to the thought that no new Governmental department need be created since any necessary administration could well be undertaken through the existing Veterans' Welfare Board of the State of California. It was pointed out that this board is already "in business" and is equipped with the necessary blanks, forms, and personnel.

Considerable testimony came before us to the effect that the recognized veterans' organizations are also in the business of servicing the returning war veterans and that their work should not under any circumstances be disturbed. It was emphasized that under Section 699.5 of the Military and Veterans Code the recognized veterans' organizations have been able to contract with the State Veterans' Welfare Board for the employment of service officers, and that the work being done in this manner is of great value.

The committee was officially informed that there are now in excess of 4,000 persons per month being discharged who belong in California and the committee thoroughly pursued the routine followed by these veterans. It was well established that there are ample agencies now in existence for the rehabilitation, reeducation, and general treatment of the veteran. (See memorandum concerning Services to Returning Veterans, dated 4-18-44, by Advisory Committee, State Reconstruction and Reemployment Commission). Seven of these service agencies are maintained by the Federal Government and five by the State of California. The lack of coordination between Federal Agencies, State Agencies, and community facilities is most apparent. The Federal Selective Service officers are charged with the responsibility of getting back the veteran's old job, although the Bureau of Vocational Rehabilitation, in our State Department of Education, is used if the veteran needs certain training. The most common directive given to returning veterans by the existing agencies seems to be that of sending them somewhere else. It would be a real accomplishment if all services could be officed at one place so that there would be one, and only one, place for a returning veteran to go for whatever service he or she might require. It was brought out that there are 92 United States Employment Offices in California, 18 of which are in Los Angeles, and it appeared desirable, though not entirely possible, to use such offices as the one point from which all services might operate.

Ample proof came before us that a much better service is being provided where contact can be made with a service officer operating under the above quoted section, and further that still better service is afforded in those counties now maintaining a local county service officer under Section 970 of the Military and Veterans Code.

It seems apparent, however, that the local service officers as employed by these few counties, would be more effective if they were authorized to receive credentials as field agents of the established veterans' organizations, with the result that they could present and pursue veterans' claims before the Federal Agencies.

The committee concluded from its recorded testimony that voluntary community interest in the problems of the returning veteran is of immense importance. Such community interest should be encouraged so that all persons, clubs, and organizations might participate by membership on local committees. It seems essential, therefore, that some pattern of committee formation, suitable guidance, and leadership should be provided by the State.

After hours of discussion the witnesses before the committee and the members of the committee themselves became centered on the original committee proposal, embodying the idea of a local service officer whose duty it would be to bring the resources of the local community into play with the various Governmental agencies, and thus be equipped to direct and assist returning veterans into and through the proper channels. Such service officers could well be located at the United States Employment Office (if one exists in the area) or at the County Court House. From direct questions put to each authority appearing before the committee it was obvious that, in their opinion, such a local county service officer would do an enormous amount of good, and it was further emphasized that such an officer would in no way conflict with the present activities but would instead be a direct complement to the existing agencies and to the State and local governments.

Along with the resulting proposal emanating from the above, the committee considered related problems which also appear in this report. Therefore, Mr. Speaker, your committee considerably sets forth the following recommendations:

For Immediate Action

1. The funds supplied to the Veterans' Welfare Board for the support of service officers working in connection with the recognized veterans' organizations, as per Section 699.5 of the Military and Veterans' Code, should be continued.

2. Section 970 of the Military and Veterans' Code, which simply granted permission to the counties for the employment of local service officers, at county expense, should be repealed.

3. A new and complete bill should be enacted thoroughly outlining the pattern of county service officers covering the following main points:

a. The Governor should appoint a State Advisory Committee on aid to the returning veterans, composed of the following membership: Three members from veterans' organizations, plus two members at large, which members at large should represent the various sections of our society such as labor and education.

b. Likewise, within 60 days, each and every county board of supervisors should appoint a similar committee at the county level, composed of persons having qualifications patterned after the State committee.

c. The committees should be maintained in an advisory capacity and the local county committees should be given the duty of recommending persons for employment as county service officers.

d. The Department of Education should be directed to set up a series of training courses to which all service officers must be detailed before entering upon their duties.

e. One or more such service officer should be employed in every county, and be paid a salary not to exceed \$3,600 per year, and be classed as county employees, though in counties of the fortieth to fifty-eighth class such service officers may be on the per diem basis.

f. The duties of such officers should be set forth in the bill as

1. To consider all veteran cases appearing in the community.

2. To bring to bear the resources of the area.

3. To properly channel each case to the appropriate agency.

4. To interest employers and keep both veterans and employers informed of opportunities.

5. To interview, refer, and follow-up special cases.

6. To be of general full time liaison service between his community, the agencies, and the veterans in promoting the veterans' welfare.

g. Coordination of all service officers, both county employed and those under contract to the veterans' organizations, should be done by the Veterans' Welfare Board, with the aid of the State Advisory Committee.

h. The salaries and expenses of this program should be borne entirely by the State of California, with an appropriation of approximately \$500,000 made to the Veterans' Welfare Board, to which board the authorities of the various counties would apply for reimbursement.

4. Death payments, back pay, and other items accruing to the estates of veterans from the Federal Government, exclusive of insurance, should be exempted from the requirements of California probate proceedings.

5. All contractors (including the State itself) undertaking projects that are of a public works nature should be required to employ not less than 30 per cent of the necessary labor from the ranks of returning veterans.

For Future Action

6. Legislation should be enacted by which the statutory pensions and payments for injuries and services paid to veterans by the Federal Government should be exempted and not computed as outside income under our statute by which aid is granted to the old aged needy.

7. A constitutional amendment should be put before the people by which the Legislature would be permitted to make direct appropriations to the recognized veterans' organizations for the fulfillment of rehabilitation services.

There may be those who will argue that it is inadvisable for the State to set up a program so designed to coordinate services to the veterans. The point may be made that the Federal Government, according to present indications, will seek to form and largely control policy in this field. However, our veterans are currently returning and the Federal Government is not at the moment in control of this work. Furthermore, it is the opinion of this committee that the State of California, through its administration, would be grossly negligent if the work of servicing returning veterans were absent from its operations. Certainly our fine State can afford some expenditures in this direction, and certainly we should be equipped with as thorough and progressive a system of services and care toward our demobilized service men and women as our resources, ingenuity, and manpower will permit.

We believe most sincerely that the adoption of the recommendations contained in this report will place the State of California in a workable position for the dispensation of its services, and that under the service officer proposal in particular the facilities of the Government agencies and the community resources may be best made available to the returning war veterans.

Respectfully submitted.

MOTION TO PRINT AGENDA IN JOURNAL

Mr. Field moved that the following Governor's Explanation of Agenda be printed in the Journal:

Motion carried.

Governor's Explanation of Agenda

Teachers' Retirement Bill

Item 1, Agenda

During the 1943 Regular Session, Assembly Bill 1107 was passed by the Legislature but vetoed by the Governor. This bill would not have become effective until July 1, 1944.

Since that time the Joint Interim Committee on State Tax Structure has been studying this problem and has held several meetings in different parts of the State. A great deal of work has been done by actuaries furnishing the committee with such information as was necessary in order that a sound retirement bill could be presented to the Legislature.

The Governor in vetoing this bill, in part stated:

It is my considered opinion that Assembly Bill 1107 should be disapproved principally for the reason that neither the Legislature nor the public in general nor myself have a clear picture of all its implications.

Not even the proponents can say what the cost will be to the State to set up the reserves necessary to function under the act and the best guesses appear to range from \$140,000,000 to \$180,000,000, spread over a number of years. No thorough study on behalf of the State has been made to determine the relative financial responsibilities of the teachers, the local districts, and the State.

There are in the act what appear to be inequalities between the contributions of the teachers in the smaller and larger communities.

It is my belief that this matter should be thoroughly studied by the State in conjunction with the teachers and the public, and that it should then be determined at a special session of the Legislature, called for that sole purpose within the next year.

I believe the people of California have confidence in the teaching profession of our State and that they will do full justice to them when the facts are fully before them. That also will be my aim.

Emergency A. D. A.

Item 2, Agenda

Legislation was passed at the 1943 Regular Session of the Legislature to provide for Emergency A. D. A. and increase in elementary school teachers' salaries. An appropriation bill was passed by the Legislature to increase the apportionment per unit A. D. A. from \$60 to \$66. The bill provided for an appropriation of \$8,250,000. The Governor signed the bill but cut the appropriation to \$4,500,000, and in reducing this appropriation stated.

This bill is ostensibly for the purpose of supplying funds for increasing the salaries of elementary teachers although it does not expressly so provide and may

be used for any salary purpose. This bill does not have proper safeguards and if it were possible to do so I would insist upon its correction but that can not be done.

Believing as I do that teachers' salaries are far below the salary scale in other employments, I am reducing the appropriation by one-half to take care of the situation until the Legislature is called to reconsider the teachers' pension matter. If at that time our survey shows the appropriation of \$4,500,000 has accomplished the desired purpose and the districts have done their part, another appropriation can be considered, particularly with relation to those districts which have reached their statutory tax limit.

This matter has been studied by the Joint Interim Committee on State Tax Structure and it has now made its recommendations which are to be considered by the Legislature in this special session.

High School District Emergency Aid

Item 2, Agenda

This bill amends Section 73.05 of the Education Code concerning credit for average daily attendance in high school districts. This section now guarantees an average daily attendance credit equal to 80 per cent of the 1941-42 attendance in the regular classes to high schools whose average daily attendance in 1942-43 and subsequent years is 500 or less in both regular and special classes.

This bill extends this guarantee to those school districts whose average daily attendance in the regular classes is less than 500, but whose average daily attendance in both regular and special classes is in excess of 500. This change in the law applies to school years for 1943-44 and subsequent years.

Bill to take effect immediately as an urgency measure.

Facts of Urgency

This problem was called to the attention of the Governor by the Department of Education and it appears that Senate Bill No. 618 introduced in the 1943 Regular Session by Senator Engle intended to guarantee to the small high school districts in the State for the duration, a minimum average daily attendance in regular day classes equal to 80 per cent of the attendance in similar classes during the school year 1941-42. It was the intention that the attendance in special day and evening classes for adults was to be considered in connection with this formula. As actually drafted, however, the bill merely guaranteed to those high school districts 80 per cent of Senator Engle's intention that the bill be so amended. Thus failure to amend the bill resulted in reducing the number of districts benefited under the bill and eliminated entirely the high school districts in Colusa County for whose particular benefit Senator Engle originally introduced the bill.

Thus, the Department of Education reports to the Governor that because of the failure to amend the bill as above indicated, 24 high school districts have been denied relief which it was originally intended they should receive, and a total of \$30,950 was not provided which should have been given to such high school districts.

(NOTE). Further details may be found in memorandum from the Department of Education in the file.

Change of Date of Political Parties Convention

Item 3 on Agenda

Assemblyman Robertson and the Attorney General have requested the Governor to place this item upon the agenda, stating that legislative action is of immediate urgency because under the existing provisions of the law the State conventions of political parties are required to meet in Sacramento on July 22, 1944. The National convention of the Democratic Party has been scheduled to meet in Chicago on the same date. Unless the time for holding the State convention is changed, California delegates to the Democratic National Convention must forego attendance at either one or the other convention.

General Provisions of the Bill

Amends Elections Code to change the date of State conventions of political parties from July 20th to August 11th, and the date of county central committee meetings from July 11th to August 4th, also makes other changes to conform to the changes made by this bill and the Soldiers' Vote Bill adopted at the Third Extraordinary Session.

Bill to take effect immediately—urgency measure.

Postwar Employment Reserve Fund

Item 4 on Agenda

On April 10, 1944, a joint meeting of the Senate Postwar Construction Program Committee, and the Assembly Postwar Rehabilitation Committee, and the Legislative

Budget Committee, was held, and these committees recommended to the Legislature that the additional sum of \$40,000,000 of the unappropriated balance in the State treasury be earmarked for appropriation by the Legislature for the following purposes which are set forth in the Joint Resolution adopted by said committee: "for the purchase of necessary lands for postwar construction; for the University of California, for its postwar construction, and to meet the cost of the preparation of plans and specifications for postwar projects and for such other postwar expenditures as the Legislature may deem advisable. * * *

This resolution was delivered to the Governor requesting that these matters be included in the next call for a special session of the Legislature.

General Provisions of the Bill

This is a new act—transfers \$40,000,000 in the General Fund in the State treasury which has not heretofore been appropriated by law, to the Postwar Employment Reserve to be available for expenditure only when appropriated by the Legislature.

Appropriation of \$2,000,000 From the Postwar Employment Reserve to the Department of Public Works

Item 5 on Agenda

This is a new act and appropriates \$2,000,000 from the Postwar Employment Reserve to the Department of Public Works for plans, surveys and other preliminary work to carry out State Building Program contemplated in Chapter 572, 1943 Statutes, which act provides that in order to meet the needs of the State for construction and rehabilitation of buildings and facilities when materials and skilled labor are once more available, a Postwar Employment Reserve Fund is established.

This bill is to take effect immediately—urgency measure.

Appropriation to University of California for Plans, Etc.

Item 6 on Agenda

This is a new act which appropriates an unspecified sum of money from the Postwar Employment Reserve to The Regents of the University of California for surveys, preparation of plans and specifications and other preliminary work necessary to a program of construction of additional buildings for the university.

This bill is to take effect immediately—urgency measure.

Appropriations Under Education Property Acquisition Board

Item 7 on Agenda

This is a new act, which creates the "Education Property Acquisition Board" consisting of the Director of Finance, Director of Education, and Attorney General (latter should have been blank—other constitutional officer or legislative representative is to be included) to acquire sites for construction as part of Postwar Building Program. Sites are to be acquired for buildings or other purposes specified in appropriation acts making funds available to be expended under this bill.

Acquisition of property is to be by condemnation only, and State Board of Control is to approve the price to be paid. The Department of Finance is to administer the property acquired pending use for construction purposes.

The bill also provides for a Revolving Fund, transfers unneeded funds from one appropriation to another, and for payment of expenses of acquisition as well as purchase price.

Appropriation Acts

San Jose State College, estimated amount of appropriation, \$700,000.

Fresno State College, estimated amount of appropriation, \$280,000.

San Francisco State College, estimated amount of appropriation, \$50,000.

Appropriations Under Administrative Property Acquisition Board

Item 7 on Agenda

This is a new act, which creates the "Administrative Property Acquisition Board" consisting of the Director of Finance, Director of Public Works, and Attorney General (latter should have been blank—other constitutional officer or legislative representative is to be included) to acquire sites for construction as part of Postwar Building Program. Sites are to be acquired for buildings or other purposes specified in appropriation acts making funds available to be expended under this bill.

Acquisition of property is to be by condemnation only, and State Board of Control is to approve the price to be paid. The Department of Finance is to administer the property acquired pending use for construction purposes.

The bill also provides for a Revolving Fund, transfers unneeded funds from one appropriation to another, and for payment of expenses of acquisition as well as purchase price.

Appropriation Acts

Site for Governor's residence, \$100,000.
Site for State Garage, Sacramento, \$110,000.
Site for State Office Building, San Francisco, \$400,000.
Site for State Office Building, Los Angeles, \$850,000.
Site for State Office Building, Sacramento, \$920,000.

Appropriations Under Institutions Property Acquisition Board*Item 7 on Agenda*

This is a new act, which creates the "Institutions Property Acquisition Board" consisting of the Director of Finance, Director of Institutions, and Attorney General (latter should have been blank—other constitutional officer or legislative representative is to be included) to acquire sites for construction as part of Postwar Building Program. Sites are to be acquired for buildings or other purposes specified in appropriation acts making funds available to be expended under this bill.

Acquisition of property is to be by condemnation only, and State Board of Control is to approve the price to be paid. The Department of Finance is to administer the property acquired pending use for construction purposes.

The bill also provides for a Revolving Fund, transfers unneeded funds from one appropriation to another, and for payment of expenses of acquisition as well as purchase price.

Appropriation Acts

Site for Langley Porter Clinic, San Francisco, \$20,000.
Site for State Psychiatric Research Clinic, Los Angeles, \$100,000.
Site for State Epileptic Institution, \$300,000.
Site for State Mental Hospital, \$400,000.
Site for State Maximum Security Institution, \$400,000.

Santa Barbara State College Branch University of California*Item 7 on Agenda*

This is a new act which appropriates \$26,000 to be expended by the Director of Finance to acquire real property for the use of the branch of the University of California at Santa Barbara.

Appropriation for Repairs and Improvements to State Buildings—\$1,000,000*Item 8 on Agenda*

This is a new act which appropriates \$1,000,000 out of money in the State treasury to the Emergency Fund specified in Item 221, Section 2, Budget Act of 1943, and in augmentation thereof, to be expended during the Ninety-fifth and Ninety-sixth Fiscal Years, for alterations, repairs, improvements and minor construction of State-owned buildings and structures.

Appropriation to Cities and Counties Postwar Works Program*Item 9 on Agenda*

Resolution passed by State Reconstruction and Reemployment Commission recommends to the Governor the inclusion in the agenda of the next special session the subject of financial aid to cities and counties for the preparation of engineering plans and specifications for postwar public works.

The Citizens Advisory Committee on Public Works also recommends this action.

The League of California Cities has also requested this item and suggests five to six million dollars allocation to cities and counties on a population basis to help defray the cost of engineering plans and surveys.

Farm Production Council Appropriation*Item 10 on Agenda*

This is a new act which appropriates \$1,014,882 to be expended during the Ninety-sixth Fiscal Year to carry out the provisions of the California Food and Fiber Production Act.

To take effect immediately—urgency measure.

Appropriation for Colorado River Board*Item 11 on Agenda*

This is a new act which appropriates \$50,000 for support of the Colorado River Board, to be expended during the Ninety-fifth and Ninety-sixth Fiscal Years.

To take effect immediately—usual current expenses. (Section 1, Article IV of the Constitution.)

This appropriation is urgent in that there is now pending before the United States Senate for ratification, a treaty between the United States and Mexico by which

Mexico is granted waters from the Colorado River in excess of the amount that is now used or can be effectively used by Mexico. If ratified, the treaty will so reduce the amount of water available to California as to prevent the future development and the expansion of agriculture and industry in Southern California. The appropriation is necessary to continue the work of the board in gathering evidence and presenting it to the United States Senate in support of California's contention in opposing the ratification of the treaty.

The proposed budget reads as follows:

Travelling expenses of board members.....	\$ 5,000 00
Travelling expenses of secretary.....	3,500 00
Printing, binding, express, and mailing.....	6,000 00
Public relations work.....	4,000 00
Office and stenographic expense.....	4,500 00
Legal service to be rendered under contract with Attorney General.....	16,000 00
Travelling expenses of attorneys.....	4,000 00
Expert witnesses.....	3,000 00
Reserve for contingencies.....	4,000 00
Total	\$50,000 00

Appropriation for the Reconstruction and Reemployment Commission

Item 12 on Agenda

This is a new act, which will appropriate \$100,000 to carry out the purposes of the State Reemployment and Reconstruction Act, to take effect immediately—usual current expenses.

Facts of Urgency

The Reconstruction and Reemployment Commission passed a resolution urging the Governor to place this request for an appropriation upon the agenda for the next special session of the Legislature, and stated that the commission needed a supplementary appropriation in the amount of \$100,000 for its work during the coming fiscal year.

In a report to the Governor from the commission it appears that the commission for the fiscal year beginning July 1, 1944, will have only \$65,000 available from its biennium budget of \$100,000. The present commitments for the period from July 1, 1944, to June 30, 1945, against this amount are \$55,340.

Because of the additional demands made upon the commission for assistance to local planning boards, requests for field service in different parts of the State, need for research work and assistance to certain State departments, it will be necessary that the commission have an appropriation of approximately \$100,000.

Appropriation for Blind Work Shops

Item 13 on Agenda

San Diego, appropriation \$50,000 for industrial work shop, to take effect immediately.

Los Angeles, appropriation \$150,000 for industrial work shop, to take effect immediately.

The facilities available for the blind work shops in Los Angeles and San Diego are reported by the Department of Institutions as inadequate. The report which I have received reads: "These two shops for the employment of blind people are in urgent need for adequate facilities at the present time to care for the manufacture of products for the armed forces." A detailed report from the Department of Institutions is in the file.

Oriental Fruit Moth Appropriation

Item 14 on Agenda

This is a new act which reappropriates money appropriated by Chapter 614, Statutes of 1943, for control of Oriental fruit moth by host plant eradication and indemnification of owners of plants removed, and to make money available for the General Program of Oriental Fruit Moth Control as provided in Chapter 613, Statutes of 1943.

Urgency measure.

Facts of Urgency

The Director of Agriculture has stated that this money is urgently needed for raising parasites, quarantine enforcement and fumigation, and that the present funds available will be exhausted prior to December 1, 1944; that this work must continue throughout the winter months, otherwise the important early spring work directed against the moth can not be carried on. He states, "this project as now conceived is the only hopeful one to delay the spread of Oriental fruit moth in such a manner as to safeguard against disastrous losses to California's deciduous fruit industry." He further states: "It is urgent that the coming special session of the Legislature reappro-

priate for the uses specified in Chapter 613, Statutes 1943, the unexpended funds remaining in the appropriation of Chapter 614, Statutes 1943, which originally was made available for eradication of the Oriental fruit moth by host removal and indemnification but expenditures thereunder discontinued as soon as surveys indicated the moth to be spread more widespread than preliminary surveys showed."

Reappropriation to Department of Employment

Item 15 on Agenda

This is a new act which reappropriates to the Department of Employment the unexpended balance of money appropriated under the Budget Act of 1941, the money to be used to match contributions to the State of California from the Federal Government under the provisions of the Wagner-Peyser Act.

Attached is a memorandum from Homer Buckley setting forth the reasons for the urgency of this legislative act.

Reappropriation of \$2,000,000—University of California

Item 16 on Agenda

This act will add Section 3 to Chapter 939, Statutes of 1941, so as to reappropriate \$2,000,000 thereby appropriated to The Regents of the University of California, and to remove restrictions as to the time within which the appropriation must be expended.

Facts of Urgency

The Legislature in 1941 appropriated this money to the University of California for a teaching hospital. In the Regular Session of the Legislature in 1943 this money was reappropriated. Due to a technicality, however, the appropriation was frozen by the last legislative act which prevents its expenditure. The urgency of this hospital facility in California is well recognized by everyone, and in order to have the facilities available immediately, it is necessary that this reappropriation measure be enacted. The university has reported that it receives the full endorsement of the medical staff of the armed forces and the American Red Cross. Both urge early completion of the building in order to take care of the present emergency.

Mr. Corley, Comptroller of the University, has furnished the Governor with a statement of facts showing the immediate need for this hospital facility.

State Beach Fund Appropriation

Item 17 on Agenda

This bill amends Section 5014, Public Resources Code, to appropriate the money in the State Beach Fund for the purposes for which the fund was created, that is, for acquisition, improvement and maintenance of State beaches.

History of Legislation

Senate Bill No. 731 (Chap. 969, Stats. 1943) abolished the "State Park Maintenance and Acquisition Fund" and created the "State Park Fund." Senate Bill No. 656 (Chap. 967, Stats. 1943) repealed a provision of the Public Resources Code relating to disposition of moneys credited to the State Lands Act Fund and created the "State Beach Fund." However, in this bill, under Section 5014, the words "which is hereby appropriated" were omitted, but were not omitted in the companion bill creating the "State Park Fund." Hence, it is recommended that Section 5014 of the Public Resources Code be amended to read as follows:

There is hereby created in the State treasury the State Beach Fund *which is hereby appropriated* for the acquisition, improvement, and maintenance of State beaches.

(NOTE) Mr. Henning agreed to furnish the Governor with facts and figures to show the urgent need of this appropriation.

Facts of Urgency

This proposed change has been considered an urgency by many organizations and individuals as well as by the State Park Commission and the Director of Natural Resources. The urgency presents itself, viz., through the fact that the 1943 State Legislature created a new position known as the Erosion Control Engineer as well as new legislation giving this division responsibilities over all beaches where State funds are to be expended for control or erosion or development. It is anticipated that during the next year the State Park Commission will require considerable additional allotments of funds from the State Beach Fund for the operations of the Erosion Control Engineer and its new responsibilities which can not be allotted from this fund under its present wording.

Last year an occasion presented itself where \$7,500 was urgently needed for the repair and maintenance of the Seacliff Beach Pier and in order to get this

money, a special allocation had to be made from the State Emergency Fund and legislation will no doubt be instituted in the next session of the Legislature to have the \$7,500 reimbursed to the State Emergency Fund from the State Beach Fund.

Investment of Surplus Funds

Item 19 on Agenda

This bill adds Section 2.5 to Deering Act 2828 to provide that surplus in the General Fund is to be determined excess over 110 per cent of actual disbursements during the twelfth month preceding, including amounts disbursed for purchase of bond investments and premiums and accrued interest on such investments.

Facts of Urgency

At the present time the investment of idle money in our General Fund is restricted by the provisions of the Surplus Investment Act adopted in 1913. Under the provisions of this law the determination of surplus funds in the State treasury at any time is limited to 75 per cent of the least amount of cash in the treasury during the previous 12 months. At a time of rapidly increasing balances such as the present, the volume of money on hand in the General Fund is frequently above the maximum amount which may be declared to be surplus funds within the limitation of the 1913 Act. As a consequence, the State is carrying cash balances far beyond its immediate needs and is sacrificing interest income which would be earned were it possible to invest these idle funds. For an example, at the end of April, 1944, the idle cash was \$25,000,000. In other words, this will liberalize the investment practices of the State. However, the State will be amply protected in the matter of cash to meet immediate needs and cash equal to 110 per cent of the State's probable financial requirements will be reserved at all times. The act will merely provide a measure of the maximum amount which may be invested. The actual declaration of excess cash will be retained in the hands of the Director of Finance and the State Treasurer, who in practice work with the State Controller in making the determination of unneeded funds.

Lastly, the money will be invested in obligations of the Federal Government, which like the \$91,000,000 now invested in such securities, may be cashed upon short notice should a pressing need arise. It should be mentioned that this proposed measure applies only to the State General Fund. Special fund receipts will be handled as in the past.

Benefits to be gained through the enactment of this recommended legislation include the additional contributions by the people of California to the Nation's war needs through the investment of idle State funds in war bonds or similar Federal securities, and will enable the State to earn approximately \$350,000 additional interest income during the current year.

Finally, this legislation will free the State's investment policy from arbitrary restrictions imposed over 20 years ago when the State's needs were not the same as those of today and the pattern of revenue income was distinctly different from the present where large volumes of revenue are received monthly.

Black Market

Item 20 on Agenda

This bill is aimed to strike at the racketeers who are dealing in counterfeit ration coupons and the actual counterfeiting of such coupons.

As has been seen from the public press recently, the underworld is making considerable headway in establishing itself in such rackets. The OPA has furnished the Governor information which indicates that the center of this racketeer activity is located in San Francisco, with distributing points at Los Angeles and elsewhere in the State. "Counterfeit coupons representing a potential black market involving over 400,000 gallons of gasoline were confiscated at the time of the arrest of Russell Youmans in San Francisco on February 16, 1944. By that time this particular type of counterfeit had spread to all parts of the State. In San Francisco and Los Angeles the actual known diversion of gasoline into black market channels totaled about 70,000 gallons per day for a period of the last two months (March and April). Our evidence indicates that over 200 service station operators had purchased counterfeit coupons in order to be in a position to sell gasoline without coupons or to cover past sales of this character. In some cities such as San Diego and Sacramento, as many as one out of every twenty C-2 coupons presented by motorists was counterfeit * * *

In sentencing the Youmans, Judge St. Sure of the Federal Court made the following statement:

* * * this is a case that affects the war effort of this Country. The defendants here are charged with a conspiracy to violate the Second War Powers Act, and I consider the charge a serious one. It is akin to treason.

There are approximately 50 different types of counterfeit ration currency now circulating in the United States.

The criminal underworld has been attracted by the easy and high profits made possible by the trafficking in ration currency, either counterfeit or stolen.

The report from the OPA states that gasoline is being sold without coupons for as much as 45 to 50 cents per gallon. Such sales can only be made where the station has access to counterfeit or stolen coupons. Rationing is done in California by 351 local boards staffed by volunteer local citizens. The report from the OPA to the Governor states: "Local enforcement officers have cooperated within the limits of their present legal authority. A State Anti-Black Market Act would greatly strengthen this cooperation. At the same time it would provide a State-wide network of officials having legal authority to act in black market cases. Prompt action by officials already on the ground will often accomplish, in a matter of hours, results that might require days of work by our investigators stationed in distant district offices. Such timely action may mean the smashing of State-wide criminal activities that could otherwise go uncontrolled.

Valuation of Motor Vehicles

Item 21 of Agenda

This measure amends Section 10753.5 of the Revenue and Taxation Code to extend through 1946 the present special provisions for valuation of vehicles for the "in lieu" tax which are applicable to 1944 and 1945.

Facts of Urgency

The Department of Motor Vehicles has reported that fixing the value of vehicles for the purpose of the vehicle license fee for the year 1946 is very urgently needed in that by freezing the vehicle license fees for this year the same as was done for the years 1944 and 1945, will result in the saving of at least \$300,000 to the department and many millions of dollars to vehicle owners, and unless this fee is frozen at the 1943 level, it will be necessary for the department to organize an appraisal crew for reappraising every vehicle now registered with the department, which of course would entail great expense, particularly in connection with administration costs. The Director of Motor Vehicles in this connection states: "The printing, typing, rating and mailing of these post cards will cost the department several hundred thousand dollars, and will, as it did in the past, prove very unsatisfactory. Whereas if the tax is frozen we will be able to place upon the 1945 certificate the 1946 fees and the public then will receive notice of their fees for that year."

The Director of Motor Vehicles further advises the Governor, "Vehicles that formerly sold for \$85 are currently going on the open market at better than \$200, and vehicles that sold for \$1,000 are now bringing from \$1,500 to \$1,800. Thus, you can see the saving that the freezing of the fee will give to the people of the State of California."

Extension of Registration Dates of Motor Vehicles

Item 22 on Agenda

This bill adds Section 160.1 to the Vehicle Code and authorizes the Governor to extend for not more than three months the period for re-registering motor vehicles, and establishes the date when penalty for failure to re-register attaches.

Effective only for the duration of the war and six months thereafter.

Facts of Urgency

A report to the Governor from the Director of Motor Vehicles states: "This is necessary because of the uncertainty existing as to when the Department of Motor Vehicles can secure sufficient steel to enable it to have its registration number plates manufactured."

He further indicates that if the steel is available so that the plates can be delivered on January 1st, no extension will be required. He then states: "If, however, and this seems very likely at this writing, it will be impossible to secure the plates until a date later than January 1st, the Governor will be asked to extend all the dates to conform to the time when the registration number plates will be available."

This bill will save many thousands of dollars to the State in mailing and in administration expenses.

Veterans Gift Tax Amendment

Item 23 on Agenda

This bill amends the Gift Tax Act of 1939, which will authorize the Controller to extend time for filing returns, paying taxes, or complying with the act, until 180 days after discharge or release from service in case of members of armed forces or auxiliary branches or of Merchant Marine, who are beyond the boundaries of continental United States.

The bill to take effect immediately as an urgency measure.

The Governor received a report from the State Controller stating: "We believe that this amendment is urgent. The Gift Tax Act empowers the Controller to grant an extension of time to file a return, but not exceeding six months from the fifteenth day of April of any calendar year (Section 40), but regardless of whether an extension of time for filing is granted, the tax will bear interest at the rate of 7 per cent per annum from June 15th until the date paid. There are other penalties provided for in the act which are very heavy, and there is no way of relieving a member of our armed forces from said penalties except by an amendment to the act. Unless * * * some remedial legislation as above suggested can be had prior to June 15th of the present year, the penalties provided for by the act can not be avoided and the Controller will be compelled to assess and collect the same against those members of our armed forces who, through no fault of their own, are unable to comply with the strict provisions of the act."

Bulk Sale of Grain

Item 24 on Agenda

This bill adds a new chapter to the Civil Code concerning the sale of bulk grain without actual change in possession.

The bill authorizes the purchaser of grain to establish storage facilities under his own control and to sell grain stored therein without the actual and continued change of possession otherwise required by Section 3440 of the Civil Code. It also provides that grain so stored may be resold by transfer of the bill of sale, and regulates such transfer and the rights of the seller, buyer and their assignees.

The bill to take effect immediately.

The California Farm Bureau Federation has reported to the Governor as follows:

The storage of burlaps due to war conditions has made it necessary for farmers to construct bulk facilities for the storage of grain. In most areas of the State no adequate facilities for public warehousing of the bulk grain exist, and due to war conditions no large scale facilities of such nature can be constructed. At the present time approximately 20 per cent of all grain produced in California is bulk stored on the farm in storage facilities owned, operated, or controlled by the growers. After such grain is sold to grain dealers and grain mills much of it, in accordance with trade custom, remains in storage on the farmer's premises until delivery is taken by the buyer. This has brought about a serious situation, as Section 3440 of the Civil Code renders bulk sales fraudulent as to the creditors of the seller unless in the sale of such personal property there is an immediate delivery followed by an actual and continued change of possession. A valid sale, therefore, can not be made when the bulk grain remains after sale in the storage facilities of the seller. Immediately affected is grain now being harvested and to be harvested this year and stored in private bulk storage facilities for purpose of sale. It is therefore necessary in order to promote a maximum production of grain in this State, and to facilitate the free movement of such bulk stored in the channels of trade, and to facilitate financing of such sales, that provision be made for the sale of grain by the grower without the necessity of immediate delivery and an actual and continued change of possession as heretofore required by law. The production and marketing of the grain crop of this State is essential to the health and welfare of the State, and to the successful prosecution of the wars in which the United States is now engaged. In order that the grain crop of the current season may be stored after sale on the farms where it is produced it is necessary that this act take effect immediately.

Interim Committee Upon Legislative Organization

Item 25 on Agenda

This bill provides for the creation of an Interim Committee to study and report upon legislative organization.

Facts of Urgency

This matter was called to the Governor's attention by Assemblyman Weber and was concurred in by Speaker Lyon, and has been discussed with the President pro tem of the Senate. The reason for the consideration of this matter at the special session has been stated by Assemblyman Weber as follows:

The reason for the consideration of such matters at the special session is that at a regular session it is impossible, because of the pressure of business, for the Legislators to give proper consideration to these matters so important to the efficiency of the legislative process, for at this time, the problems of the people and the executive branch of government, through pressure and expediency, become the primary considerations.

Amendment to Los Angeles County Flood Act, Increasing Tax Rate*Item 26 on Agenda*

This bill provides for an amendment to the Los Angeles County Flood Control Act (Deering Act 4463) to increase the maximum annual tax from 10 to 15 cents per \$100 of assessed valuation of real property.

The board of supervisors and W. A. Smith, Chairman of the Los Angeles County Flood Control District, reports to the Governor and among other things state: "Under the present limitations the district is unable to fully avail itself of the Federal funds available."

He further states that increase in maintenance cost necessitates a higher rate of taxation, this having been brought about "due to the tremendous growth of the county with the increased need of protection in areas formerly not affected."

He further states that this measure "is in line with tax limitations imposed in other similar acts. The San Bernardino County Flood Control Act carries a 20 cent limit. The same is true of the proposed Ventura County district."

Youth Authority Power to Contract*Item 27 on Agenda*

This bill has been requested by the Youth Authority to give it the power to contract with Federal agencies similar to the power that the Board of Prison Directors had previously had.

Facts of Urgency

The Director of the Youth Authority at the present time has under consideration a contract with the United States Army whereby approximately 200 boys can be taken care of at an Army arsenal and put to work repairing guns, tanks, and other damaged material which has been received from the battle fronts. This will not only be a financial saving to the State, but will enable the Youth Authority to place a large number of boys which heretofore its facilities will not permit.

Negotiations are pending in connection with this matter awaiting the proposed legislative action.

Proposed Constitutional Amendment Suspending Salary Limitation Provision as Set Forth in Section 5, Article XI of the State Constitution*Item 28 on Agenda*

This bill proposes to amend Section 5 of Article XI of the Constitution to authorize the Legislature by two-thirds vote to suspend the provision prohibiting increase of the compensation of a county, township, or municipal officer after his election or during his term of office.

Facts of Urgency

It has been called to the Governor's attention that a real emergency exists as to the compensation of certain county, township, and municipal officers, which compensation is restricted by Section 5, Article XI, which provides: "The compensation of any county, township or municipal officer shall not be increased after his election or during his term of office, ***".

The Governor has received other requests for increase of salaries, such as that of the State employees. In connection with the State employees' requests for increased compensation, the Personnel Board is now making a study and a survey which will be available for the Legislature to consider at its next regular session in January of 1945. If the Legislature proposes this constitutional amendment to the people and it is adopted in November, then all salary adjustments may then be considered by the Legislature in its next regular session.

The Governor has received a resolution from the Fresno board of supervisors which among other things states that due to the increase of living costs during the past few years, that the public officials' salaries who are restricted by the constitutional amendment are generally very low and entirely disproportionate to the salaries of those engaged in private industry.

Formation of Ventura County Flood Control District*Item 29 on Agenda*

This is a new act, which creates the Ventura County flood control district which is similar to the San Bernardino County Flood Control District Act—the act to take effect immediately as an urgency measure.

The Governor has received a resolution from the county board of supervisors of Ventura County requesting that this proposed legislation should be considered at the special session due to the fact that there are certain flood control problems in the county that demand immediate attention. The grand jury of Ventura County has also called this matter to the Governor's attention, and in its communication states: "The floods of the past several years have made such inroads into the banks of the rivers of Ventura County, and more particularly the last flood cut into the bank of the Santa Clara River to such an extent at Saticey that the entire Oxnard Plain

between the mouth of the Santa Clara River to Point Mugu is in danger. The Pacific Naval Advance Base at Port Hueneme is in this plain and in danger if the river leaves its present banks. If work is not done immediately upon these weakened spots along the river, irreparable damage will result."

Also, it has been called to the Governor's attention that the creation of this district is necessary in order to avail Ventura County of assistance by the Federal Government. The Governor also understands that this is not only approved by the board of supervisors and the grand jury of Ventura County, but is also urged by the Army engineers as necessary at this time.

Amendments to the Health and Safety Code Concerning Sanitary Districts

Item 30 on Agenda

This bill amends the Health and Safety Code relating to sanitary districts and clarifies provisions concerning powers of districts and purposes for which taxes may be levied and bonds issued, and specifically includes storm water drainage.

It also authorizes bond issues in annexed territory for any purpose for which district may issue bonds, instead of only for construction of sewers.

Bill to take effect immediately as an urgency measure.

Facts of Urgency

This is called to the Governor's attention by Dr. Halverson, Director of Public Health, and by the board of supervisors of Alameda County. It appears that though the present law permits the issuance of bonds to construct a drainage system in the district, through careless wording the act is not clear as to whether it may issue bonds to construct such system in annexed territory or to maintain them anywhere in the district. The immediate effect of this law is upon a public housing project involving a cost of approximately \$7,000,000 which is known as San Lorenzo Village, which is being constructed to house Navy personnel. The Navy requests for the completion of this project full sanitation and drainage facilities.

This legislation if acceptable will clarify the Sanitary District Act with reference to storm drainage systems.

Transportation of Narcotics

Item 31 on Agenda

This bill is to clarify the law dealing with forfeiture of vehicles used in the transportation of narcotics.

The Attorney General has reported to the Governor in connection with this matter as follows:

A recent decision of the District Court of Appeal, Second Appellate District, Division One, hearing denied by the Supreme Court, has so construed the statutes relating to the forfeiture of vehicles used in the transportation of narcotics as to render impossible the enforcement of this law. The illegal traffic in narcotics in California is increasing, due to the increased population of California and the increased trade by air and ship with the Far East. The most common method of transporting narcotics is by automobile, and unless the amendments are made the declared purpose of the Legislature to forfeit to the State vehicles used in this illegal trade will be thwarted at a time when it is most needed.

MOTION TO PRINT REPORT IN JOURNAL

Mr. Weber moved that the following report be printed in the Journal:
Motion carried.

Report of the Committee on Legislative Organization

STATE CAPITOL, SACRAMENTO, CALIFORNIA, May 11, 1944

To the Honorable Charles W. Lyon, Speaker of the Assembly

DEAR MR. SPEAKER: A report on "The Physical Requirements of the Legislature in the State Capitol" is submitted herewith by your committee.

Explanatory of the report, and as a part thereof, is one set of drawings made by the Division of Architecture from detailed sketches submitted to you by the committee on February 17, 1944. These plans redesign the floor space of the State Capitol so as to suit the requirements of the Legislature; and also outline desirable features "for the designing of new functional desks and rostrums for the members and attaches with a more adequate arrangement of their position on the floor, and the design and incorporation of devices into the desks and rostrums for the expedient functioning of action and movements in the House". All should be considered as part of a Postwar Construction Program.

This report is made pursuant to the powers and duties imposed upon this committee by House Resolutions Nos. 22, 78, 234, and 253 of the 1943 Session (Assembly

Journal of 1943, pages 98, 652, 3294, and 3501) particularly that clause of House Resolution No. 22 which directs the committee:

"To study * * * the physical facilities for the use of the Legislature" and "the rearranging of space in the State Capitol * * *".

The report completes a part of the agenda recommended by the committee in its "Preliminary Report on Rational Organization of Standing Committees of the Assembly (1943)", which was adopted by the Assembly on January 6, 1943 (Assembly Journal, page 124-135).

Part of the recommendations were as follows:

Analyzing the functions of the Chief Clerk of the Assembly and his staff, the manual and mechanical operations necessary to the proper fulfillment of his duties, with a view to designing desks and space and other apparatus appropriate to the expeditious carrying out of these operations.

Same studies as above for the Sergeant-at-Arms and his staff.

Same studies as above for the Members of the Assembly so that the location of their seats will be coordinated with the use of the loud speaking system, thus aiding in attention to debate, and moreover to aid in the design of desks which will conveniently hold detachable containers for the handling of the very large volumes of printed bills and other printed records and files of the Legislature and its members.

To initiate plans for the rearranging of space in the State Capitol so that the functions of the Legislature may proceed in a rational and orderly manner and to provide in future State Building Plans for proper space for those departments displaced by the Legislature.

Respectfully submitted.

Report on the Physical Requirements of the Legislature in the State Capitol

The dome of the State Capitol dominates the Sacramento scene, rising above the green verdure of the historic city's stately elms.

Here in spacious Capitol Park, containing trees and shrubbery native to all parts of the world, people linger to enjoy the many vistas of the monumental building which stands on green terraces shadowed by lofty deodars, Italian pines, and fragrant magnolias whose spreading branches seek to embrace the ornate pillars and pediments of the building.

Nature and man have contrived to pay appropriate tribute in this majestic setting to the glory and beauty of California. The architecture adopted by the designer of the building, Miner Frederick Butler, is the modified Renaissance style known as "Federal" or "Republic". Thus the very structure of the building is associated with the American constitutional form of government.

The Constitution of the State of California is essentially designed to conform in major principle to the Constitution of the United States which basically divides the Government into three branches—legislative, executive and judicial.

Primarily, the establishment of government by the people is through their elected representatives in the Legislatures which formulate both constitutional and statutory law, subject to the sanction of the electorate. The people, through this procedure, choose the Governor and such other State executives as they may have prescribed by constitutional provision, as, for example, the Lieutenant Governor, the Secretary of State, State Treasurer, State Controller, Attorney General, the State Superintendent of Education, and the members of the State Board of Equalization.

The judicial branch of government functions wherever justice sits, but Article XX, Section 1 of the Constitution provides that the City of Sacramento shall be the seat of Government in this State. Here the Legislature has the authority and, consequently, the duty to house itself and provide offices for all executives of the State Government.

It is necessary and appropriate to our form of government that the Legislature maintain and reserve adequate space in the State Capitol in order that it may properly fulfill its Constitutional duties. It is appropriate also that both the Governor, as the Chief Executive, and the Lieutenant Governor, as President of the Senate and alternate to the Governor, have offices in the Capitol.

When space in the Capitol is inadequate, it is logical that the Legislature should provide quarters for the constitutional officers and their staffs elsewhere.

In 1937, the Legislature extended the jurisdiction of the Department of Finance to include all State buildings and grounds, and to establish rules and regulations for the management and maintenance of State buildings.

This authority, granted to the Department of Finance by Political Code Section 716 to

establish rules and regulations for the government and maintenance of the State buildings and grounds gives that department full jurisdiction over the State Capitol Building. Any desired modification of that jurisdiction could, of course, be effected by appropriate legislation.

Thus, the Legislature has delivered into the hands of the executive branch the power to provide housing and space necessary for the proper performance of legislative functions. This has led to a very unsatisfactory situation insofar as the Legislature is concerned.

At a time when the functions and duties of all branches of government were increasing and consequently the space requirements of the executive branch were expanding, the Department of Finance found itself constrained to satisfy its own requirements, as well as the demands of the constitutional officers, for more space. The result was that the Legislature itself, working under extraordinary conditions and handling unprecedented volumes of legislation, finds itself performing its duties amid conditions of confusion due in large part to cramped working quarters.

Therefore, in making plans for adequate housing of the Legislature, the committee feels justified in recommending that the Legislature take the following position:

1. That the Legislative branch take over and use all the space necessary for the proper performance of its functions now and in the future.
2. That the Governor, and Lieutenant Governor, be assigned such space in the Capitol as will adequately meet their requirements.
3. That remaining space be assigned to constitutional State officials, subject to the future requirements of the Legislature.

The committee finds that the two houses of the Legislature, having carried a great overburden of legislation beginning with the biennium, 1931, have reorganized and simplified their functions by greatly reducing the number of standing committees. This has eliminated conflicts in the meeting schedules of members and reduced the number of committee rooms required for use at any one time by either house. Consequently, the committee finds that the work of serving on committees is equitably borne by the members and that the number of committee rooms required by each house is three; and that one extra committee room, together with the Chambers of Senate and Assembly, would serve for extraordinary or unscheduled meetings.

The committee views the organization of the legislative process as requiring rational coordination, rather than narrow, divided specialization, and consequently the number of committees and committee rooms required should not increase. However, if Legislatures in the future desire more committee rooms, these can be reserved in the Capitol.

The committee also finds that the Legislature is greatly increasing its activities in the field of research and fact-finding. Increased work by Interim Committees and the establishment of the Joint Budget Committee, charged with the duty of ascertaining facts and making recommendations to the Legislature concerning the State Budget, State revenues and the functions of various State agencies, with the view to reducing the cost of Government and securing greater efficiency and economy, indicate the trend. The committee finds it advisable to provide space in the Capitol for these functions.

The committee further finds that it is necessary to provide adequate space for the Legislative Counsel Bureau whose duties bring it into constant and intimate contact with both houses, especially during legislative sessions.

Each Member of the Senate and Assembly should have a private office in which to meet and confer with constituents and with colleagues and take care of correspondence and other off-the-floor duties. Provision for such space, when combined with a well-designed time schedule of legislative duties, will have the added effect of eliminating from the floor of the two houses much business extraneous to the legislative process.

The committee also finds that provision should be made for the comfort of all the members of both sexes, and also for the attaches. Moreover, spaces in the halls and under the dome should be equipped for the use and convenience of the public, so as to provide more satisfactory facilities for individuals and groups wishing to confer with Members of the Legislature.

Members of the press should be provided with desks placed in such position on the floor of each house as to facilitate the reporting of legislative action. The press associations and individual newspapers having special correspondents during sessions should be provided with space centrally located so that news coverage of the Legislature may be rapid and complete.

Keeping in mind the above mentioned requirements, the committee planned the space in the three upper floors of the Capitol so that its use would conform to a rational, functional scheme to permit a more efficient organization of the legislative process, with a view to separating conflicting action and eliminating confusion. The committee found that in the three upper floors an adequate and efficient arrangement for all requirements of the Legislature can be effected.

Submitted herewith is a set of drawings made by the Division of Architecture from detailed sketches and studies of the committee.

The purpose of the drawings is to demonstrate the efficient way in which the legislative process may be carried on in the Capitol and demonstrate that there is adequate space, under proper planning, to cover all the needs of the Legislature on the three top floors. However, the drawing represents no architectural plan, but rather, a study of organized space requirements.

The committee recommends as a part of the Postwar Building Program:

1. That a new roof be constructed on the Capitol which, without affecting architectural aspects of the building, would provide for the best thermal insula-

tion available, with such mechanical ventilation as is necessary to insure comfortable use of the fourth floor.

2. That the Assembly Committee rooms, seating respectively 51, 62, and 94 persons, in addition to committee members, be relocated on the second floor, thereby yielding space on the fourth floor for approximately 74 offices for Members of the Assembly, and ample space for stenographers; and that the Senate committee rooms remain on the fourth floor, along with office space for Senators and their stenographers. Public address and recording systems should be installed where required.

3. That on the second floor adjacent to the two Chambers, offices for the Speaker and Chief Clerk of the Assembly, and for the President pro tempore and the Secretary of the Senate, be located.

4. That suitable lounges be provided adjacent to each house for the comfort of members.

5. That the Legislative Counsel Bureau be located on the second floor, between the Senate and Assembly Chambers, in the east semi-circular rotunda, and that passage be provided directly from each house to the bureau.

6. That the space on the third floor in the east semi-circular rotunda be assigned to the Legislative Auditor and his staff and for all the proposed research, fact-finding, and legislative organizational functions. This space would be directly above the Legislative Counsel Bureau and would be connected therewith by stairway and elevator.

7. That the remaining space on the third floor be used for offices of the Lieutenant Governor, the chairmen of major Senate committees and their secretaries, and the staff of the Senate, on the Senate wing; and in the Assembly wing for similar offices of that house. It is proposed that the large rooms on the west front, in the center between the two wings be used by the press bureaus.

8. That a modern automatic elevator be installed for the exclusive use of the Legislature in the shaft extending from the present Office of the Controller to the fourth floor.

9. That on the second floor in the rotunda, under the dome, a central lobby be arranged for the public with seating accommodations, and also public telephone service adjacent thereto.

10. That when a new electric voting system is installed in the Assembly Chamber, new desks for the members be placed in a circular plan on the floor and that these desks be of dimensions not greater than 30 inches wide by 48 inches long (preferably 26 inches by 48 inches). To make possible the use of one set of legislative volumes by two members (seat mates) the desks would be constructed in sets of rights and lefts.

The type of desk the committee suggests would have, on one side, a panel to be used as a writing slide, two large drawers, for the metal boxes designed to contain the volumes of legislative bills, Journals and Histories, and a drawer for letter heads and supplies. The boxes would be artfully designed and could by preference be used as book ends placed on the rear top of the desk and fixed by metal "stops."

In the center, under the top of the desk, would be a shallow drawer. On the opposite side there would be a drawer containing the panel for voting and signal devices, and deep narrow drawers for legal-size files.

After each legislative session, the bound volumes containing the bills must be taken to sorting tables where the staff of the Printing Office adds the new printed matter accruing from the daily legislative action. In order to facilitate this process, properly designed vehicles to carry the metal boxes containing the legislative volumes should be provided.

Finally, the committee recommends that the authority which places the Department of Finance in charge of the State Capitol be rescinded, and that Section 716 of the Political Code be amended to provide suitable management for the building, subject to the approval of the Legislature or a Joint Committee thereof.

Members of the Legislature should consider all of the foregoing recommendations in connection with plans submitted herewith for the interior remodeling of the Capitol.

Respectfully submitted.

RESOLUTIONS

The following resolution was offered :

By Mr. Crowley :

House Resolution No. 17

Relative to chiropractic practice by blind persons

WHEREAS, The California State Board of Chiropractic Examiners has ruled that no person with less than 50 per cent of visual acuity may be admitted to a chiropractic college or to examinations for a license as a chiropractor; and

WHEREAS, There have been outstanding examples of blind practitioners in the highest fields of medicine. Capable, talented and properly educated blind persons are peculiarly fitted for the practice of a profession which depends upon tactual acuteness and manipulation; and

WHEREAS, The board's ruling is contrary to sound social policy and to the declared policy of this State in permitting blind persons to take civil service examinations and be considered in the Civil Service System on their merits without discrimination on account of their blindness; and

WHEREAS, The action of the board needlessly draws an arbitrary line against a particular group because tests of individual merit applied to all candidates for a profession can be relied upon to retain and promote the standards on which the State board insists; and

WHEREAS, The basis of the classification established by the board is not only unfounded and arbitrary, but lacks that close and substantial relationship to the legitimate objectives of the board which is frequently judicially declared necessary to satisfy State and Federal requirements of due process and equal protection of the laws; now, therefore, be it

Resolved by the Assembly of the State of California, That the State Board of Chiropractic Examiners is hereby requested to reconsider its ruling; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit suitably engrossed copies of this resolution to the California State Board of Chiropractic Examiners and to the California Council for the Blind.

Resolution read, and referred to the Committee on Rules and House Functions.

PRAYER

The following prayer was offered by the Chaplain, Rev. Clarence A. Kircher:

Almighty and Everlasting God, Supreme Ruler and Governor of All, Strong Tower of Defense to them that fear Thee and a very pleasant help in the time of trouble, unto Thee do we cry in the hour of our Country's need. We come into Thy presence this morning conscious that we are passing a great milestone in human history. As word comes to us of the invasion of Europe, we pray for the President of the United States, our Commander-in-Chief, the Governor of this State, and all in authority over us. We pray for those serving in the armed forces and for their loved ones here at home in the anxious moments. We pray for our allies and all who serve with us in the struggle to free the enslaved millions of the world.

We confess our sins before Thee, O God, as individuals and as a Nation. Of Thy great goodness, restore peace, we earnestly beseech Thee, among the nations of the earth, that Thy name may be glorified and Thy Kingdom come on earth as in heaven.

"Our God, our help in ages past,
Our hope for years to come,
Our shelter from the stormy blast,
And our eternal home."

AMEN.

COMMUNICATIONS

By Mr. Anderson:

The following communication was received, and ordered printed in the Journal:

A Resolution Adopted by the Board of Directors of Inglewood Chamber of Commerce

WHEREAS, It has been called to our attention that it is proposed to submit to the Legislature of the State of California at the earliest possible date, a measure which would permit gill netting and other commercial fishing operations in Fish and Game Districts, 19A, 20 and 20A, all of which are located in the Santa Monica Bay area; and

WHEREAS, Said districts are now once again becoming the center of sport fishing activities in Southern California by reason of the protection heretofore afforded by the prohibiting of the commercial fishing. In said districts and areas, large numbers of persons not only obtain their livelihood through the established sport fishing industry but many thousands of peoples obtain recreational advantages from the usage of this sport fishing area in close proximity to Metropolitan Los Angeles; and

WHEREAS, We have heretofore noted the disappearance of many species of game fish from said districts when said districts were not being protected from commercial fishing operations; now, therefore, be it

Resolved by the Directors of the Inglewood Chamber of Commerce, That they express their opposition to any program or plan which would remove from Fish and Game Districts 19A, 20 and 20A the protection now afforded to them under existing laws and administrative orders; and be it further

Resolved, That a copy of this resolution be transmitted to every Member of the State Legislature of the State of California and to the members of the Fish and Game Commission of the State of California.

By Speaker Lyon:

The following communication was received, and ordered printed in the Journal:

HEADQUARTERS, DEPARTMENT OF CALIFORNIA
UNITED SPANISH WAR VETERANS, INCORPORATED
SAN FRANCISCO 2, CALIFORNIA, June 1, 1944

*Presiding Officer, California State Assembly
Capitol Building, Sacramento, Calif.*

SIR: I am enclosing a copy of Resolution No. 9, as adopted at the Forty-First Annual Department Encampment of the Department of California, United Spanish War Veterans, held at Santa Cruz, California, May 23 to 25, 1944.

The said resolution urges that a suitable Home for Women Veterans of all wars be provided through the medium of the Postwar Building Program, and that the facility be similar in all respects to the Veterans Home of California at Napa County, California.

Respectfully,

DANIEL S. HEWITT, Department Commander

(COPY)

Resolution No. 9, Department Encampment of California, United Spanish War Veterans, held at Santa Cruz, California, May 23 to 25, 1944

WHEREAS, There is no State institution in the State of California which can at present care for the women veterans of the United States Army, Navy, Marine Corps, and other branches of the armed forces of the United States; and

WHEREAS, There is not now any facilities whereby they may be cared for at the Veterans Home of California in Napa County; and

WHEREAS, We believe that such women veterans should be provided a separate institution SIMILAR IN ALL RESPECTS to the said Veterans Home in Napa County; therefore, be it

Resolved, That the Department of California, United Spanish War Veterans, in convention assembled do urge that a suitable provision be made in the States' Postwar Building Program for an adequate Home for All Women Veterans of all wars.

Resolution No. 9, as above, was unanimously passed at the Forty-First Department Encampment, Department of California, United Spanish War Veterans, held at Santa Cruz, California, May 25, 1944.

ATTEST. GEORGE A. MARSHALL, Department Adjutant

HEADQUARTERS, DEPARTMENT OF CALIFORNIA
UNITED SPANISH WAR VETERANS, INCORPORATED
SAN FRANCISCO 2, CALIFORNIA, June 1, 1944

*Presiding Officer, California State Assembly
Capitol Building, Sacramento, California*

SIR: Enclosed you will please find copies of our Resolution No. 1, as adopted by the Forty-First Annual Encampment of the Department of California, United Spanish War Veterans, held at Santa Cruz, California, May 23 to 25, 1944.

You will note that the resolution endorses and urges necessary items for inclusion in the Postwar Building Program in connection with the Veterans' Home of California.

As directed in the resolution I am respectfully requesting that my letter and the enclosed resolution be read to the Assembly when convened in special session to consider the Postwar Building Program.

Respectfully yours,

DANIEL S. HEWITT, Department Commander

Subject: Postwar Building Program—Veterans' Home of California

WHEREAS, The Department Commander and Department Adjutant of the United Spanish War Veterans, together with other leaders of veterans organizations in California met with Governor Earl Warren in Sacramento on November 4, 1943; and

WHEREAS, The Governor expressed himself to be in full accord with the Postwar Building Program as outlined and approved by the State Board of Control; and

WHEREAS, The special session of the State Legislature to be held June 5th will consider the State Postwar Building Program; and

WHEREAS, The Veterans' Home hospital is already overcrowded and hospital facilities are severely over-taxed to take care of the present load; and

WHEREAS, Veterans of the Second World War are already being admitted into the Veterans' Home of California and indications are that their number will greatly increase even before the end of the war; which will make necessary additional hospital, convalescent, and domiciliary beds; now, therefore, be it

Resolved, That the department commander be authorized to immediately send a telegram to the presiding officers of the Senate, the Assembly and the Governor.

endorsing and urging the adoption of the Postwar Building Program of the Veterans' Home and that the presiding officers be requested to read this telegram to the Members of the State Legislature; and be it further

Resolved, That a copy of this resolution be sent to the Governor of the State, the Directors of the State Department of Finance and Military and Veterans' Affairs.

POSTWAR BUILDING PROGRAM FOR THE VETERANS' HOME OF CALIFORNIA
APPROVED BY THE STATE BOARD OF CONTROL

Two wings to hospital, beds 208-----	\$360,000 00

Proposition Four—"Fair Play for Charities"

This amendment corrects a serious defect in California's Constitution.

California is the only State which taxes the property of welfare agencies which serve youth, old age, the sick and handicapped. Proposition Four authorizes the Legislature to exempt these organizations from property taxes and thus place California in line with the sound and wise practice of the other 47 States.

These nonprofit organizations assist the people by providing important health, citizenship, and welfare services. They are financed in whole or in part by your contributions either directly or through a Community Chest. It is good public policy to encourage such private services and your support of them by exemption rather than continue to penalize and discourage them by heavy taxation.

The ability of these agencies to serve you is reduced when a share of your contribution given to aid their work is absorbed by the property tax. The tax has also discouraged and in many cases prevented charitable agencies from securing greatly needed additional facilities to meet growing population needs. Both the present services and the equipment of these agencies are far below normal in California. The tax has thus proved a bad tax in its effect on these important services.

Although it is a heavy burden on the charities, the charity tax is really a very small share (only $\frac{1}{4}$ of 1 per cent) of the total State property tax. This means that for each \$100 of property taxes paid by a taxpayer the exemption of charitable agencies would cost less than 25 cents additional.

The principle of tax exemption for charitable agencies has been recognized in the California Income Tax Law. Proposition Four follows the wording of that law, but it is not as broad. Experience under the Income Tax Law has proved that Proposition Four will not open the door to unworthy enterprises seeking to evade taxes. The meaning of every phrase has been clearly defined by the taxing authorities and by the courts. They have successfully confined exemptions to bona fide nonprofit charitable institutions.

To be exempted, property must be owned and used exclusively for the purposes stated. The amendment does not authorize exemption of investment property or large land-holdings. Churches and colleges already are exempt. Competent legal authority advises that schools other than colleges will not be exempted under this amendment because the Legislature expressly eliminated the term "educational".

This amendment was proposed by the State Legislature by a vote of 90-7. In a Statewide public opinion survey among California voters a substantial majority expressed their conviction that property used exclusively for religious, hospital, and charitable purposes should be tax exempt.

This is sound and timely legislation. Its passage will cure a long-standing defect and an injustice in California tax practice. It will place California in line with the sound policy and experience of the Federal Government and the other States. It should be approved.

Revised June 3, 1944.

COMMUNICATIONS

By Speaker Lyon:

The following communication was received, and ordered printed in the Journal:

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
SACRAMENTO, June 5, 1944

*Honorable Charles W. Lyon, Speaker of the Assembly
State Capitol, Sacramento, California*

DEAR SIR: Reference is made to House Resolution No. 222, adopted by the Assembly during the last regular session of the Legislature, reading as follows:

WHEREAS, The postwar period promises to be characterized by the predominance of the airplane as a carrier of both passengers and freight; and

WHEREAS, The greatest drawback to transportation by air is the waste of time resulting from traveling between the home or office and the place of embarkation which, unless a remedy is found, will become greater with the growth of population; now, therefore, be it

Resolved by the Assembly of the State of California, That the Department of Public Works is authorized and directed to make a complete investigation and survey as a basis for the plan and construction of an elevated airport for the City of Los Angeles and for other cities in the State which would form part of an international chain of airports; and be it further

Resolved, That the said department shall report its findings and the result of its investigation and survey to the next regular session of the Legislature or to any earlier special session at which it may be feasible to so report.

At the outset it was the opinion of this department that the work which would be required to furnish authoritative and reliable information would necessitate the expenditure of a very substantial sum of money.

Accordingly, the matter was referred to the Attorney General to determine whether any funds were available for the purpose of gathering the information called for. A copy of my letter dated June 10, 1943, requesting the opinion, and the Attorney General's reply, dated June 24, 1943, being Attorney General's Opinion NS4872, are attached.

Inasmuch as the Attorney General definitely ruled that there are no funds available to this department which could be expended for any of the purposes of complying with the resolution, we felt that your honorable body should be so advised at the first opportunity.

Very truly yours,

C. H. PURCELL, Director of Public Works

Above mentioned letter and opinion of Attorney General ordered filed with the Secretary of State.

Statement Respecting Proposed Treaty With Mexico Involving the Waters of
the Colorado River, the Tijuana and Boundary Section
of the Rio Grande

Colorado River Board of California

By E. F. Scattergood, Member of Board, April 29, 1944

Unprecedented and Un-American: One can not imagine such unprecedented, un-American, and arbitrary authority vested in a single commission beyond control by the Congress, under a treaty which can never be terminated except by another treaty thus giving Mexico a veto power on any termination or amendment; nor such contemplated lack of integrity of Government toward its own communities and people; nor such uncalled for gratuity to another nation as a gift of property of the people of the United States, tantamount to the gift of domain through rendering hundreds of thousands of acres of rich lands ever barren and populated centers seriously short of domestic water necessary for their reasonable expansion.

Mexico contributes nothing to the waters of the Colorado yet Mexico is afforded flood protection and would be given by the treaty more than 10 times the water per square mile of the respective watersheds as it would leave for use in the United States.

Grant of Colorado River Waters to Mexico Excessive: The maximum water ever used in any one year by Mexico from the unregulated Colorado River was 750,000 acre feet, yet the treaty grants to Mexico 1,500,000 acre feet of firm guaranteed water, regulated through the seasons to suit Mexico, all at the expense of the people of the United States. There is no precedent or justification in equity or amity for granting water in excess of previous use from the unregulated river, necessarily, at the expense of waters conserved and stored in the United States. Furthermore, the treaty provisions which are inadequate make it possible for Mexico to utilize, through pumping and otherwise, large amounts of water in excess of 1,500,000 acre feet, which would result in further drain on waters conserved within the United States.

Government Integrity Ignored: The grant to Mexico, in excess of 750,000 acre feet per year, is in direct violation of the Boulder Canyon Project Act, which asserts that the conserved waters shall be for use exclusively within the United States. Furthermore, the grant would seriously affect contracts entered into with communities of the United States under such Project Act, under which communities have spent over \$400,000,000 in works and also in guarantee to pay for the Boulder Project outright, with interest.

Unfair to American Labor: Under the treaty the great preponderance of labor constructing and operating the storage and power projects, which may cost hundreds of millions of dollars, designed and constructed under the direction of the Boundary Commission, would be cheap Mexican labor.

Unfair to American Farmers and Farm Labor: The delivery to Mexico of excessive amounts of first right water, stored and regulated through the seasons for Mexico, with works constructed in the United States without cost to Mexico, and available for use on their lands with cheap Mexican labor, the products of which are practically all shipped across the border into the United States, would result in unfair competition with our American farmers and farm labor, affecting cotton, butter, lard, grain, rice, and vegetables.

Unfair to Returning Veterans and to the Pacific Southwest: Grant of such excessive amount of water to Mexico would result in rendering economically unfeasible of utilization some 300,000 to 400,000 acres of rich land intended for availability to returning veterans. Furthermore, such grant would result in shortage of water for additional lands and for domestic use in metropolitan areas, for which plans have been made and works constructed under the Boulder Canyon water contracts and other developments.

Authority Without Precedent Granted Boundary Commission: The present and future Boundary Commissions responsible only to the respective State Departments, and not to the Congress, is given authority to enter, construct and operate works, or take over and operate existing works for storage and for power development, throughout the reaches of the Colorado River System for the purpose, in its judgment, or providing, taking and delivering to Mexico such first right guaranteed water, thus thrusting aside existing vested water rights and contract rights of communities in the United States throughout the Basin; and, at the same time thrusting aside jurisdictional responsibility and control of States and of the regular Governmental departments.

This authority would be exercised without any control by the Congress. The latter would be compelled to appropriate money to construct such works or otherwise violate treaty obligations and the immense revenues from such works would be entirely under the Boundary Commission and beyond the control of Congress.

The Treaty of 1906: The Treaty of 1906 affecting that portion of the Rio Grande lying wholly within the United States down to Ft. Quitman just below El Paso, grants to Mexico a specified yearly amount of water for use on lands irrigated for generations in the vicinity of El Paso, the amount being based on a liberal interpretation of pre-

vious use from the unregulated river. Under this treaty the jurisdiction of the Boundary Commission does not include control over the Rio Grande River system lying wholly within the United States. This should not be confused with conditions along the boundary section of the Rio Grande with tributaries coming in from either side.

The Colorado River States' Committee of Fourteen: This committee at El Paso June, 1942, was unanimous in declaring the waters allocated to Mexico should be based on previous use from the unregulated river, approximating in normal years 750,000 acre feet. Such was the position of the United States in previous negotiations; and such was the basis of the Treaty of 1906 with respect to the waters of the Rio Grande River supplied wholly within the United States. Such should be the basis of treaty on the Colorado River.

MR. SPEAKER: Your Committee on Rules and House Functions, to which were referred:

Assembly Joint Resolution No. 2

Assembly Joint Resolution No. 3

House Resolution No. 17

Has had the same under consideration, and reports the same back with the recommendation: Be adopted.

SAM L. COLLINS, Chairman

Above reported resolutions ordered on file for adoption.

WITHDRAWAL AND RE-REFERENCE OF ASSEMBLY BILL NO. 8

Mr. Burns moved that Assembly Bill No. 8 be withdrawn from the Committee on Revenue and Taxation, and re-referred to the Committee on Motor Vehicles.

Motion carried.

Speaker Presiding

At 2.16 p.m., Hon. Charles W. Lyon, Speaker of the Assembly, presiding.

REQUEST FOR UNANIMOUS CONSENT

Mr. Watson asked for, and was granted, unanimous consent that Messrs. Doyle, Weybret, Field, Allen, and he be excused to attend a meeting of the Subcommittee on Ways and Means.

RESOLUTIONS

The following resolutions were offered:

By Messrs. Maloney, Watson, Carlson, Field, Collins, Sam L., Johnson, and Lyon:

House Resolution No. 19

WHEREAS, It has been reported by the War Department of the United States Government, that Teddy Craig, Jr., son of the former Speaker of the Assembly, the Hon. Edward (Ted) Craig, is missing in action; and

WHEREAS, Ted Craig, Jr., when just a mere schoolboy, graced the halls of this Assembly as a Page-boy, and was dearly loved and respected by all of the members who had the privilege of knowing him; and

WHEREAS, In his desire to serve his Country, so that the principles of Democracy may be preserved, he became part and parcel of the Air Corps of the United States Government, carrying on successful missions over enemy territory; and

WHEREAS, In the performance of service above and beyond the call of duty in an attempt to render aid to a brother pilot in distress he failed to return to his base; and

WHEREAS, In his failure to return to his base, the United States Government has listed him as missing; now, therefore, be it

Resolved by the Assembly of the State of California. That it is the hope and wish and the prayers of the Members of this Assembly, that he is only missing temporarily; and that he be returned to his mother, father, and brother, safe and unharmed; and be it further

Resolved. That copies of this resolution be forwarded to the members of the family of Teddy Craig, Jr., expressing the thought uppermost in the mind of the Legislature; That we pray to God he is only missing, and will return.

Request for Unanimous Consent

Mr. Maloney asked for, and was granted, unanimous consent to take up House Resolution No. 19, at this time, without reference to committee.

Resolution read and adopted unanimously.

By Messrs. Middough, Gaffney, and Brown:

House Resolution No. 20

Relative to augmenting the funds of the Assembly
Interim Committee on Juvenile Delinquency

Resolved, That, in addition to any money heretofore made available, the sum of two thousand five hundred dollars (\$2,500), or so much thereof as may be necessary, is hereby made available from the Contingent Fund of the Assembly for the expenses of the Assembly Interim Committee on Juvenile Delinquency (created by House Resolution No. 268, adopted May 5, 1943) and its members, and for any charges, expenses or claims it may incur under that resolution, to be paid and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and referred to Committee on Rules and House Functions.

By Mr. Rosenthal:

Resolution No. 21

Relative to augmenting the funds of the Assembly
Interim Committee on Aviation

Resolved by the Assembly of the State of California. That in addition to any money heretofore made available the sum of one thousand five hundred dollars (\$1,500), or so much thereof as may be necessary, is hereby made available from the Contingent Fund of the Assembly for the expenses of the Assembly Interim Committee on Aviation (created by House Resolution No. 202, adopted May 3, 1943), and its members, and for any charges, expenses or claims it may incur under the resolution, to be paid and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and referred to Committee on Rules and House Functions.

Bill ordered reprinted and engrossed.

CONSIDERATION OF DAILY FILE**THIRD READING OF ASSEMBLY BILLS**

Assembly Bill No. 10—An act to amend Section 510 of the Civil Code, relating to street railroads.

Bill read third time.

Motion to Amend

Mr. O'Day moved the adoption of the following amendments:

Amendment No. 1

In line 2 of the title of the printed bill, before the period, insert a comma and "declaring the urgency thereof, to take effect immediately".

Amendment No. 2

On page 1 of said bill, after line 16, insert

"SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution of California and shall therefore take effect immediately. The following constitutes a statement of the facts constituting such necessity:

The people of the City and County of San Francisco have approved a charter amendment which will permit of the acquisition of the Market Street Railway System and the unification thereof with the existing municipal street car system. Such unification is essential to the successful prosecution of the war and will serve in reducing the time and expense of multitudes of war workers in going to and from work.

The existing requirement that the holders of two-thirds of the stock of a street railroad corporation consent to the sale or disposition of substantially all of its property and assets will result in much delay in effecting this consolidation and unification and the interest of the stockholders will be adequately protected by the requirement that a majority consent to the sale or transfer. The modification of this existing

requirement will expedite unification of the street car service in San Francisco and is therefore essential to the public peace, health and safety."

Amendments read and adopted.

Bill ordered reprinted and re-engrossed.

House Resolution No. 22

Realizing the momentous significance of the invasion for liberation of the oppressed peoples of Europe, and that the crucial battle for freedom must be fought to a successful conclusion; now, therefore, be it

Resolved by the Assembly of the State of California. That we, the Members of this Assembly, hereby express our confidence in the wisdom and sagacity of our Military and Naval and Air Commanders, and in those of our Allies, and in the valour and devotion of our Soldiers and Sailors and Aviators and in those of all nations who have united in the cause of freedom and of the rights of men. For their protection and success—for those in peril on the sea and on the land—we humbly offer fervent prayers to the God of Battles, whose mercies have been vouchsafed to us abundantly through the whole history of our Country:

Lord God of Hosts be with us yet!

Imbue our commanders with wisdom, and protect and aid our forces with Thy all-powerful hand. And after our mission in this war is accomplished be with us yet and guide us in the paths of peace.

Request for Unanimous Consent

Mr. Doyle asked for, and was granted, unanimous consent to take up House Resolution No. 22, at this time, without reference to committee.

Resolution read and adopted.

By Messrs. King, Lowrey, Guthrie, Armstrong, Allen, Waters, Brown, McMillan, Thorp, Clarke, Price, Fourt, Werdel, Dills, Ralph C., Debs, Kilpatrick, and Evans:

House Resolution No. 23

Relative to memorializing the Senate of the United States to pass H. R. 4485, a comprehensive flood control measure

WHEREAS, The question of flood control is one of transcendent importance to the people of the State of California; and

WHEREAS, The House of Representatives of the United States has passed House Bill No. 4485 as amended to put into execution a plan of flood control in California which has been recommended by a Corps of Engineers of the United States Army after many years of impartial, careful and intensive investigation; and

WHEREAS, The plan so approved and recommended amongst other desirable results will provide for flood control on the Sacramento and San Joaquin Rivers and will insure protection of the central valleys which they drain; also the bill provides for flood control in the Los Angeles-San Gabriel Valley and in the Santa Ana Basin and the Ventura Basin; and

WHEREAS, Said bill is now pending in the Senate of the United States; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly of the State of California hereby memorializes the Senate of the United States that it do pass the said bill in the exact form approved by the House of Representatives, thus insuring the completion of the project by the Engineering Corps of the United States Army; and be it further

Resolved, That the Chief Clerk of the Assembly shall transmit copies of this resolution to the President of the Senate of the United States and to each Senator of the United States from California.

Resolution read, and referred to Committee on Rules and House Functions.

By Mr. Waters:

RESOLUTIONS

The following resolution was offered:

By Messrs. Heisinger, Stream, Dunn, Lowrey, Kilpatrick, Bennett, Massion, Dills, Ralph C., and Hawkins:

House Resolution No. 27

Relating to memorializing Congress to enact H. R. 1649, the "Business, Employment, and Security Insurance Act"

WHEREAS, There has been introduced at the first session of the Seventy-eighth Congress H. R. 1649 by Mr. Cannon entitled, "A bill to provide every adult citizen in the United States with equal basic Federal insurance, permitting retirement with benefits at age 60, and also covering total disability, from whatever cause, for certain citizens under 60; to give protection to widows with children; to provide an ever-

expanding market for goods and services through the payment and distribution of such benefits in ratio to the Nation's steadily increasing ability to produce, with the cost of such benefits to be carried by every citizen in proportion to the income privileges he enjoys"; and

WHEREAS, This measure provides for the payment of annuities to every citizen who is 60 years of age or over and also for annuities for disabled citizens and for mothers who have the care of one or more children under 18 years of age, the cost of which annuity system is to be paid from a Federal gross income tax; and

WHEREAS, The enactment of this legislation will be for the benefit of all the citizens of this Country and will relieve the States of a portion of the burden they now carry to provide social security benefits; now, therefore, be it

Resolved by the Assembly of the State of California, That the members thereof hereby memorialize and petition Congress to enact H. R. 1649; and be it further

Resolved, That a copy of this resolution be transmitted to the President of the United States, to the Vice President of the United States, to the Speaker of the House of Representatives of the Congress of the United States, and to each Senator and Representative from California in the Congress of the United States.

Resolution read, and referred to Committee on Rules and House Functions.

MOTION TO PRINT IN JOURNAL

Upon motion of Mr. Middough, the following article, appearing in the San Francisco Examiner of June 7, 1944, was ordered printed in the Journal:

WASHINGTON, June 6.—(AP)—This is the invasion prayer which President Roosevelt wrote while Allied troops were landing on the coast of France and which he wants read to the Nation by radio at 7 p.m. (P.W.T.) tonight:

My fellow Americans.

In this poignant hour, I ask you to join me in prayers:

Almighty God, our sons, pride of our Nation, this day have set upon a mighty endeavor, a struggle to preserve our republic, our religion and our civilization and to set free a suffering humanity.

Lead them straight and true; give strength to their arms, stoutness to their hearts, steadfastness to their faith.

They will need Thy blessings. Their road will be long and hard. The enemy is strong. He may hurl back our forces. Success may not come with rushing grace, but we shall return again and again; and we know that by Thy grace and by the righteousness of our cause, our sons will triumph.

They will be sore tried, by night and by day, without rest—till the victory is won. The darkness will be rent by noise and flame. Men's souls will be shaken with the violences of war.

These are men lately drawn from the ways of peace. They fight to end conquest. They fight to liberate. They fight to let justice arise and for tolerance and goodwill among all Thy people. They yearn but for the end of battle, for their return to the haven of home.

Some will never return. Embrace these, Father, and receive them, Thy heroic servants, into Thy kingdom.

And for us at home—fathers, mothers, children, wives, sisters and brothers of brave men overseas, whose thoughts and prayers are ever with them—help us, Almighty God, to rededicate ourselves in renewed faith in Thee in this hour of great sacrifice.

Many people have urged that I call the Nation into a single day of special prayer. But because the road is long and the desire is great, I ask that our people devote themselves in continuance of prayer. As we rise to each new day, and again when each day is spent, let words of prayer be on our lips, invoking Thy help to our efforts.

Give us strength, too—strength in our daily tasks, to redouble the contributions we make in the physical and material support of our armed forces.

And let our hearts be stout, to wait out the long travail, to bear sorrows that may come, to impart our courage unto our sons wheresoever they may be.

And, O Lord, give us faith. Give us faith in Thee; faith in our sons; faith in each other; faith in our united crusade. Let not the keenness of our spirit be dulled. Let not the impacts of temporary events, of temporal matters of but fleeting moment—let not these deter us in our unconquerable purpose.

With Thy blessing, we shall prevail over the unholy forces of our enemy. Help us to conquer the apostles of greed and racial arrogance. Lead us to the saving of our Country, and with our sister nations into a world unity that will spell a sure peace—a peace invulnerable to the schemings of unworthy men.

And a peace that will let all men live in freedom, reaping the just rewards of their honest toil.

Thy will be done, Almighty God.

AMEN.

Speaker Presiding

At 10.40 a.m., Hon. Charles W. Lyon, Speaker of the Assembly, presiding.

RESOLUTIONS

The following resolutions were offered:

By Messrs. Sawallisch, Crichton, Call, and Maloney:

House Resolution No. 28

Relative to augmenting the funds of the Assembly Interim Committee on Public Morals

Resolved, That in addition to any money heretofore made available, the sum of one thousand five hundred dollars (\$1,500), or so much thereof as may be necessary, is hereby made available from the Contingent Fund of the Assembly for the expenses of the Assembly Interim Committee on Public Morals (created by House Resolution No. 64, adopted April 30, 1943), and its members, and for any charges, expenses or claims it may incur under the resolution, to be paid and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and referred to Committee on Rules and House Functions.

By Messrs. Watson, Thurman, Denny, and Erwin:

House Resolution No. 29

Relating to the closing of the United States forests to hunting

WHEREAS, The United States Forest Service by order effective June 5, 1944, has closed the public forests to hunting for an indefinite period for the stated reason that hunting creates an unwarranted fire hazard; and

WHEREAS, The number of deer in the forests at this date is rapidly increasing and their natural forage is becoming over-grazed with the result that the deer come down into cultivated areas and damage growing crops; and the increase in numbers is conducive to the spread of disease among the deer; and

WHEREAS, The Fish and Game Commission of this State wants the deer supply reduced; and

WHEREAS, No fire hazard is created by the activities of deer hunters; now, therefore, be it

Resolved by the Assembly of the State of California, That the United States Forest Service be and it is respectfully requested to rescind its order so far as necessary to permit deer hunting during the regular deer hunting season; and be it further

Resolved, That the Chief Clerk of the Assembly be and is hereby directed to transmit copies of this resolution to the Secretary of Agriculture of the United States, to the United States Forest Service, and to each member in the Congress of the United States from California.

Resolution read, and referred to Committee on Rules and House Functions.

By Messrs. Field, Lyon, Maloney, and Kraft:

House Resolution No. 30

WHEREAS, Honorable Jonathan J. Hollibaugh of Huntington Park, our colleague in the Assembly, and Mary Ann Hollibaugh are today celebrating their twenty-fourth wedding anniversary; now, therefore, be it

Resolved, by the Assembly of the State of California, That the Members of the Assembly extend to Mary Ann and Jonathan J. Hollibaugh their sincere congratulations and best wishes upon their twenty-fourth wedding anniversary; and be it further

Resolved, That it is the wish of this Assembly that Mary Ann and Jonathan J. Hollibaugh have many, many more happy years together; and be it further

Resolved, That the Chief Clerk of the Assembly be directed to prepare a suitably engrossed copy of this resolution for presentation to Mary Ann and Jonathan J. Hollibaugh.

REQUEST FOR UNANIMOUS CONSENT

Mr. Weber asked for, and was granted, unanimous consent to have the following report printed in the Journal:

COMMITTEE ON LEGISLATIVE ORGANIZATION
STATE CAPITOL, SACRAMENTO, CALIFORNIA

To the Honorable Charles W. Lyon, Speaker of the Assembly

SIR: A "Report on the Procedure of Research, Fact Finding, and Planning in the Legislative Branch of Government" is submitted herewith by your committee.

This report is made pursuant to the powers and duties imposed upon this committee by House Resolutions Nos. 22, 78, 234, and 253 of the 1943 Session (Assembly Journal 1943, pages 98, 652, 3294, and 3501), particularly that clause of House Resolution No. 22 which directs the committee:

"To study * * * the advisability of creating an agency or agencies to study and report to the Legislature and its committees upon assigned subjects of legislation or of prospective legislation, to assure the obtaining of full information and enable the Legislature and its members to act advisedly in such matters * * *."

In this report we recommend the creation of a Joint Legislative Committee on Organization and Procedure and append a draft of a suggested amendment to the Permanent Standing Rules of the Assembly relative to such a committee for that house.

The committee calls attention to its Report on The Procedure of Planning in State Government, February 19, 1943, Assembly Journal, 1943, page 3167, which outlines a coordinated plan for the establishment of research, fact finding, and planning in the several branches of State and local government and in the field of private enterprise outside of government, and which is reprinted herewith.

Other reports heretofore filed are these:

1. Preliminary Report on Rational Organization of Standing Committees of the Assembly, dated December 1, 1942; Assembly Journal, 1943, page 124;
2. Supplemental Report on Rational Organization of Standing Committees of the Assembly, dated September 28, 1943;
3. A Test of the Organization of the Standing Committees, dated November 10, 1943;
4. Report on The Physical Requirements of the Legislature in the State Capitol, dated May 11, 1944.

During several sessions of the Legislature, the committee has been directed to undertake the following programs:

1. Final Report on the Rational Organization of Standing Committees of the Assembly with the latest amendments already adopted and proposed changes in, and streamlining of, the Rules and Joint Procedure of the House and Senate.
2. The redesigning of the floor space of the Capitol, so as to suit the requirements of the Legislature by rational plans and the providing for the relocations of departments displaced by the proposed changes as part of Postwar Construction Program.
3. The designing of new functional desks and rostrums for the members and attaches with a more adequate arrangement of their position on the floor and the design and incorporation of devices into the desks and rostrums for the expedient functioning of action and movements in the House.

4. The establishment of "The California Foundation" for research, privately endowed, but widely supported, which looks toward the economic, social, educational and cultural development of the State of California in an orderly and appropriate manner; and as set forth in the report of the President of the University of California and his committee to the Subcommittee on Postwar Planning, for the biennium ending 1942; and moreover to establish the procedure of planning in the several branches of State and local government.

Items No. 2 and No. 3 of the above have now been completed and the committee will proceed with its work on Items No. 1 and No. 4.

Respectfully submitted.

Report of the Procedure of Research, Fact Finding and Planning in the Legislative Branch of Government

Looking toward the termination of the war, with the great problems of the postwar period which will be a challenge to the States to solve, it is fitting that the Committee on Legislative Organization review some of the past efforts of the Legislature toward obtaining greater efficiency in government, report what has been accomplished, and recommend action on the more important things which remain to be done.

The history of the past 15 years records a tremendous increase in both the number and complexity of the problems which confronted the Government of the State of California. During these years the people of the State have gone through the great economic depression, and it was during this period that they turned more and more to Government for help and relief from their troubles.

The California Legislature found itself carrying a great overburden of legislation during the bienniums beginning with the Legislative Session of 1931, when the depression reached its lowest depths, and ending with the Session of 1941, when the rise in economic conditions due to the National Defense Program terminated the depression.

From 3,000 to 4,000 legislative bills and measures covering all phases of human activity were introduced during each of these regular biennial sessions, and frequent special sessions were held during the interims to consider matters urgent to the times.

With State Government subjected to increased burdens due to public demand for new and expanded services, the weaknesses in the structure of both the executive and legislative branches and of the constitutional provisions relating thereto were disclosed under stresses imposed upon them.

Poor organization in the legislative and executive branches of the State begets more of these same evils. In the past the Legislature convened amid the turmoil of the times and was unable to give deep consideration to its legislation because of the pressure of business and the confusion resulting from obsolete systems in the legislative process.

Thus, in order to accomplish objectives and designs of the people, the Legislature has further added ill-considered organization by setting up new departments and commissions to serve where existing agencies would better and more economically fulfill the ends desired; and, moreover, the bureaus and commissions of the executive branch, being human agencies to which power is delegated, invariably seek to grasp for more power and to expand their services and isolate themselves into powerful governments within government. They thereby assume powers, duties and functions never intended or granted by the Legislature and further set up barriers to that coordination and cooperation which is so necessary to sound government. Thus poor organization in government begets bad organization until the very structure of the American invention of government, which protects our liberties and free enterprise, is sometimes threatened with collapse.

The Members of the Legislature became aware of this, and studies and recommendations were made by individual members and by properly authorized committees of both houses. Consequently, from time to time measures were introduced which covered many items of governmental organization. In all this important work the members were greatly aided by the Legislative Counsel, Fred B. Wood, and his staff.

The activities of the Legislature in this field may be placed in five categories, namely:

(1) Those relating to the rational organization of standing committees of both houses and of legislative procedure. This now has been accomplished by the periodic adoption of portions of a comprehensive scheme recommended by several committees until final recommendations were adopted as Rules of the Assembly at the close of the Session of 1943.

(2) Those relating to the establishment in government of the new and permanent procedure of research, fact finding, and planning as an aid to the three branches of both State and local government.

(3) Those relating to constitutional amendments required to remove constitutional prohibitions and constraints that bind the Legislature and executive branches to obsolete forms, procedure and systems.

(4) Those relating to the organization of inter-State and State-Federal activities.

(5) Those relating to changes in the organization of the executive branch through the abolishment or modification of old agencies or the creating of new ones.

Data evidencing the prolonged efforts of Legislators and of committees over this 15-year period to bring about better organization and increased efficiency in State Government (committee recommendations, proposed legislative bills and resolutions, house and committee records of discussions) will be submitted at a later date.

This all points to a growing need for "an agency or agencies", directly responsible to the Legislature, "to study and report to the Legislature and its committees upon assigned subjects of legislation or of prospective legislation." As expressed by our Supreme Court, "in many instances, in order to the preparation of wise and timely laws the necessity of investigation of some sort must exist as an indispensable incident and auxiliary to the proper exercise of legislative power." (*In re Battelle*, 207 Cal. 227, at 241.)

What agencies of this nature have been developed thus far?

From the very beginning we have had the Interim Committee in this State. It performs a most useful function. However, in most instances it is created to conduct a particular study in a special field during a limited period of time. Except in the field of law, there has not been available a permanent legislative research agency, with an experienced staff, to aid the Interim Committee in its work.

Since 1913, each Interim Committee, as well as the individual Legislator, has had available the Legislative Counsel and his staff to assist it in its work; upon request, advising the committee as to the scope of its duties and powers, studying and reporting upon the state of the law on a given subject, and putting the committee's recommendations into legislative bill form. This agency has been and is rendering very satisfactory service but should have more commodious quarters and should be more adequately financed fully to meet the growing demands upon it.

More recently, 1941, the Joint Legislative Budget Committee was established. Its primary function is that of ascertaining facts and making recommendations "concerning the State Budget, the revenues and expenditures of the State, its departments, subdivisions and agencies with a view to reducing the cost of State Government and securing greater efficiency and economy". The Budget Committee is equipped with a staff under the direction of the Legislative Auditor, and through that staff has rendered valued assistance in the fact-finding field to other Interim Committees from time to time. But it is not adequately financed to extend that service to include all subjects in the fact-finding field, nor to the individual members as well as to committees. Nor is it certain that such an expansion would be in the interest of the Budget Committee in view of its primary function of studying and making recommendations concerning State revenues and expenditures.

The need for a permanent legislative research agency in the fact-finding field, responsible to the Legislature, and available to the committees and the members is apparent. The Legislature has the same need for such an agency in aid of its work as the State executive departments have for administrative research staffs in aid of their work. The latter, your committee recognized and recommended in an earlier report, that on "Procedure of Planning in State and Local Governments".

Precisely how such a legislative research agency should be set up and organized is not yet clear. That would be a subject appropriate for study and report by the Joint Committee on Legislative Organization and Procedure, the creation of which is hereby recommended.

There is definite need for a permanent Joint Legislative Committee to study and make recommendations concerning any and all phases of legislative organization and procedure, including:

- (1) Organization of the Legislature and of each house;
- (2) Procedure of the Legislature and of each house;
- (3) Facilities for the accommodation of the Legislature, each house, and their committees and members; and
- (4) Information and assistance that can be made available to the Legislature, each house, their committees and members, including research and analysis in the fact-finding field; and

to assist Interim Committees in the conduct of their work. Illustrative of this recommendation, we append a draft of a legislative bill to create such a Joint Committee, "Appendix A".

There should also be a permanent Committee on Legislative Organization of each house with such duties as may be prescribed by single house resolution. Illustrative of this recommendation, we append a draft of a suggested new Rule 75a for incorporation in the Permanent Standing Rules of the Assembly, "Appendix B". A similar amendment to the Standing Rules of the Senate is recommended. The Senate and Assembly members of the proposed Joint Committee well might constitute the Senate and Assembly committees, respectively, on legislative organization. A clause to this effect is included in the draft of the appended bill relative to the Joint Committee.

Should the Legislature prefer to create the Joint Committee by concurrent resolution instead of by statute, it conveniently could be done by addition to the Joint Rules. Illustrative of such a method is the appended draft of a joint rule, designated "Appendix C".

Respectfully submitted.

Appendix A

An act to add Part 2 to Division 2 of Title 2 of the Government Code, relating to the investigation and study of and report on organization, rules, and procedure of the Legislature, creating a committee for that purpose, defining the powers and duties of the committee and its members, and making an appropriation therefor.

The people of the State of California do enact as follows:

SECTION 1. Part 2 is added to Division 2 of Title 2 of the Government Code, to read :

PART 2. AIDS TO THE LEGISLATURE

CHAPTER 4. JOINT COMMITTEE ON LEGISLATIVE ORGANIZATION AND PROCEDURE

10450. The Joint Committee on Legislative Organization and Procedure, hereby created, consists of the Speaker and two Members of the Assembly appointed by him, and of the President pro tempore and two Members of the Senate appointed by the Senate Committee on Rules, or in such manner as the Senate shall direct. Each appointive member serves until his successor is appointed, but not beyond the period of his continuance in office as a member of the house from which appointed.

10451. The committee is authorized and directed to ascertain facts and make recommendations concerning any and all phases of the organization, Rules, and procedure of the Legislature, including :

- (a) Organization of the Legislature and of each house ;
- (b) Procedure of the Legislature and of each house ;
- (c) Facilities for the accommodation of the Legislature, each house, their committees and members; and
- (d) Information and assistance that can be made available to the Legislature, each house, their committees and members, including research and analysis in the fact-finding field.

The committee may assist other committees of the Legislature or of either house in their work. It is authorized to act both during sessions of the Legislature and after final adjournment.

10452. The committee has all powers necessary to accomplish the objects and purposes of this chapter, including but not limited to the power :

- (a) To select a chairman from its membership and to employ and fix the compensation of a secretary and such clerical, expert and technical assistants as it may deem necessary ;
- (b) To create subcommittees from its membership, assigning to the subcommittee any study, inquiry, investigation or hearing which the committee itself has authority to undertake or hold, and the subcommittee for the purpose of this assignment shall have and exercise all of the powers conferred upon the committee limited by the express terms of the resolution or resolutions of the latter defining the powers and duties of the subcommittee, which powers may be withdrawn or terminated at any time by the committee ;
- (c) To adopt and from time to time amend such rules governing its procedure (including the fixing of its own quorum and the number of votes necessary to take action on any matter) as may to it appear appropriate ;
- (d) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created ;
- (e) To meet at any and all places in this State, in public or in executive session ;
- (f) To summon and subpoena witnesses, require the production of papers, books, accounts, reports, documents, and records of every kind and description, to issue subpoenas and to take all necessary means to compel the attendance of witnesses and procure testimony ;
- (g) To cooperate with and secure the cooperation of county, city, city and county and other local law enforcement agencies in investigating any matter within the scope of this chapter, and to direct the sheriff of any county to serve subpoenas, orders, and other process issued by the committee ; and
- (h) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this chapter.

10453. Every department, commission, board, agency, officer and employee of the State Government, including the Legislative Counsel and the Attorney General, and

of any political subdivision, county, city, or public district of or in this State shall furnish the committee and any subcommittee, upon request, any and all such assistance, information, records and documents as the committee or subcommittee deems proper for the accomplishment of the purposes for which the committee is created.

10454. The members of the committee shall serve without compensation but shall be allowed mileage at the rate of five and one-half cents (\$.05½) per mile each way incurred in connection with their services upon the committee and other actual and necessary expenses for living accommodations and meals, incurred in connection with their services upon the committee, or in lieu of such expenses for accommodations and meals an allowance of ten dollars (\$10) per day. The chairman of the committee shall audit and approve the expense claims of the members of the committee and shall certify the amount approved to the Controller, who shall draw his warrants upon such certification.

10455. The Senate members of the committee may serve as a Senate Committee on Legislative Organization, and the Assembly Members as an Assembly Committee on Legislative Organization, as may be provided by the Rules of each house, respectively.

SEC. 2. The sum of _____ dollars (\$ _____) is hereby appropriated to be expended by the committee in carrying out the provisions of this chapter. The provisions of Section 435 of the Political Code do not apply hereto.

Appendix B

The committee recommends that Rule 75a be added to the Permanent Standing Rules of the Assembly, and that a similar amendment be made to the Standing Rules of the Senate, as follows:

75a. There shall be a permanent committee designated the Committee on Legislative Organization, consisting of the Speaker of the House and two other Members of the Assembly, appointed by the Speaker, who shall designate the chairman.

The committee shall have and exercise the following powers:

To aid the Speaker in organizing the standing committees of the Assembly and in drawing up a schedule of committee meetings;

To determine what rules, organization, and facilities are best suited to the needs of the Assembly and report its determination, together with such related matters and facts as it deems pertinent to the Assembly;

To study the Standing Rules of the Assembly, the Joint Rules of the Legislature, questions of economy in the legislative procedure, the physical facilities for the use of the Legislature, the rearranging of space in the State Capitol, and the advisability of creating in aid of the legislative function an agency or agencies to study and report to the Legislature and its committees upon assigned subjects of legislation or of prospective legislation, to assure the obtaining of full information and enable the Legislature and its members to act advisedly in such matters;

To serve jointly with a Senate Committee having similar duties and functions;

To act during the sessions of the Legislature, including any recess thereof, and after final adjournment but not beyond the convening of the next succeeding Legislature;

To have and exercise all of the powers imposed upon Interim Committees of the Legislature or of the Assembly by the Joint Rules or by the Standing Rules of the Assembly;

To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers and perform its duties as herein set forth or as from time to time prescribed by the Assembly;

To report to the Assembly from time to time and at any time and to prepare and file a final report with the next succeeding Legislature on or before the fortieth legislative day after the convening thereof.

Appendix C

Joint Rule Relative to Joint Committee on Legislative Organization and Procedure

Rule _____. The Joint Committee on Legislative Organization and Procedure, consisting of the members of the Senate and of the Assembly Committees on Legislative Organization, is hereby created. It is charged with the duty of ascertaining facts and making recommendations concerning any and all phases of legislative organization and procedure, including:

- (1) Organization of the Legislature and of each house;
- (2) Procedure of the Legislature and of each house;
- (3) Facilities for the accommodation of the Legislature, each house, their committees and members; and
- (4) Information and assistance that can be made available to the Legislature, each house, their committees and members, including research and analysis in the fact-finding field; and of assisting committees of the Legislature and of either house in their work. It is authorized to act both during sessions of the Legislature and after final adjournment. The committee and its members shall have and exercise all of the powers and duties conferred or imposed upon such a committee or its members by the Joint Rules.

COMMUNICATIONS

By Speaker Lyon :

A communication from B. J. Firminger, City Clerk of the City of Beverly Hills, relative to adoption of a resolution endorsing legislation for joint plan survey and engineering, was received, and ordered filed with the Secretary of State.

RESOLUTIONS

The following resolution was offered:

By Mrs. Niehouse, and Messrs. Evans, Stream, Kraft, and Hollibaugh:

House Resolution No. 33

WHEREAS, During the final months of World War No. 1, at specified hours of each day church bells were rung throughout the land, seven strokes symbolic of the seven letters of the word "Victory"; and

WHEREAS, The sound of the ringing of bells is joyful and heartening, and stirring like the beating of a drum as a call to arms; now, therefore, be it

Resolved by the Assembly of the State of California, That at noon of each day from now until the day of final victory the church bells of each city, town, and hamlet throughout the land should be rung seven times, symbolic of victory, as the Liberty Bell was rung in 1776 announcing the birth of freedom from tyranny; and be it further

Resolved, That the governing bodies in each city, town, and hamlet be invited to urge the ringing of church bells in this fashion in their respective communities.

Request for Unanimous Consent

Mrs. Niehouse asked for, and was granted, unanimous consent to take up House Resolution No. 33, at this time, without reference to committee.

Resolution read and adopted.

CONSIDERATION OF DAILY FILE (RESUMED)

CONSIDERATION OF HOUSE RESOLUTION NO. 17

House Resolution No. 17

Relative to chiropractic practice by blind persons

WHEREAS, The California State Board of Chiropractic Examiners has ruled that no person with less than 50 per cent of visual acuity may be admitted to a chiropractic college or to examinations for a license as a chiropractor; and

WHEREAS, There have been outstanding examples of blind practitioners in the highest fields of medicine. Capable, talented and properly educated blind persons are peculiarly fitted for the practice of a profession which depends upon tactual acuteness and manipulation; and

WHEREAS, The board's ruling is contrary to sound social policy and to the declared policy of this State in permitting blind persons to take civil service examinations and be considered in the Civil Service System on their merits without discrimination on account of their blindness; and

WHEREAS, The action of the board needlessly draws an arbitrary line against a particular group because tests of individual merit applied to all candidates for a profession can be relied upon to retain and promote the standards on which the State board insists; and

WHEREAS, The basis of the classification established by the board is not only unfounded and arbitrary, but lacks that close and substantial relationship to the legitimate objectives of the board which is frequently judicially declared necessary to satisfy State and Federal requirements of due process and equal protection of the laws; now, therefore, be it

Resolved by the Assembly of the State of California, That the State Board of Chiropractic Examiners is hereby requested to reconsider its ruling; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit suitably engrossed copies of this resolution to the California State Board of Chiropractic Examiners and to the California Council for the Blind.

Resolution read and adopted.

REQUEST FOR UNANIMOUS CONSENT

Mr. Guthrie asked for, and was granted, unanimous consent to take up Assembly Bill No. 7, at this time.

CONSIDERATION OF ASSEMBLY BILL NO. 7

Assembly Bill No. 7—An act making an appropriation to be expended pursuant to the Property Acquisition Act for the acquisition of additional real property for use of the Fresno State College and in furtherance of the Postwar Building Program.

Resolution to Suspend Constitutional Provision

The following resolution was offered :

By Mr. Guthrie :

Resolved, That Assembly Bill No. 7 presents a case of urgency, as that term is used in Article IV, Section 15, of the Constitution, and the provision of that section requiring that the bill be read on three several days in each house is hereby dispensed with, and it is ordered that said bill be read third time, and placed upon its passage.

Resolution read.

The roll was called, and the resolution adopted by the following vote :

AYES—Anderson, Armstrong, Bashore, Beck, Bennett, Berry, Brady, Brown, Burns, Call, Carey, Carlson, Clarke, Collins, George D., Collins, Sam L., Crichton, Crowley, Debs, Denny, Dickey, Dills, Ralph C., Dilworth, Doyle, Dunn, Erwin, Evans, Field, Fourn, Gaffney, Guthrie, Hastain, Hawkins, Heisinger, Hollibaugh, Johnson, King, Knight, T. RESOLUTIONS

The following resolution was offered:

By Messrs. Call and Lyon:

House Resolution No. 34

WHEREAS, This the seventh day of the sixth month of this year, 1944, is the forty-sixth anniversary of the natal day of our esteemed fellow member and associate, the Honorable Lee T. Bashore of Glendora, experienced Legislator and recognized expert in the field of public school financing; and

WHEREAS, Our Lee has attained that age and that portly state which render him unavailable for direct and active participation in this young man's war, though ably represented by his sons, one in the South Pacific, and one with the forces now invading Continental Europe; now, therefore, be it

Resolved by the Assembly of the State of California, That we, its members, one and all, extend to Lee our heartiest felicitations, wishing him many happy returns of the day and urging him not to let teachers' tenure or retirement lessen his energies, dim his enthusiasm, or get him down during his forty-seventh or any of the years to come; and be it further

Resolved, That the Chief Clerk forthwith deliver to Lee a suitably engrossed copy of this resolution with most cordial greetings from all of us.

Request for Unanimous Consent

Mr. Call asked for, and was granted, unanimous consent to take up House Resolution No. 34, at this time, without reference to committee.

Resolution read, and adopted unanimously.

**REQUEST FOR UNANIMOUS CONSENT TO PRINT REMARKS
IN JOURNAL**

Mr. Doyle asked for, and was granted, unanimous consent to have the following remarks by Speaker Lyon printed in the Journal:

Remarks by Speaker Charles W. Lyon

I can not permit this occasion to pass without an expression of my feelings toward Lee T. Bashore. I consider the work which Mr. Bashore has performed in connection with the Teachers' Retirement Bill and his services as Chairman of the Committee on Revenue and Taxation to be invaluable.

Lee Bashore has brought intelligence, a vast amount of energy, and untiring efforts in connection with the specific subject mentioned and in his general work as a member of this body.

He is a fine friend, a loyal American, and a most valuable public servant, and I join in congratulating him upon this, his forty-sixth birthday.

PRAYER

The following prayer was offered by the Chaplain, Rev. Clarence A. Kircher:

Gracious God, Giver of Life and Liberty, we come into Thy presence to thank Thee for the opportunities and blessings of this new day. Quiet us with a sense of gratitude for the services and sacrifices of those who fight for us on land and sea and in the air. Pour out Thy comfort, O God, upon the host of captive souls who are being set free by the invasion of Europe. Grant courage to the anxious parents and loved ones whose hearts must rest their burdens in Thee.

May this day open as the dawning light that shineth forth more and more unto that perfect day when Thy face and Thy purpose shall be fully seen and known.

"Thou Grace Divine, encircling all,
A soundless, shoreless sea,
Wherein at last our souls must fall,
O Love of God most free!

And, filled and quickened by Thy breath,
Our souls are strong and free,
To rise o'er sin and fear and death,
O Love of God, to Thee."

AMEN

Has had the same under consideration, and reports the same back with the recommendation: Be adopted.

SAM L. COLLINS, Chairman

Above reported resolutions ordered on file for adoption.

REQUEST FOR UNANIMOUS CONSENT

Mr. Burkhalter asked for, and was granted, unanimous consent to have his name included as an author on House Resolution No. 29.

CONSIDERATION OF HOUSE RESOLUTION NO. 29

By Messrs. Watson, Thurman, Denny, Erwin, and Burkhalter:

House Resolution No. 29

Relating to the closing of the United States forests to hunting

WHEREAS, The United States Forest Service by order effective June 5, 1944, has closed the public forests to hunting for an indefinite period for the stated reason that hunting creates an unwarranted fire hazard; and

WHEREAS, The number of deer in the forests at this date is rapidly increasing and their natural forage is becoming over-grazed with the result that the deer come down into cultivated areas and damage growing crops; and the increase in numbers is conducive to the spread of disease among the deer; and

WHEREAS, The Fish and Game Commission of this State wants the deer supply reduced; and

WHEREAS, No fire hazard is created by the activities of deer hunters; now, therefore, be it

Resolved by the Assembly of the State of California, That the United States Forest Service be and it is respectfully requested to rescind its order so far as necessary to permit deer hunting during the regular deer hunting season; and be it further

Resolved, That the Chief Clerk of the Assembly be and is hereby directed to transmit copies of this resolution to the Secretary of Agriculture of the United States, to the United States Forest Service, and to each Member in the Congress of the United States from California.

Resolution read and adopted.

CONSIDERATION OF HOUSE RESOLUTION NO. 32

House Resolution No. 32

Relating to prolonging the wild fowl shooting season

WHEREAS, For many years there was a very noticeable scarcity of migratory wild fowl; and

WHEREAS, Sportsmen all over the Nation led by Ducks Unlimited have used strenuous efforts to increase such game; and

WHEREAS, The Federal Government functioning through the Department of the Interior has through scientific methods materially increased the numbers of migratory fowl until during the last few hunting seasons sportsmen have enjoyed better shooting than for several years past; and

WHEREAS, The take of wild fowl has materially improved the food situation during the war period; and

WHEREAS, Migrating wild fowl are causing large destruction of valuable farm food crops within the State; and

WHEREAS, California is so long north and south as would naturally provide two shooting seasons if judged by the migration of wild fowl; and

WHEREAS, The State Assembly after studied consideration believe that the State south of the Tehachapi should be placed in the southern shooting zone, and also that the shooting seasons in each of the zones should be expanded by at least a month longer than formerly; now, therefore, be it

Resolved by the Assembly of the State of California, That the Federal Government acting through the Department of the Interior be memorialized to carry out the purport of this resolution; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby instructed to send copies of this resolution to the President and Vice President of the United States, the Secretary of Interior, the Speaker of the House of Representatives, and to the Senators and Representatives from California in the Congress of the United States.

Resolution read and adopted.

RESOLUTIONS

The following resolutions were offered:

By Mr. Dunn:

House Resolution No. 37

Offering congratulations to Charles Upton of the Castlemont High School of Oakland, California, on his outstanding performance in the National William Randolph Hearst John Paul Jones Oratorical Contest

WHEREAS, In April, 1944, a patriotic oratorical contest known as the William Randolph Hearst John Paul Jones Oratorical Contest was conducted throughout the United States under the sponsorship of Mr. William Randolph Hearst; and

WHEREAS, The contest stirred the ambitions and enlisted the competition of the best young speakers on the Pacific Coast and throughout the Nation; and

WHEREAS, Charles Upton, a senior in the Castlemont High School of Oakland, California, an outstanding student and a constructive thinker and worker for the interests of his fellow students, was winner of the Pacific Coast finals in the high school division; and

WHEREAS, In the National finals held in New York City Charles Upton failed by only one point to win the National oratorical championship; and

WHEREAS, The thanks of the people of the State of California are due to Mr. William Randolph Hearst for sponsoring such a patriotic endeavor; and Mr. G. W. Roe, managing editor of the Oakland Post Enquirer, is to be congratulated for his zeal in publicizing this contest, and Mr. G. E. Martensen, principal of Castlemont High School, Mr. A. G. Starr, principal of Lockwood Junior High School, and Mr. Irving Waugh, teacher of public speaking at Castlemont High School, are also to be congratulated for the enthusiasm they have shown in developing interest in this type of activity among their students, and particularly in producing such an outstanding pupil as Charles Upton; now, therefore, be it

Resolved by the Assembly of the State of California. That the Assembly congratulate Charles Upton upon his success in the field of patriotic oratory and his brilliant performance as a representative of California high schools in the National competition, and wish him the further success which is promised to him by his natural ability; and be it further

Resolved. That the Assembly expresses thanks to Mr. William Randolph Hearst and congratulates Mr. and Mrs. Charles Upton, Sr., Mr. G. W. Roe, Mr. G. E. Martensen, Mr. A. G. Starr, and Mr. Irving Waugh for their zealous interest; and be it further

Resolved. That a suitably engrossed copy of this resolution be transmitted to Charles Upton; and be it further

Resolved. That copies of this resolution be transmitted to Mr. William Randolph Hearst, Mr. and Mrs. Charles Upton, Sr., Mr. G. W. Roe, Mr. G. E. Martensen, Mr. A. G. Starr, and Mr. Irving Waugh.

Request for Unanimous Consent

Mr. Dunn asked for, and was granted, unanimous consent to take up House Resolution No. 37, at this time, without reference to committee.

Resolution read and adopted.

By Mr. Rosenthal:

House Resolution No. 38

WHEREAS, There is no junior college in the Fortieth Assembly District; and

WHEREAS, The absence of a junior college within this district is depriving many students of the privilege of this educational asset due to the exceedingly long distances they are now required to travel to reach a junior college; and

WHEREAS, The establishment of a junior college within this district will greatly reduce the burden now imposed upon transportation facilities and will greatly aid in the conservation of rubber and the saving of gasoline; and

WHEREAS, As part of the postwar planning it will be advantageous to erect a suitable junior college building in this district to absorb the many thousands of employees now engaged in defense work who reside in this district who can be reemployed immediately upon termination of hostilities in this worthy project or will have to be provided for through some form of State relief; now, therefore, be it

Resolved by the Assembly of the State of California. That the Board of Public Works include as part of their Postwar Building Plans the construction of suitable buildings for a junior college in the Fortieth Assembly District.

Resolution read, and referred to Committee on Rules and House Functions.

By Messrs. Rosenthal and Bennett:

House Resolution No. 39

WHEREAS, The need for the construction and improvement of a highway described in this resolution is great, and such improvement and construction would be of great benefit to the residents of the vicinity wherein said road is to be constructed and would, also, be of great importance to the State wide highway facilities; now, therefore, be it

Resolved. That the following route be selected for construction and improvement as a feeder road to the State Highway System in any Postwar Construction Program

conducted under authorization of the State Legislature and financed by appropriation by the State Legislature:

From State Highway Route No. 172 to State Highway Route No. 26 via Indiana Avenue in Los Angeles County; and be it further

Resolved, That a copy of this resolution be sent to C. H. Purcell, Director of Public Works, and that he be ordered to report to the State Assembly any action he may take thereon.

Resolution read, and referred to Committee on Rules and House Functions.

By Messrs. Dunn, Maloney, Hollibaugh, Carey, and Lyon:

House Resolution No. 40

Relating to the address given by Master Ronald Wiess

WHEREAS, Master Ronald Wiess delivered to the Fourth Extraordinary Session of the Assembly, on June 7th, an address calculated to bring forth the realization of the immensity of the struggle in which our Nation is engaged and the necessity for the fullest cooperation by every citizen young and old to the end that the war may be prosecuted to a successful conclusion and that our armed forces, wherever they serve, shall have support, morally and financially, against the oppressor nations; and

WHEREAS, The civilian population should put forth their utmost efforts in the production of the food, fiber, planes, tanks, ships, guns and implements of war to be furnished our Soldiers in the field and our Sailors on the high seas; and

WHEREAS, This message, delivered by such a young boy, should prove an inspiration to the people of California; now, therefore, be it

Resolved by the Assembly of the State of California, That sufficient copies of Master Ronald Wiess' address be printed as a separate document, embellished with the picture of Master Wiess, as an humble contribution of this California Legislature towards the war effort and particularly to the success of the Fifth War Loan Drive; and be it further

Resolved, That copies of this address be furnished to the public schools, boys' clubs, Y.M.C.A.'s and other places where young people congregate, in order that they may appreciate the contribution young people can make towards the efforts of the United States and the United Nations to banish dictatorship and oppression, and to preserve the ideals of a democratic way of life.

Resolution read, and referred to Committee on Rules and House Functions.

RECESS

At 11.35 a.m., on motion of Mr. Sam L. Collins, the Assembly recessed until 2 p.m.

REASSEMBLED

At 2 p.m., the Assembly reconvened.

Hon. Charles W. Lyon, Speaker of the Assembly, presiding.

Chief Clerk Arthur A. Ohnimus at the desk.

COMMUNICATIONS

By the Chief Clerk:

The following communication was received, read, and ordered printed in the Journal:

SAN FRANCISCO 9, CALIFORNIA, June 5, 1944

*Mr. Arthur A. Ohnimus, Chief Clerk of the Assembly
State Capitol, Sacramento, California*

DEAR ARTHUR: I want to tell you how deeply cherished is the tribute the Assembly paid to the memory of our late dear brother Alvin by its House Resolution No. 29, so thoughtfully introduced by Messrs. Thompson, Miller, and Maloney at the Fifty-fifth (Third Extraordinary) Session of the Legislature.

A copy of this resolution and your letter of transmittal came to me a while ago, and, now that the Legislature is again meeting in extraordinary session, I thank you for the kind thoughts contained in your letter and would ask that you express to Honorable John F. Thompson, Honorable Raup Miller and Honorable Thomas A. Maloney and to Honorable Charles W. Lyon, Speaker, and to all other Members of the Assembly our grateful appreciation of the unforgettable tribute paid by them to the memory of our brother who has been called away.

Sincerely your friend,

JAMES A. MILLER

WITHDRAWAL AND RE-REFERENCE OF ASSEMBLY BILL NO. 42

Mr. Call moved that Assembly Bill No. 42, and proposed amendments thereto, be withdrawn from the file, and re-referred to the Committee on Judiciary.

Motion carried.

CONSIDERATION OF DAILY FILE (RESUMED)

THIRD READING OF ASSEMBLY BILLS (RESUMED)

Assembly Bill No. 25—An act to provide for the selection and acquisition by the State of real property for use in furtherance of the Postwar Construction Program, creating a Property Acquisition Board and specifying its powers and duties, providing for condemnation proceedings for the acquisition of such real property, defining the scope of appropriations made for expenditure pursuant to this act, and providing for the control and use of property so acquired pending its use in furtherance of the Postwar Construction Program, and making an appropriation.

Bill read third time.

Motion to Amend

Mr. Dunn moved the adoption of the following amendment:

Amendment No. 1

On page 1, line 6, of the printed bill, after the period following "Commissioner", insert "The chairman of the Senate Committee on the Postwar Construction Program created by Senate Resolution No. 125, Fifty-fifth Session of the Legislature, and one other member of such committee to be designated by the chairman thereof, and the chairman of the Assembly Committee on Postwar Rehabilitation, created by House Resolution No. 190, Fifty-fifth Session of the Legislature, and one other member of such committee to be designated by the chairman thereof, or the chairman and one member similarly selected from the membership of such committees as may be subsequently designated by the respective houses to succeed to and carry on the work of such committees, shall meet with and participate in the work of the board to the extent that such participation is not incompatible with their respective positions as Members of the Legislature."

Amendment read and adopted.

Temporary Suspension of Assembly Rule

Mr. T. Fenton Knight asked for, and was granted, unanimous consent that the Assembly Rules be temporarily suspended for the purpose of considering all proposed amendments to Assembly Bill No. 25 before sending the bill out to reprint.

Assembly Joint Resolution No. 7.

INTRODUCTION, FIRST READING, AND REFERENCE
OF ASSEMBLY BILLS (RESUMED)

The following bills were reported back from the Legislative Counsel Bureau, and read the first time:

Assembly Bill No. 57: By Mr. Sam L. Collins—An act making an appropriation for expenses of Members of the Assembly pursuant to Section 352 of the Political Code.

Referred to Committee on Rules and House Functions.

Assembly Concurrent Resolution No. 6: By Messrs. Weber, Doyle, and Lyon—Amending the Joint Rules of the Senate and Assembly by adding Rule 39, relative to a Joint Committee on Legislative Organization and Procedure.

Referred to Committee on Rules and House Functions.

Assembly Joint Resolution No. 7: By Messrs. Massion and Johnson—Relative to making manpower available for the Geneva Steel Plant at Provo, Utah.

Referred to Committee on Rules and House Functions.

RESOLUTIONS

The following resolutions were offered:

By Messrs. Weber, Lyon and Doyle:

House Resolution No. 42

Resolved, That the Permanent Standing Rules of the Assembly and the Standing Rules of the Assembly for the Fourth Extraordinary Session of the Fifty-fifth Legislature be amended by adding Rule 75a thereto, to read as follows:

75a. There shall be a permanent committee designated the "Committee on Legislative Organization," consisting of the Speaker of the House and two other Members of the Assembly appointed by the Speaker, who shall designate the chairman.

The committee shall have and exercise the following powers:

To aid the Speaker in organizing the standing committees of the Assembly and in drawing up a schedule of committee meetings;

To determine what rules, organization, and facilities are best suited to the needs of the Assembly and report its determination, together with such related matters and facts as it deems pertinent, to the Assembly;

To study the Standing Rules of the Assembly, the Joint Rules of the Legislature, the existing organization of the Legislature, questions of economy in the legislative procedure, the physical facilities for the use of the Legislature, the rearranging of space in the State Capitol, and the advisability of creating in aid of the legislative function an agency or agencies to study and report to the Legislature and its committees upon assigned subjects of legislation or of prospective legislation, to assure the obtaining of full information and enable the Legislature and its members to act advisedly in such matters;

To serve jointly with a Senate Committee having similar duties and functions;

To act during the sessions of the Legislature, including any recess thereof, and after final adjournment but not beyond the convening of the next succeeding Legislature;

To have and exercise all of the powers imposed upon Interim Committees of the Legislature or of the Assembly by the Joint Rules or by the Standing Rules of the Assembly;

To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers and perform its duties as herein set forth or as from time to time prescribed by the Assembly;

To report to the Assembly from time to time and at any time and to prepare and file a final report with the next succeeding Legislature on or before the fortieth legislative day after the convening thereof.

Resolution read, and referred to Committee on Rules and House Functions.

By Messrs. Dills, Ralph C., Fourt and Middough:

House Resolution No. 43

Relative to augmenting the funds of the Interim Special Committee on State-Federal Cooperation in the Discovery, Production, Transportation, Refining and Use of Petroleum.

Resolved by the Assembly of the State of California, That in addition to any money heretofore made available, the sum of one thousand dollars (\$1,000), or so much thereof as may be necessary, is hereby made available from the Contingent Fund of the Assembly for the expenses of the Interim Special Committee on State-Federal Cooperation in the Discovery, Production, Transportation, Refining and Use of Petroleum (created by House Resolution No. 56, adopted January 20, 1943) and its members,

and for any charges, expenses or claims it may incur under the resolution, to be paid and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and referred to Committee on Rules and House Functions.

By Messrs. Gaffney, Johnson, and Collins, George D.

House Resolution No. 44

Relative to encouraging propagation of cork oak trees in the United States with a view to freeing this Country from its dependence upon Europe for its supply of this vital material.

WHEREAS, The United States with its diversity of industry and California particularly, with its huge wine and bottling industries, consume a tremendous amount of cork; and

WHEREAS, Life preservers, marine and building insulation material, and many other manufactured products require additional vast quantities of cork; and

WHEREAS, Cork has been listed by the Army and Navy departments as among the 15 most critical war materials; and

WHEREAS, The cork oak can be successfully grown in certain parts of the United States and especially in the Southwest and in California, particularly in sections which are very like the cork-growing regions of Spain, Portugal, and North Africa, and moreover, the cork produced from California trees is physically and chemically equal in quality to Spanish, Portuguese and African cork and gives equally satisfactory results in production and use; and

WHEREAS, Up to now the interest in growing cork oak trees in this Country has not resulted in development on a commercial scale, principally because of the length of time required before the trees are large enough to strip off readily salable bark; and

WHEREAS, In the past four years nearly 150,000 cork oaks have been planted in 40 counties of California, and the State Board of Forestry, the State Director of Natural Resources, and other officials and industrial leaders are working to put the cork-growing industry in California upon a commercial basis; now, therefore, be it

Resolved by the Assembly of the State of California, That the Congress of the United States be, and it is hereby memorialized to aid this program by its active support; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States, the Vice President of the United States, the Speaker of the House of Representatives of the United States, and the Senators and Representatives from California in the Congress of the United States.

Resolution read, and referred to Committee on Rules and House Functions.

PRAYER

The following prayer was offered by the Chaplain, Rev. Clarence A. Kircher :

We praise Thee, O God, with the morning light, and in the brightness of a new day we bless Thy holy name. Thou hast bestowed upon us, with the gift of life, Thine own image, to share in Thy knowledge and Thy love. Grant protection to our loved ones, our families, and especially to those who serve as our defenders in the armed forces. We ask strength and guidance for all who carry the responsibilities of Government that victory may come soon to those who rise to defend freedom.

Thy love divine hath led us in the past ;
In this free land by Thee our lot is cast ;
Be Thou our Ruler, Guardian, Guide and Stay ;
Thy word our law, Thy paths our chosen way.

AMEN

REPORTS OF STANDING COMMITTEES

Committee on Education

ASSEMBLY CHAMBER, SACRAMENTO, June 9, 1944

MR. SPEAKER: Your Committee on Education, to which was referred:

Assembly Bill No. 13

Has had the same under consideration, and reports the same back with amendments with the recommendation: Amend, and re-refer to the Committee on Ways and Means.

DILWORTH, Chairman

Above reported bill ordered to second reading.

SECOND READING OF ASSEMBLY BILLS (OUT OF ORDER)

Assembly Bill No. 13—An act to repeal Chapter 14 of Division 7 of the Education Code, and to add a new Chapter 14 thereto, relating to

the retirement of teachers of the Educational System of the State and other persons connected therewith, and making an appropriation therefor.

Bill read second time.

Consideration of Committee Amendments

The following amendments were proposed by the Committee on Education:

Amendment No. 1

In line 5 of the title of the printed bill, strike out the period, and insert "; and declaring the urgency of this act, to take effect immediately."

Amendment No. 2

On page 32, line 13, of said bill, strike out "whenever", and insert "This act shall become operative July 1, 1944. If, however, for any cause whatsoever the full operation and effect of this act is deferred to a date later than July 1, 1944, then whenever".

Amendment No. 3

On page 32 of said bill, after line 30, insert

"Sec. 6. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

The Legislature has found that the present California State Teachers' Retirement System is financially unsound, and must be reestablished on a sound financial basis at the earliest possible time to avoid the breakdown of the system or the accumulation of a staggering deficit. The Retirement System established by this act is necessarily integrated with the fiscal year and the school year of the State, both of which begin on the first day of July. It is therefore necessary that this act take effect immediately."

Amendment No. 4

CONSIDERATION OF DAILY FILE (RESUMED)

THIRD READING OF ASSEMBLY BILLS (RESUMED)

Assembly Bill No. 10—An act to amend Section 510 of the Civil Code, relating to street railroads, declaring the urgency thereof, to take effect immediately.

Bill read third time.

Motion to Amend

Mr. O'Day moved the adoption of the following amendment:

Amendment No. 1

On page 2 of the printed bill, as amended, strike out lines 3 to 19, inclusive, and insert

"The following is a statement of the facts constituting such necessity: The people of the City and County of San Francisco have adopted and the State Legislature has ratified a charter amendment which permits said city and county to acquire the operative properties of the Market Street Railway Company and provides for the unification thereof with the San Francisco Municipal Railway.

The street railways of the city and county are connected with and are an integral part of the passenger transportation system of the entire San Francisco Bay Area and that portion of the State contiguous thereto. All of that part of the State is a critical war area in that it is vital in the production of war materials and also because it is a port of embarkation and focal point of departure for troops and materiel moving into the Pacific War Zone.

The present two street railway systems in the city and county have proven under separate ownership, insufficient and inadequate to provide the necessary transportation for war workers and military personnel moving both within the city and county and within the area above described as well as the entire State. It is desirable and necessary to accomplish unification of the street railway systems in order that an adequate transportation system may be organized and provided within the said city and county so that the same shall be available to all the people of the State.

There is an ambiguity existing between the code provisions relating to the transfer of the physical properties of a street railway corporation in that there is confusion as to whether a majority or two-thirds of the number of shareholders are required to give their consent. For the purpose of correcting this confusion insofar as it relates to a municipality or any political subdivision of the State, so that the same may be available and facilitate the transfer of such properties during this time of need, the amendment proposed is declared an emergency."

Amendment read and adopted.

Bill ordered reprinted, and re-engrossed.

REQUEST FOR UNANIMOUS CONSENT

Mr. T. Fenton Knight asked for, and was granted, unanimous consent to have Assembly Bills Nos. 23, 26, 27, 28, 30, 33, 34, and 37 placed upon the inactive file.

PRAYER

The following prayer was offered by the Chaplain, Rev. Clarence A. Kircher:

O Holy Saviour, Friend Unseen,
Since on Thine arm Thou bidd'st me lean,
Help me, throughout life's varying scene,
By faith to cling to Thee.

Though faith and hope may long be tried,
I ask not, need not aught beside;
How safe, how calm, how satisfied,
The souls that cling to Thee!

Our Father, who art in Heaven, hallowed be Thy name; Thy kingdom come; Thy will be done on earth as it is in Heaven; give us this day our daily bread; and forgive us our debts, as we forgive our debtors; and lead us not into temptation, but deliver us from evil; for Thine is the kingdom, and the power, and the glory, forever.

AMEN

MOTION TO PRINT IN JOURNAL

Upon motion of Mr. Maloney, the following address by Master Ronald Weiss was ordered printed in the Journal:

Address Delivered by Master Ronald Weiss, Aged 8 Years, at the California State Legislature at Sacramento, California, June 7, 1944

Title: "What We Are Fighting For"

Mr. Speaker, My Good Friend Senator Maloney, Members of the Assembly of the State of California, Ladies and Gentlemen

I am extremely grateful to the Members of the Assembly for this kind invitation to speak to you today.

Being only a kid, and afforded this privilege, I will remember it the longest day of my life.

One day my grandfather and I were walking down the street when a parade of Soldiers with guns marched by. I said, "Granddaddy, what do those Soldiers do?"

"Ronald, those Soldiers, and millions of others who are Sailors, and those who operate tanks, airplanes, and big guns, are going to fight and kill those who are our

enemies. This Country, this United States, in which you and I live, is at war," he explained.

I asked him, "Why are we at war? Why do we want to kill other men?"

"We do *not* want to be at war," he answered, "we do *not* wish to kill other men, but they—the Germans and the Japanese—have leaders who are ambitious; who are not satisfied to live at peace in their own countries. *They* want to conquer and take possession of the whole world. They have already taken many weaker countries, and either killed or made slaves of the people. They are worse than robbers and murderers, who steal into homes and banks, take money and valuables that do not belong to them, and kill the people who oppose them. These leaders of Germany and Japan would take our Country and our homes away from us, make slaves of us and kill us if we did not protect ourselves."

He told me about Pearl Harbor, in Hawaii, how the Japs dropped bombs and machine-gunned thousands of innocent men, women, and children without any warning—just like a gangster who would shoot a mother, father, and children and then run away.

He explained to me that these nations are so ambitious and mean that they would come over here to America and do the same thing to us unless we prepared for war and trained great Armies and Navies and Air Fleets to protect ourselves. He said "Those Soldiers, Sailors and Marines are the policemen who protect us, our homes, our Country, and the way we live. If we allow these gangsters to come over here to America with their armies, navies and airplanes, they would take everything away from us, make slaves of us, or put us into concentration camps."

He told me that many thousands of innocent men, women, and children in these countries are placed in great fields surrounded by barbed wire fences, made to sleep in places worse than those given to dumb animals, and given a small amount of food that is so bad that it could hardly be eaten.

"These enemy nations," he said, "hate us; they envy the liberty and freedom we enjoy; they hope to destroy us so that they may take what we have for themselves."

Then he explained it this way: he said, "Ronald, if you had a nice home, good clothes, good food to eat, a comfortable bed in which to sleep, if you had toys, many playmates, and a nice yard; if you went to a nice school and attended a church where you had many friends, and some dirty rough bully came along, and tried to take all these things from you, you would fight, wouldn't you? If he tried to shoot you, starve you, and throw bombs into your home, you would even kill him if it was necessary, wouldn't you?"

I said, "I wouldn't want to kill anybody, but if he tried to do all of these things to me I would have to do it."

"And that," said my grandfather, "is just what the United States is doing. It is fighting to save homes, and little boys like you so that they can continue to go to school, to church, and so that they can play as they wish."

Then my grandfather told me that only July 4, 167 years ago, some great men met in Philadelphia and signed the Declaration of Independence which made this Country a free nation. It gave our ancestors—and us—a freedom and a liberty which has never been equalled by any other country. Other boys and girls and I have a right—when we grow up—to vote and to help govern this great Country. In the United States of America a poor boy can become President—as Abraham Lincoln and others have already done. We can go to church any place we wish—without the permission of a dictator.

Here in this Country the newspapers and magazines may print their opinions without the fear of being arrested—as long as they do not endeavor to overthrow the Government.

Even I—at 8 years of age—may stand here and talk to you—and no policeman or Gestapo agent will try to stop me. What I am doing right now would not be allowed in Germany or Japan. If I lived in Germany my relatives would probably be placed in a prison—as well as I. They might even put us to death for what I am doing now—and which this Country not only permits—but encourages.

The Declaration of Independence gives us Americans many rights and privileges which the people of most countries do not enjoy. Now the United States is at war to protect and preserve this independence so that you and I—and those who follow us—may continue to enjoy our liberties and our freedom—for which our ancestors gave their lives.

Our men are now fighting in almost all parts of the world to keep our enemies from forcing their way of living and their dictatorships upon us. Thousands of Americans have given their lives to protect us here at home. Thousands of others have been crippled, blinded, or so severely wounded that they will never again enjoy themselves as they once did. Before the war is ended thousands of others will be killed or wounded. They will give all they have in order that their loved ones and we may continue to live as our forefathers decreed that we should.

The great Mr. Churchill has told his people of England and us that to win we must shed more blood, sweat, and tears. He knows that many more lives will be sacrificed before the enemy is defeated. He has warned us that wives will lose their husbands—fathers and mothers will lose sons—and many of our friends and relatives will be taken from us—before Germany and Japan are crushed. But unless we crush them, they will some day make slaves of us. Our boys are fighting so that we will not be

compelled to suffer like the people of Poland, Norway, Belgium, Holland, France and other helpless conquered countries.

Our President has said, "They give their lives, we are asked to loan our money." If our boys are not properly fed—if they are not properly clothed—if we do not send guns and ammunition to them—if our Government does not build plenty of airplanes, ships, and tanks, our Soldiers, Sailors and Marines can not win a victory. If they do not win—if we are defeated—what good is our money? The least that we at home can do is to buy bonds and stamps with every dollar and penny that we can spare. We should sacrifice many things that we can go without—so that our Armies, Navies and Air Corps will win a quicker victory which will hasten the peace that all of us want.

Once when my grandfather gave me my allowance—I spent it quickly for candy and toys. Now I buy war stamps. I can get along without the candy and toys when I think how the other little boys must be suffering because of lack of food and clothing. My few pennies will not buy many bonds—but if every boy and girl in the Country would save—and if all the grown-ups would sacrifice even a *little* more—then the war would be over much quicker. When peace finally comes and our boys come back from the front—we can watch them march down the street and say to ourselves: "I did my bit to help them. I loaned all that I could." We'll feel better if we do our duty on the home front. Millions of patriotic Americans at home are giving their blood to the blood banks. Those who are the proper age and who have health, have the opportunity of donating their blood to save the lives of those who become wounded and who are doing the actual fighting. The doctors assure you that the loss of a pint of your blood at proper intervals, will do no harm, but each pint that you donate may save a life. That life may be your son, your brother, your nephew, cousin, or friend. If no one gives blood, then thousands more of our boys will die.

They will not take blood from little fellows like me. If I gave one pint of my blood there would be little left. But how I wish I were old enough and big enough to give it. Then when the boys come back it would make me feel much prouder and happier as I saw them marching down the street.

There are so many things that grown-ups can do to help. They can save their tin, iron, rubber, grease, and other items which the Government needs. You can use your automobiles less to save tires. You can follow all Government regulations in connection with foods; you can have victory gardens which will release foods for the Soldiers and Sailors at the front. You can give to the Red Cross and the War Chest and all the other good causes. I wish I were old enough to help more. I want to be a good American citizen. If I could be a good Soldier, a Sailor, and an Aviator all at one time, it would make me glad. It would be fun to help to build ships and airplanes too.

My grandfather has told me about the suffering and the lack of freedom in many other countries, of the people who have practically no voice in their governments; they do only as they are told. They work for very little pay or no pay at all. Families are separated; food is so scarce that many millions of people are starving. They do not have enough clothing or blankets to keep them warm. Yet, here in America, we have plenty of food, good warm clothing, all the blankets we need, good homes, good beds; men and women receive good pay and even our Soldiers are the best paid of any on earth. All of you have a voice in the Government. If you do not like the way things are being run, if you do not like our leaders, we can change them. These are just a few of the many privileges that we American citizens enjoy. These are the things we are fighting for. These advantages are worth all the sacrifices we are making, or will be compelled to make in the future.

It was these things that our forefathers wanted us to have when they wrote and signed the Declaration of Independence. Even when we sacrifice to the limit to win this war, we will have many more advantages, privileges, and pleasures than our forefathers enjoyed in 1776.

That grand President and idol of all true Americans, Abraham Lincoln, has left a message which all of us can read and think about even today. It could be applied to Pearl Harbor, to Bataan, or any of the other places our boys have fought, bled, and died to save America, and our American way of life. If Abraham Lincoln were alive today, he could give the same great message and, by changing only a few words, make it fit the glorious deeds of our fighting men. He could stand on any ground made sacred by the sacrifices of our heroes and utter these words:

Four score and seven years ago our fathers brought forth upon this continent a new nation, conceived in liberty, and dedicated to the proposition that all men are created equal. Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived, and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting place for those who here gave their lives, that that nation might live. It is altogether fitting and proper that we should do this. But, in a larger sense, we can not dedicate, we can not consecrate, we can not hallow, this ground. The brave men, living and dead, who struggled here, have consecrated it, far above our power to add or detract. The world will little note, nor long remember, what we say here, but it can never forget what they did here. It is for us, the living, rather, to be dedicated here to the unfinished work which they who fought here have, thus far, so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored

dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we here highly resolve that these dead shall not have died in vain—that this Nation, under God, shall have a new birth of freedom, and that government of the people, by the people, for the people, shall not perish from the earth.

Amendment No. 2

On page 22 of said bill, as amended, between lines 21 and 22, insert

"14565. (a) At the beginning of each fiscal year the Retirement System shall pay to each local district maintaining a local retirement system the following amounts:

(1) From the Permanent Fund, an amount equal to the difference between the benefits paid from the Permanent Fund during the preceding year to persons who are entitled to receive benefits from the local retirement system and the benefits which would have been paid from the Permanent Fund during the preceding year to those persons if they were not entitled to receive benefits from the local retirement system.

(2) From the Retirement Annuity Fund, an amount equal to the difference between the benefits paid from the Retirement Annuity Fund during the preceding year to persons who are entitled to receive benefits from the local retirement system and the benefits which would have been paid during the preceding year to those persons if they were not entitled to receive benefits from the local retirement system.

(b) The amounts paid under subdivision (a) of this section by the Retirement System to each local district maintaining a local retirement system shall not be used to reduce the contributions required of members of the local retirement system or to increase the benefits payable by the local retirement system, but shall be applied to reduce the cost of support of the local retirement system to the taxpayers of the local district maintaining the local retirement system.

(c) The State shall contribute annually to the Permanent Fund and to the Retirement Annuity Fund the amounts required to be paid from said funds, respectively, under subdivision (a) of this section."

The following resolution was offered:

By Messrs. Thomas, Johnson, Armstrong, Field, Hastain, Wollenberg, Dunn, Weybret, Carey, Sheridan, Maloney, Knight, John B., Dickey, Lyon, and Waters:

House Resolution No. 49

Relating to the retirement of the Honorable Arthur W. Carlson from the Assembly

WHEREAS, Arthur W. Carlson has represented the Sixteenth Assembly District at the Fifty-third, Fifty-fourth, and Fifty-fifth Sessions of the Legislature and is not a candidate for reelection; and

WHEREAS, During his years of service in this body Arthur W. Carlson by reason of his broad legal knowledge and his inherent abilities has been of inestimable assistance in the deliberations of this body; and

WHEREAS, His presence will be sorely missed when the Fifty-sixth Legislature convenes, but the regret of the Members of this Assembly for his absence will be ameliorated by their knowledge that he is serving a higher and nobler cause and by the possibility that he may some day return to these legislative halls; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly congratulates Honorable Arthur W. Carlson for his long and splendid service as a Legislator, wishes him the best of luck and success in his new field of service, and expresses the hope that some day he will return to render the same distinguished service as his record shows that he has at all times rendered as a Member of this Assembly; and be it further

Resolved, That the Chief Clerk of the Assembly be and he is hereby directed to deliver a suitably prepared copy hereof to Arthur W. Carlson.

Request for Unanimous Consent

Mr. Thomas asked for, and was granted, unanimous consent to take up House Resolution No. 49, at this time, without reference to committee.

Resolution read, and adopted by a rising vote of the Assembly.

Appointment of Committee on Escort

The Speaker appointed Messrs. Maloney, Robertson, Wollenberg, and Thomas as a Select Committee to escort Hon. Arthur W. Carlson and Mrs. Carlson to the rostrum.

Mr. Carlson then addressed the Assembly.

MOTION TO PREPARE AND PRINT DIGEST OF TEACHERS' RETIREMENT ACT

Amendment to title read and adopted.

Bill ordered reprinted, and transmitted to the Senate.

Explanations of Vote on Assembly Bill No. 42

This is an Anti-Black Market Bill in title, but not in fact. Amendments have emasculated the bill to exempt those black market dealers who use no stamps at all. Our fight to oppose such change has failed. We are voting "aye" in order to get at least something.

AUGUSTUS F. HAWKINS
JACK MASSION
GLENN M. ANDERSON
VERNON KILPATRICK
JOHN B. PELLETIER

We voted for Assembly Bill No. 42 notwithstanding the fact that the heart of the bill, as originally presented, has been cut out. In committee where the damage was done, we opposed and voted against amendment. However, a crumb is better than nothing.

COMMITTEE ON LEGISLATIVE ORGANIZATION

STATE CAPITOL, SACRAMENTO, CALIFORNIA, June 9, 1944

To the Honorable Charles W. Lyon, Speaker of the Assembly

DEAR SIR: Submitted herewith are the recommendations of your committee to the Governor and other officials of the State and local government concerning the organization of the procedure in research, fact-finding, and planning in State and local government.

This report is made pursuant to House Resolutions Nos. 22, 78, 234, and 253 of the 1943 Session (Assembly Journal 1943, pages 98, 652, 3294, and 3501).

Copies of these recommendations have been forwarded to the Governor, to the Director of the Reconstruction Reemployment Commission, to the Director of Finance, and to the officers of the Government of the State. A copy of the letter to the Governor is attached hereto.

Respectfully submitted.

CHARLES M. WEBER, Chairman
Committee on Legislative Organization

**Report on the Organization of the Procedure of Research, Fact-Finding
and Planning in State and Local Government**

In order properly to aid government at this critical period to organize itself and plan for the future, and without further delay to bring to a successful conclusion the

prolonged efforts of the Legislature to establish the procedure of research, fact-finding and planning as an aid and adjunct to the three branches of State and local government, the Committee on Legislative Organization again refers to its Report on the Procedure of Planning in State Government dated February 19, 1943, printed in the Assembly Journal of May 3, 1943, and reprinted herewith. It urges that its recommendations be immediately followed by the Legislature and the executive branch of Government.

In furtherance thereof your committee recommends:

That the Governor of California proclaim that all matters relating to the procedure of economic and physical planning for the general welfare be considered at a special extraordinary session of the Legislature which he may call at a propitious time;

That pending such legislative action, the Governor in his capacity as Chief Executive do direct that the organization and functioning of the State Reconstruction and Reemployment Commission conform, insofar as practicable, to the procedural lines authorized by the State Planning Act (Statutes 1929, Ch. 838; amended by Statutes 1937, Ch. 665) and as further set forth by the proposed minor amendments to the act as rearranged in Assembly Bill No. 1411, as amended in the Assembly on April 24, 1943; and

That the Governor appoint a commission of five members (not holding other office in government) to act as a Conservation and Planning Board, to coordinate State, regional, county and city planning and to be the agency charged with directing the decentralization of planning and the administration thereof to the local governments; and, furthermore, that this commission shall after proper consideration divide the State into regional planning districts as provided in the act and thereafter shall act as the coordinating liaison amongst the legislative and executive branches of State and local governments.

The committee, after holding conferences and interviews with individuals and officials charged with the duties of mapping, map making, and map use, finds that there is immediate and great need for adequate map coverage of the State by the aerial method of photo-grammetry in order to provide a necessary instrumentality for the new and valuable uses of maps in the discovery and conservation of natural resources and the determining of economic and social relationships existing on the land and the solving of problems relating thereto. Upon the basis of this study, your committee recommends:

That of the money appropriated for postwar planning a portion be used for adequate map coverage and that the California Coordinates System, as described in Assembly Bill No. 1409, as amended in the Assembly March 29, 1943, be adopted and used to locate flight control points for the map photography and for the location and description of survey monuments throughout the State; and

That a State agency be charged with the duty of setting up standards, specifications and scales for map making and map use for the whole State and that this agency act as custodian and distributor of the maps.

STATE CAPITOL, SACRAMENTO, CALIFORNIA

December 8, 1943

Honorable Earl Warren

Governor of the State of California

State Capitol, Sacramento, California

YOUR EXCELLENCY:

The Assembly Committee on Legislative Organization has been charged with the duties of making studies and carrying on legislative activities pertaining to the establishment of the procedure of planning and fact-finding in State and local government. This assignment to the committee is the continuation of a prolonged effort of the Legislature in that direction.

In your conference with the chairman of the committee concerning these matters, on December 3, 1943, certain governmental policies and actions were discussed which might expedite the establishment of the above mentioned procedure. Among other things the tendency, from the very nature of their work, of the planning agencies toward the centralization of power, and the remedy of this evil by the adoption of the

procedure of planning as authorized under the Planning Act. The Reconstruction and Reemployment Commission has certain powers in this regard granted by the 1943 Legislature.

The matter of adequate map coverage of the State of California as a basic tool of physical and economic planning was also discussed.

It was suggested that in order to obtain the best results from the great movement in postwar planning, it would be well to consider certain matters relating to the economic and physical planning of the State at a special session which may be called. Pursuant to this discussion the Committee on Legislative Organization has met, drawn up and approved a report which makes recommendations to your Excellency, to the executive branches of government and to the Legislature.

Your attention is called to the attached copy of the preliminary draft of this report which will be officially printed and directed to the Speaker of the Assembly at a later date.

Respectfully,

CHARLES M. WEBER, Chairman
Committee on Legislative Organization

RESOLUTIONS

The following resolution was offered:

By Messrs. Anderson, Lyon, Hollibaugh, Field, Dickey, Maloney, McMillan, Kellems, and O'Day:

House Resolution No. 53

WHEREAS, A million and a half persons have migrated to the State of California since 1940 to engage in essential war production; and

WHEREAS, This increased population has aggravated and made more acute the need for increased facilities for the treatment and disposal of sewage; and

WHEREAS, The public health, safety and welfare of the people of the State of California are being imperiled by the disposal of untreated sewage into the Pacific Ocean, bays, harbors and rivers abutting or within the boundaries of this State; and

WHEREAS, These insanitary conditions have become so acute that in some instances the State Department of Public Health has taken action to abate such conditions by quarantine and other measures; and

WHEREAS, The elimination of such conditions should be undertaken as soon as hostilities cease or sooner if manpower and the necessary materials become available; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Committee on Governmental Efficiency and Economy as created by House Resolution No. 81 investigate, survey and report on sewage treatment and disposal facilities within this State, the adequacy thereof, the urgency and necessity for the construction, reconstruction or extension of sewage treatment and disposal facilities in the interest of the public health, safety and welfare and make recommendations for stimulating and expediting the construction, reconstruction, extension and financing of such facilities; and be it further

Resolved, That the Director of the State Department of Public Health is requested to cooperate with and assist the said Committee on Governmental Efficiency and Economy in the accomplishment of the purposes of this resolution.

Request for Unanimous Consent

Mr. Anderson asked for, and was granted, unanimous consent to take up House Resolution No. 53, at this time, without reference to committee.

Resolution read and adopted.

**MOTION TO INCLUDE ENTIRE MEMBERSHIP AS CO-AUTHORS
OF HOUSE RESOLUTION NO. 54**

Mr. Thurman moved that the names of the entire Assembly be included as co-authors on House Resolution No. 54.

Motion carried unanimously.

RESOLUTIONS

The following resolutions were offered:

By Mr. Miller and The Entire Membership:

House Resolution No. 54

Relating to Fred Weybret leaving the Assembly

WHEREAS, Our able colleague, The Honorable Fred Weybret, will be leaving this Assembly at the completion of this session to assume his duties in the Senate, to which office he was recently elected by his appreciative and discerning constituents; and

WHEREAS, During many years he has contributed inestimable knowledge and experience to the work of this Assembly; and

WHEREAS, The Members of the Assembly will miss his presence, judgment and assistance; now, therefore, be it

Resolved by the Assembly of the State of California, That the members congratulate his constituents on their choice of a Senator, and the Senate on their new colleague; and be it further

Resolved, That we extend to The Honorable Fred Weybret our best wishes for a distinguished career in the Senate.

Request for Unanimous Consent

Mr. Miller asked for, and was granted, unanimous consent to take up House Resolution No. 54, at this time, without reference to committee.

Resolution read, and adopted unanimously by a rising vote of the Assembly.

By Messrs. Kilpatrick, Evans, Mrs. Niehouse, Messrs. Beck, Robertson, Bennett, Dills, Clayton A., Dills, Ralph C., Brady, Crowley, Allen, Price, Anderson, Heisinger, Watson, Erwin, Maloney, Middough, Hollibaugh, Burkhalter, Stream, Massion, Lyons, Kellems, Johnson, Thomas, Dunn, McMillan, and Rosenthal:

House Resolution No. 55

WHEREAS, By Section 2020.01 added to the Welfare and Institutions Code by Chapter 358 of the Statutes of 1943, the monthly allowance to needy aged persons was increased to meet actual needs; and

WHEREAS, Such provision has been a great boon to a deserving part of our population as it has relieved actual distress in thousands of cases and has won the undying gratitude of an untold number of needy aged; and

WHEREAS, The margin of safety in such cases is very small and cutting down to the former level of the allowance in an era of the high prices that is bound to prevail for a considerable period after the war will indubitably revive the conditions of need and distress that existed before the above enactment; and

WHEREAS, The benefit of the said Section 2020.01 will by the terms of the section itself terminate on the ninety-first day after the termination of the Fifty-sixth Regular Session of the Legislature; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Committee on Governmental Efficiency and Economy created by Assembly House Resolution No. 81 of 1943 is hereby instructed to investigate the condition of the State finances and make a survey of the administration of said Section 2020.01 and of the needs therefor and of the benefits resulting therefrom, under such section if its operation could be extended during the Ninety-seventh and Ninety-eighth Fiscal Years; and be it further

Resolved, That the said committee for the purpose of making such investigation and survey shall have all the power conferred upon it by said House Resolution No. 81; and be it further

Resolved, That the said committee shall report the results of the investigation and survey together with recommendations in that behalf to the Assembly at the Fifty-sixth Regular Session of the Legislature, and during the first 15 days thereof.

Resolution read, and referred to the Committee on Rules and House Functions.

By Mr. Doyle:

House Resolution No. 56

Relating to an analysis of the functions of State Government

Resolved, That the Joint Legislative Budget Committee is hereby requested to prepare an outline of the organization, structure and functions of the State Government, including its relationship with cities, counties and districts for the purpose of assisting new Members of the Assembly to orient themselves in the field of governmental science; and be it further

Resolved, That such outline shall be completed two months prior to the convening of each regular session of the Legislature and made available to such new members immediately upon election; and be it further

Resolved, That such outline shall be available to other Members of the Legislature upon request.

Request for Unanimous Consent

Mr. Doyle asked for, and was granted, unanimous consent to take up House Resolution No. 56, at this time, without reference to committee.

Resolution read and adopted.

By Mr. Middough:

House Resolution No. 57

Relative to a study of the advisability of purchasing State sites and erecting buildings, instead of renting them, in cities where State departments are functioning

Resolved by the Assembly of the State of California, That, as part of the Postwar Program, the Assembly Committee on Governmental Efficiency and Economy, the Assembly Committee on Postwar Rehabilitation, the Ways and Means Committee, and the State Reconstruction and Reemployment Commission study and report upon the advisability of purchasing sites and erecting buildings in cities where State departments are functioning, instead of paying rent.

Resolution read, and referred to the Committee on Rules and House Functions.

RECESS

At 11.30 a.m., on request of the Chair, the Assembly recessed until 11.35 p.m. to hear from Assemblyman Don Crawford of District 1, Washoe County, Nevada.

REASSEMBLED

At 11.35 a.m., the Assembly reconvened.

CONSIDERATION OF HOUSE RESOLUTION NO. 42

House Resolution No. 42

Resolved, That the Permanent Standing Rules of the Assembly and the Standing Rules of the Assembly for the Fourth Extraordinary Session of the Fifty-fifth Legislature be amended by adding Rule 75a thereto, to read as follows:

75a. There shall be a permanent committee designated the "Committee on Legislative Organization," consisting of the Speaker of the House and two other Members of the Assembly appointed by the Speaker, who shall designate the chairman.

The committee shall have and exercise the following powers:

To aid the Speaker in organizing the standing committees of the Assembly and in drawing up a schedule of committee meetings;

To determine what rules, organization, and facilities are best suited to the needs of the Assembly and report its determination, together with such related matters and facts as it deems pertinent, to the Assembly;

To study the Standing Rules of the Assembly, the Joint Rules of the Legislature, the existing organization of the Legislature, questions of economy in the legislative procedure, the physical facilities for the use of the Legislature, the rearranging of space in the State Capitol, and the advisability of creating in aid of the legislative function an agency or agencies to study and report to the Legislature and its committees upon assigned subjects of legislation or of prospective legislation, to assure the obtaining of full information and enable the Legislature and its members to act advisedly in such matters;

To serve jointly with a Senate Committee having similar duties and functions;

To act during the sessions of the Legislature, including any recess thereof, and after final adjournment but not beyond the convening of the next succeeding Legislature;

To have and exercise all of the powers imposed upon Interim Committees of the Legislature or of the Assembly by the Joint Rules or by the Standing Rules of the Assembly;

To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers and perform its duties as herein set forth or as from time to time prescribed by the Assembly;

RESOLUTIONS

The following resolution was offered:

By Messrs. Weber, Lyon, and Doyle:

House Resolution No. 58

Amending Rule 75 of the Permanent Standing Rules
of the Assembly

Resolved, That Rule 75 of the Permanent Standing Rules of the Assembly be and it is hereby amended to read:

"75. For their convenient functioning and in furtherance of the thorough consideration of all bills on a given subject, the several standing committees of the Assembly are respectively grouped into the following categories:

A. LEGISLATURE:

Three committees to consider matters concerning legislative organization and procedure: One on Legislative Organization, (permanent); one on Rules and House Functions, No. 1; and one on Legislative Procedure, No. 2.

B. GOVERNMENT:

Sixteen committees to consider legislative measures affecting government and governmental organization: Two on Conservation and Planning, Nos. 3 and 4; three on Fiscal Matters, Nos. 5, 6 and 7; one on Education, No. 8; three on Social Welfare, Nos. 9, 10 and 11; one on Civil Service and State Personnel, No. 12; one on Military and Police, No. 13; two on Political Subdivisions, Nos. 14 and 15; and three on Judiciary and Laws, Nos. 16, 17 and 18.

C. INDUSTRY:

Seven committees to consider legislative measures affecting industry and the production of wealth: Two on Agriculture, Nos. 19 and 20; three on Means of Production, Nos. 21, 22 and 23; one on Finance, No. 24; and one on Distribution and Transportation, No. 25.

It is the policy of the Assembly that the several committees in each of the groups indicated above shall cooperate to the fullest possible extent and upon every convenient occasion meet together upon bills of common interest to the committees in the group, no matter to which committee they have been assigned.

Twenty-five standing committees of the Assembly are hereby created, upon the several subjects, and numbered respectively, as follows:

1. Rules and House Functions.
2. Legislative Procedure.
3. Conservation and Planning.
4. Fish and Game.
5. Governmental Efficiency.
6. Revenue and Taxation.
7. Ways and Means.
8. Education.
9. Crime and Correction.
10. Public Morals.
11. Public Health and Welfare.
12. Civil Service and State Personnel.
13. Military Affairs.
14. Municipal and County Government.
15. Elections and Reapportionment.
16. Judiciary: Codes.
17. Judiciary: General.
18. Constitutional Amendments.
19. Agriculture.
20. Live Stock and Dairies.
21. Public Utilities and Corporations.
22. Manufacturing, Oil and Mining Industry.
23. Industrial Relations.
24. Finance and Insurance.
25. Transportation and Commerce.

Prior to the assignment of members to serve on the several standing committees, the Speaker shall consider the preferences of the members with regard to committee assignments, while keeping in view the practical necessity of making assignments so that members will not serve on more than one committee which meets at the same time, and the Speaker thereafter shall determine the number and the members to serve on each standing committee. Upon publication in the Journal of the number of members on each standing committee, no further change in the number of members of the committee shall be made otherwise than by a majority vote of the elected membership of the Assembly.

No Member of the Assembly shall be a member of more than three standing committees except that with the consent of the Speaker and the approval of the House a member may serve on four committees; and he is further

Resolved, That there be published weekly in the Assembly Daily Journal during each session of the Legislature a chart showing the Rational Organization of the Standing Committees of the Assembly showing General Category, under the three hearings of "Legislation," "Government," and "Industry," Functional Category, Particular Functions, Committee Name and Number, Chairman and Vice Chairman, Number of Members, Time of Meeting, Room Number, Total Number of Measures, "referred" and "action pending," and a meeting schedule for each day of the week.

Resolution read, and referred to the Committee on Rules and House Functions.

CONSIDERATION OF HOUSE RESOLUTION NO. 44

House Resolution No. 44

Relative to encouraging propagation of cork oak trees in the United States with a view to freeing this Country from its dependence upon Europe for its supply of this vital material

WHEREAS, The United States with its diversity of industry and California particularly, with its huge wine and bottling industries, consume a tremendous amount of cork; and

WHEREAS, Life preservers, marine and building insulation material, and many other manufactured products require additional vast quantities of cork; and

WHEREAS, Cork has been listed by the Army and Navy departments as among the 15 most critical war materials; and

WHEREAS, The cork oak can be successfully grown in certain parts of the United States and especially in the Southwest and in California, particularly in sections which are very like the cork-growing regions of Spain, Portugal, and North Africa, and moreover the cork produced from California trees is physically and chemically equal in quality to Spanish, Portuguese and African cork and gives equally satisfactory results in production and use; and

WHEREAS, Up to now the interest in growing cork oak trees in this Country has not resulted in development on a commercial scale, principally because of the length of time required before the trees are large enough to strip off readily salable bark; and

WHEREAS, In the past four years nearly 150,000 cork oaks have been planted in 40 counties of California, and the State Board of Forestry, the State Director of Natural Resources, and other officials and industrial leaders are working to put the cork growing industry in California upon a commercial basis; now therefore, be it

Resolved by the Assembly of the State of California, That the Congress of the United States be, and it is hereby memorialized to aid this program by its active support; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States, the Vice President of the United States, the Speaker of the House of Representatives of the United States, and the Senators and Representatives from California in the Congress of the United States.

Resolution read and adopted.

Explanation of Vote on Senate Joint Resolution No. 1

We believe this resolution is presented in the interest of land monopoly. The State Constitution provides that land monopoly should be discouraged.

Returning service men and small farmers are in great need of opportunities for farms which will be jeopardized by compliance with Senate Joint Resolution No. 1, therefore our "no" vote.

RESOLUTIONS

The following resolution was offered:

By Messrs. Allen, Field, Dickey, Kellems, Lyon, McMillan, and Doyle:

House Resolution No. 61

Relative to the construction of a dam in Rector Canyon in Napa County for a water supply for the Veterans' Home and other State institutions

WHEREAS, The matter of constructing a dam in Napa County to supply water to the Veterans' Home and other State institutions in Napa County was a matter of considerable controversy over a period of years, particularly as to whether the dam should be constructed in Rector Canyon or in Conn Valley; and

WHEREAS, The matter was investigated by at least three Interim Committees and the question of the site was finally put to rest by the enactment of Chapter 1208 of the Statutes of 1941, which provided for a dam in Rector Canyon; and

WHEREAS, The selection of the site in Rector Canyon has been approved by competent engineers; more than one million dollars (\$1,000,000) have been appropriated for the purpose, and the only reason that the dam has not actually been constructed is that priorities for the necessary materials have not been obtainable; and

WHEREAS, Officials of the American Legion and the Veterans of Foreign Wars are at this moment in Washington attempting to get the necessary priorities for the construction of the dam; and

WHEREAS, The need for a water supply for State institutions in Napa County and particularly at the Veterans' Home is even more urgent now than at the time the legislation for the dam was enacted; and

WHEREAS, It is the duty of the Director of Finance to proceed under the provisions of Chapter 1208, Statutes of 1941, as expeditiously as possible, and he has no authority under that statute or any other statute to postpone construction of works for which money has been made available and for which there is an immediate and pressing need; now, therefore, be it

Resolved by the Assembly of the State of California, That the Director of Finance is hereby requested to proceed as possible to carry out the provisions of Chapter 1208 of the Statutes of 1941, anything in Senate Resolution No. 23 of this session to the contrary notwithstanding; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Finance.

Request for Unanimous Consent

Mr. Allen asked for, and was granted, unanimous consent to take up House Resolution No. 61, at this time, without reference to committee.

Resolution read and adopted.

Above reported resolutions ordered on file for adoption.

RESOLUTIONS

The following resolution was offered:

By Messrs. Dickey, Johnson, Thomas, and Lyons:

House Resolution No. 62

Relative to the safety of housing for war workers

WHEREAS, Citizens in great numbers have come to and now reside in those areas of this State in which are centered the vast shipbuilding and other war-industry plants,

citizens who are patriotically devoting their talents, their energies, and their time in full measure to the war effort, that our boys overseas may be adequately supplied and that this great conflict for the preservation of democratic institutions and our way of life be brought speedily to a successful end and our boys be returned to their homes; and

WHEREAS, The coming together of so many people in these war-industry centers has produced a critical housing problem which various Federal agencies have sought to solve, yet in so doing these agencies have gone ahead with the construction of housing units without regard to State and local requirements as to the construction and occupancy of dwellings, requirements imposed under the police power for the safety and health of the occupants; and said Federal agencies have thereby created and operate housing facilities that are a hazard and a menace to the safety and health of these our citizens who are giving of their every energy on the Home Front for the speedy and successful prosecution of the war; and

WHEREAS, We are of the view that there is no legal justification under the Constitution or in law for such disregard, by Federal agencies of these State, county, and city building requirements designed and well calculated to assure the safety and health of the occupants; now, therefore, be it

Resolved by the Assembly of the State of California, That this situation be brought to the immediate attention of all State, county, and city officials who are in any way charged with the enforcement of such State or local regulations, and such officials are hereby urged to bend every effort and spare no resource at their command to rectify this situation, to the end that these hazards to the health and safety of our war workers and their families forthwith be terminated and abated; and be it further

Resolved, That the Chief Clerk of the Assembly at once transmit copies of this resolution to the State Fire Marshal, the Chief of the State Division of Immigration and Housing, and the State Director of Public Health, and to the heads of the public health, public safety, fire, and building departments of each county and of each city wherein any war-housing unit or project is situate.

Judge Eternal, throned in splendor,
Lord of Lords, and King of Kings,
With Thy living fire of judgment
Purge this realm of bitter things;
Solace all its wide dominion
With the healing of Thy wings.

Crown O God, Thine own endeavor;
Cleave our darkness with Thy sword;
Feed the faint and hungry peoples
With the richness of Thy Word;
Cleanse the body of this Nation
Through the glory of the Lord.

And now unto Him that is able to keep you from falling, and to present you faultless before the presence of His glory with exceeding joy; to the Only Wise God, Our Saviour, be glory and majesty, dominion and power, both now and forever. AMEN

CONSIDERATION OF DAILY FILE

CONSIDERATION OF HOUSE RESOLUTION NO. 27

House Resolution No. 27

Relating to memorializing Congress to enact H. R. 1649, the "Business, Employment, and Security Insurance Act"

WHEREAS, There has been introduced at the First Session of the Seventy-eighth Congress H. R. 1649 by Mr. Cannon entitled, "A bill to provide every adult citizen in the United States with equal basic Federal insurance, permitting retirement with benefits at age 60, and also covering total disability, from whatever cause, for certain citizens under 60; to give protection to widows with children; to provide an ever-expanding market for goods and services through the payment and distribution of such benefits in ratio to the Nation's steadily increasing ability to produce, with the cost of such benefits to be carried by every citizen in proportion to the income privileges he enjoys"; and

WHEREAS, This measure provides for the payment of annuities to every citizen who is 60 years of age or over, and also for annuities for disabled citizens and for mothers who have the care of one or more children under 18 years of age, the cost of which Annuity System is to be paid from a Federal gross income tax; and

WHEREAS, The enactment of this legislation will be for the benefit of all the citizens of this Country and will relieve the States of a portion of the burden they now carry to provide social security benefits; now, therefore, be it

Resolved by the Assembly of the State of California, That the members thereof hereby memorialize and petition Congress to enact H. R. 1649; and be it further

Resolved, That a copy of this resolution be transmitted to the President of the United States, to the Vice President of the United States, to the Speaker of the House of Representatives of the Congress of the United States, and to each Senator and Representative from California in the Congress of the United States.

Resolution read and adopted.

CONSIDERATION OF DAILY FILE (RESUMED)

CONSIDERATION OF HOUSE RESOLUTION NO. 42

House Resolution No. 42

Resolved, That the Permanent Standing Rules of the Assembly and the Standing Rules of the Assembly for the Fourth Extraordinary Session of the Fifty-fifth Legislature be amended by adding Rule 75a thereto, to read as follows:

75a. There shall be a permanent committee designated the "Committee on Legislative Organization," consisting of the Speaker of the House and two other Members of the Assembly appointed by the Speaker, who shall designate the chairman.

The committee shall have and exercise the following powers:

To aid the Speaker, at his request, in organizing the standing committees of the Assembly and in drawing up a schedule of committee meetings;

To determine what rules, organization, and facilities are best suited to the needs of the Assembly and report its determination, together with such related matters and facts as it deems pertinent, to the Assembly;

To study the Standing Rules of the Assembly, the Joint Rules of the Legislature, the existing organization of the Legislature, questions of economy in the legislative procedure, the physical facilities for the use of the Legislature, the rearranging of space in the State Capitol, and the advisability of creating in aid of the legislative function an agency or agencies to study and report to the Legislature and its committees upon assigned subjects of legislation or of prospective legislation, to assure the obtaining of full information and enable the Legislature and its members to act advisedly in such matters;

To serve jointly with a Senate Committee having similar duties and functions;

To act during the sessions of the Legislature, including any recess thereof, and after final adjournment but not beyond the convening of the next succeeding Legislature;

To have and exercise all of the powers imposed upon Interim Committees of the Legislature or of the Assembly by the Joint Rules or by the Standing Rules of the Assembly;

To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers and perform its duties as herein set forth or as from time to time prescribed by the Assembly;

To report to the Assembly from time to time and at any time and to prepare and file a final report with the next succeeding Legislature on or before the fortieth legislative day after the convening thereof.

Explanation of Vote

I was in committee when Senate Joint Resolution No. 7 was passed. I would have voted "yes"—as this is a most important resolution.

T. J. DOYLE

During the consideration of Senate Joint Resolution No. 7 there was much noise and disturbance in the Chamber which prevented me from understanding the full purport of the resolution.

I consider the proposed Federal legislation as bad, and that I should have voted "No."

COMMUNICATIONS

By Mr. Middough:

The following communication was received, and ordered printed in the Journal:

THE INDOOR SPORTS' CLUB, INC.

LONG BEACH 2, CALIFORNIA, June 8, 1944

Lorne D. Middough

Capitol Bldg., Sacramento, California

DEAR SIR: An injustice is being done. We handicapped and disabled citizens of California, almost all of whom are confined the entire day to wheelchairs, from which we have to be lifted many times a day, receive no aid from the State.

This is not intended to protest against the aid received by the aged, but inasmuch as many of them are able to wait upon themselves and we have to be waited upon and cared for, we feel entitled to State assistance.

The Governor has not seen fit to include this subject in his call for the present special session. We, therefore, suggest that you join with other Assemblymen in requesting that he appoint a Citizens' Committee to investigate the needs of the totally disabled.

Thanking you for this courtesy,

Very sincerely yours,

MABEL E. NIEBES, National Chairman
Social Welfare Indoor Sports' Club, Inc.

RESOLUTIONS

The following resolutions were offered:

By Messrs. Berry, Armstrong, and Gaffney:

House Resolution No. 63

Relative to the teaching of driver education in the secondary schools

WHEREAS, The Military Training Division of the Office of the Quartermaster General has prepared pre-induction courses in driver education designed to train young men about to enter the armed services in operation and maintenance of military vehicles and to relieve the growing shortage of trained civilian drivers engaged in essential war industries and has called on school administrators and teachers throughout the Nation to establish the courses in secondary schools; and

WHEREAS, Reduction of the ever mounting toll of traffic accidents makes it highly desirable that every boy and girl approaching legal driving age be given driver education in order to acquire the basic understandings, judgments and attitudes so necessary for the safe and competent driver; and

WHEREAS, The Departments of Motor Vehicles and Education, the California State Automobile Association, The Automobile Club of Southern California, the California Congress of Parents and Teachers and the American Legion, California Department, are jointly sponsoring a State-wide movement to inaugurate driver education classes in all secondary schools for the 1944-45 school year; now, therefore, be it

Resolved by the Assembly of the State of California, That we approve the principle of driver education and favor the inauguration of such classes in the secondary schools for the immediate purpose of providing the necessary pre-induction training in the operation and maintenance of military vehicles for prospective inductees and for the further purpose of reducing traffic accidents in the postwar period by teaching high school students approaching legal driving age the fundamentals of safe driving; and be it further

Resolved, That a copy of this resolution be forwarded to the Director of the Department of Motor Vehicles, the Superintendent of Public Instruction, the president of the California Association of the School Trustees, the president of the Association of Secondary School Principals, the president of the California Teachers Association, the president of the California Congress of Parents and Teachers, the commander of the California Department of the American Legion, the general managers of the California State Automobile Association and Automobile Club of Southern California and the president of the California Congress of Parents and Teachers.

Request for Unanimous Consent

Mr. Berry asked for, and was granted, unanimous consent to take up House Resolution No. 63, at this time, without reference to committee.

Resolution read and adopted.

By Messrs. Erwin, Burkhalter, and Watson:

House Resolution No. 64

WHEREAS, The waters in back of Chatsworth and Pacoima Reservoirs and the lake back of Morris Dam in San Gabriel, known as Pasadena Dam No. 1, are closed to fishermen; and

WHEREAS, The fish found in these waters are State-owned, having been planted by the State Fish and Game Commission; and

WHEREAS, Each year the water in Dam No. 2, known as Rockville Dam, is planted with trout by the State Fish and Game Commission, and each year the fish from the lake in back of Rockville Dam are drained into the Pasadena Dam which is closed to the sportsmen of the State; now, therefore, be it

Resolved by the Assembly of the State of California, That these reservoirs and dams be opened for fishing to the sportsmen of the State; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the city councils of Los Angeles and Pasadena, and to the Los Angeles flood control board.

Request for Unanimous Consent

Mr. Erwin asked for, and was granted, unanimous consent to take up House Resolution No. 64, at this time, without reference to committee.

Resolution read and adopted.

By Mr. Brady :

House Resolution No. 65

WHEREAS, The City and County of San Francisco possesses one of the finest ocean frontages in the world, extending from the footings of the Golden Gate Bridge past Baker Beach, China Basin, Lands' End, Seal Rocks, and beyond Fleishhacker Pool to the south; and

WHEREAS, The benefits of this vast and beautiful expanse of marine beauty could be as well made available for the recreation of bathers, swimmers, and fishermen throughout the year were it not for the absence of a suitable breakwater or recreational pier; and

WHEREAS, The construction of one or more breakwaters or jetties and a fishing pier would open a vast playground for the people of California, and be of inestimable value to the State, and contribute to postwar employment, and thus cushion the shock of transition from a war to a peace economy; now, therefore, be it

Resolved by the Assembly of the State of California, That the Division of State Lands and Department of Finance and the Department of Public Works are hereby requested to make a preliminary survey as to the cost of preparing plans and specifications and estimates of construction expense for such structures as may be adapted to the contour of the coast line at San Francisco for such recreational purposes; and be it further

Resolved, That said State agencies shall investigate the possibility that the construction of the Golden Gate Bridge has resulted in forcing of greater quantities of sand on the beaches fronting the Richmond and Sunset Districts, and the consequent great discomfort and inconvenience to the residents of such districts when high winds scatter such excess sand throughout those neighborhoods; and be it further

Resolved, That a copy of this resolution be transmitted by the Chief Clerk of the Assembly to the State Lands Commissioner and to the Director of Public Works.

Request for Unanimous Consent

Mr. Brady asked for, and was granted, unanimous consent to take up House Resolution No. 65, at this time, without reference to committee.

Resolution read and adopted.

Amendment No. 19

On page 1, line 22, of said bill, after the period, insert "The experience of this State during the depression years of unemployment and its attendant hardships points to the necessity for a Public Works Employment Program. Failure to make provision for an adequate Public Works Program in time to meet the economic problems which will rise upon termination of the war will require the State to expend large sums to provide direct relief to persons who might otherwise be usefully employed in constructing necessary public works. Funds appropriated under this act by the State together with funds provided by local agencies to assist the State in carrying out the purposes of this act will enable the local agencies to engage in a large construction program which will provide employment for those military personnel discharged from the armed forces and those whose present employment will be terminated by the cessation of war production."

Amendment No. 20

On page 2, line 8, of said bill, strike out "to counties and to cities", and insert "in the preparation of plans and the acquisition of sites by the counties, cities and counties and cities".

Amendments read and adopted.

Bill ordered reprinted, and to third reading.

RESOLUTIONS

The following resolutions were offered:

By Mrs. Niehouse and Messrs. Allen, Evans, Rosenthal, Debs, Middough, Stream, Kraft, Bennett, Kilpatrick, Burkhalter, Dills, Ralph C., and Dills, Clayton A.:

House Resolution No. 70

Relating to investigation by the State Department of Social Welfare of the needs of physically handicapped citizens of California

WHEREAS, There are many physically handicapped citizens of this State; and

WHEREAS, The various agencies in various communities are working on the problem of giving these persons assistance; and

WHEREAS, It is desirable in the interests of economy and effort and for the more efficient rendering of aid to the physically handicapped that the efforts of the various agencies be coordinated with a view to avoiding duplication of effort; now, therefore, be it

Resolved by the Assembly of the State of California, That the State Department of Social Welfare be and it is hereby requested to make an investigation of the efforts being made in various communities to assist the physically handicapped among the citizens of the State, and ascertain where and in what respects the assistance is inadequate, and make a written report of its findings to the Fifty-sixth Session of the Legislature; and be it further

Resolved, That a copy of this resolution be sent to the State Department of Social Welfare.

Request for Unanimous Consent

Mrs. Niehouse asked for, and was granted, unanimous consent to take up House Resolution No. 70, at this time, without reference to committee. Resolution read and adopted.

By Messrs. Gaffney, Clarke, Hollibaugh, Call, Denny, Lowrey, and Miller:

House Resolution No. 71

Relating to continued deferment of boners in the meat packing industry

WHEREAS, This Country now has the largest live stock population in its history; and

WHEREAS, In view of the military and economic situation of the world there exists the greatest need in this Country's history for supplying meat both to the armed forces and to the civilian population; and

WHEREAS, It would be impossible to furnish this meat supply to the armed forces and to the civilian population if certain skilled workers are not available; and

WHEREAS, Among the most needed of these skilled workers are the men, known as "boners," who debone the carcasses; and

WHEREAS, It takes three years to train a boner so that he can perform his task with the speed required; now, therefore, be it

Resolved by the Assembly of the State of California, That the President and Congress of the United States be memorialized to use their good offices with the proper authorities to continue deferments from military service of boners in the meat packing industry; and, be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to forward copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives and to each Senator and to each Member of the House of Representatives from California in the Congress of the United States.

Request for Unanimous Consent

Speaker Presiding

At 10:32 p.m., Hon. Charles W. Lyon, Speaker of the Assembly, presiding.

By Mr. Doyle:

House Resolution No. 72

Relating to privately owned cabins in United States forest reserves

WHEREAS, Many persons have rented small tracts of land in United States forest reserves from the United States Government, and have erected thereon privately owned cabins for use in the summer; and

WHEREAS, Such owners are required to pay a rental to the United States for the use of the land, and also to pay taxes to the county in which the land is situated for the improvements they have erected; and

WHEREAS, Provision is made for camps for transients who receive considerable recreational benefits at practically no cost; and

WHEREAS, The United States receives a benefit from the presence of the cabin-owners, who are semi-permanent, in that the cabin-owners are more vigilant and careful as to fire hazards; now, therefore, be it

Resolved by the Assembly of the State of California, That the President and Congress of the United States are hereby requested to make provision whereby any

person who leased a cabin site on United States land and paid the rentals for a period of ten (10) years shall be exempted from further payments of rentals while the property remains in his possession; and be it further

Resolved, That copies of this resolution be transmitted by the Chief Clerk of the Assembly to the President and Vice President of the United States, the Chief of the United States Forest Service, and to each Senator and Member of the House of Representatives in the Congress of the United States from California.

Resolution read.

NOES—Dunn—1.

By Mr. Thomas:

House Resolution No. 73

Relating to labor-management business security

WHEREAS, The continued success of the war effort of this Nation and its allies depends largely upon the unceasing flow of materials as to the war fronts, and the high morale of civilians and members of the armed forces; and

WHEREAS, Labor disputes and strikes cut down the flow of these vital materials, and news of strikes and labor disputes has a disastrous effect upon the morale of civilians and fighters alike; and

WHEREAS, On May 24, 1944, Local No. 6 of the Longshoremen's and Warehousemen's Union, CIO, adopted the proposal that all contracts between industry and labor unions should contain a preamble which would project the no-strike pledge into the postwar period in return for guarantees of basic union security, and recommending the creation of machinery for settling labor-industry disputes peaceably through arbitration and otherwise, as a means to the growth of National unity and cooperation; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly does commend the adoption of this proposal by Local No. 6 of the Longshoremen's and Warehousemen's Union of San Francisco as a forward step in the prosecution of the war and the attainment of National unity, peace and security after the war; and be it further

Resolved, That the Clerk of the Assembly be and he is hereby directed to transmit a suitably engrossed copy of this resolution to the said Local No. 6.

Request for Unanimous Consent

House Resolution No. 75

Relating to the expression of the appreciation of the Assembly to the Honorable Lee T. Bashore for his contribution to the solution of the problems of teachers' retirement

WHEREAS, For many years it has been generally agreed that the State Teachers' Retirement Act required substantial revision to place the State System for Teachers' Retirement upon a sound financial basis, and to provide for more equitable benefits for retired teachers of the public schools; but the magnitude and multiplicity of the problems involved, and the diversity of opinion among the various interested groups and individuals have hitherto prevented the enactment of the legislation necessary to accomplish the needed revision; and

WHEREAS, The Joint Legislative Committee on the Tax Structure of the State delegated to the Honorable Lee T. Bashore, a member of that committee, the responsibility of studying the problem of teachers' retirement in all its aspects, and of presenting to that committee and to the Legislature a bill which would accomplish the long desired result; and

WHEREAS, The Honorable Lee T. Bashore has magnificently discharged the responsibility imposed upon him by giving freely of his time, energy, and money to that end, by holding many conferences with the interested groups and resolving differences of

opinion among them, by enlisting the assistance of recognized experts in the field without cost to the taxpayers of the State, and by explaining the intricacies of his proposed plan to the Assembly Committees on Education and Ways and Means and to the Members of this Assembly with such clarity, patience, and vigor that Assembly Bill No. 13, which embodies his proposed plan, was passed by this Assembly by a unanimous vote; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly does hereby express its appreciation to the Honorable Lee T. Bashore for his splendid contribution to the solution of the problem of teachers' retirement, and does hereby commend him for his unselfish zeal and for his statesmanlike handling of this complex and difficult legislation; and be it further

Resolved, That a copy of this resolution, suitably engrossed, be presented to the Hon. Lee T. Bashore.

Request for Unanimous Consent

Mr. Haggerty asked for, and was granted, unanimous consent to take up House Resolution No. 75, at this time, without reference to committee.

COMMITTEE FROM THE SENATE

A committee from the Senate, consisting of Senators Mayo, Keating, and Fletcher, appeared before the bar of the Assembly, and announced that the Senate had concluded its labors and was now ready to adjourn the Fifty-fifth (Fourth Extraordinary) Session sine die.

RESOLUTIONS

The following resolutions were offered:

By Messrs. Miller, Call, and Dunn:

House Resolution No. 76

Relating to the lower portion of San Francisco Bay

WHEREAS, The lower portion of San Francisco Bay is divided from the upper portion by the Dumbarton Bridge, which bridge consists mainly of two roads joined by a steel structure which can be opened to permit the passage of vessels; and

WHEREAS, Cities such as Alviso, which front upon the lower portion of San Francisco Bay, have been steadily encroached upon by the salt water thereof; and

WHEREAS, If locks were installed at the juncture of the two said roads the lower portion of San Francisco Bay could be converted into a fresh water bay and the encroachment of salt water thus be eliminated; and

WHEREAS, It is also possible to reclaim this portion of the bay containing an area of between sixty and eighty thousand acres; and

WHEREAS, The exploitation of these possibilities may well result in the development of a postwar employment project of lasting benefit to this State; and

WHEREAS, Any such undertaking affecting the waters of San Francisco Bay would require the cooperation of the Federal Government, and might well be a joint Federal, State, and local endeavor; now, therefore, be it

Resolved by the Assembly of the State of California, That the Department of Public Works is hereby requested to make such preliminary investigation as will enable it to estimate the cost of determining upon a suitable solution of the problems hereinbefore mentioned; and be it further

Resolved, That there is hereby created an Assembly Interim Committee on the Lower San Francisco Bay, consisting of three Members of the Assembly, appointed by the Speaker, for the purpose of conducting such investigation, cooperating and consulting with the Department of Public Works in such investigation, and making such recommendations as said committee deems desirable concerning the subject matter of this resolution; and be it further

Resolved, That the committee, in exercising its powers and performing the functions vested in it by this resolution, shall have all the powers conferred upon Legislative Committees by the Joint Rules of the Senate and Assembly as adopted at the Fifty-fifth Regular Session of the Legislature and all powers necessary or convenient to accomplish the objects and purposes of this resolution; and be it further

Resolved, That the committee may create subcommittees and assign to such subcommittees any matter within the scope of the powers of the committee, and such subcommittees shall with respect to the matters so assigned to them have the same powers as the committee; and be it further

Resolved, That the committee may act during this session or any recess and after final adjournment thereof and shall prepare and submit to this or to the Fifty-sixth Regular Session of the Legislature a report of its findings and recommendations; and, be it further

Resolved, That the members of the committee shall serve without compensation but shall be allowed mileage at the rate of five and one-half cents (\$.05½) per mile each way incurred in connection with their services upon the committee and other actual and necessary expenses for living accommodations and meals, incurred in connection with their services upon the committee, or in lieu of such expenses for accommodations and meals an allowance of ten dollars (\$10) per day; and, be it further

Resolved, That the sum of one thousand dollars (\$1,000), or so much thereof as may be necessary, is hereby made available from the Contingent Funds of the Assembly for the expenses or claims the committee may incur under this resolution, to be paid, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Appointment of Interim Committee

Pursuant to the provisions of House Resolution No. 76, the Speaker announced the appointment of Messrs. Miller, Call, and Dunn as such Interim Committee on the Lower San Francisco Bay.

By Messrs. Johnson, Field, Collins, Sam L., Dickey, Waters, Dills, Ralph C., Allen, Evans, Bashore, Pelletier, Thomas, Hawkins, Anderson, Massion, McMillan, Lyons, Mrs. Niehouse, Messrs. Rosenthal, Hollibaugh, Erwin, Beck, Armstrong, and Desmond:

House Resolution No. 77

Relating to the retirement from the Legislature of the Honorable Harvey E. Hastain, Assemblyman from the Seventy-seventh District

WHEREAS, Harvey E. Hastain, who has represented the Seventy-seventh Assembly District in this body during the Fifty-fourth and Fifty-fifth Regular and Extraordinary Sessions of this Legislature, has voluntarily forsworn a legislative toga and is not a candidate for reelection; and

WHEREAS, The members of this body are thereby each suffering a distinct personal loss and trust that fate may again cross their paths with that of Harvey's; and

WHEREAS, The people of Imperial County have been so satisfied with the representation given them in this Assembly by the Honorable Harvey E. Hastain that none of them has ever filed as a candidate against him since his first election to this body; and

WHEREAS, During his period of service in this Legislature, Harvey E. Hastain has become widely recognized as an outstanding authority on legislation relating to agriculture and allied subjects; now, therefore, be it

Resolved by the Assembly of the State of California, That the members of this body hereby express their appreciation to Harvey E. Hastain for the sincere, energetic, willing, and able manner in which he has participated in the solution of the problems of Government that have been met and surmounted, and hereby extend to Harvey their best wishes for his continued success and good luck; and be it further

Resolved, That the Chief Clerk prepare and transmit a suitably engrossed copy of this resolution to Honorable Harvey E. Hastain.

House Resolution No. 79

Relative to the death of Lou F. Bridges

WHEREAS, Mr. Lou F. Bridges departed this life at Palm Springs, California, on the fifth day of March, 1944; and

WHEREAS, He is survived by three sisters: Mrs. F. N. Murray, Miss Alice K. Bridges, and Mrs. J. A. McBreath; and two brothers: Frederick J. Bridges and Albert E. Bridges; and

WHEREAS, Mr. Bridges was in the fruit brokerage business in New York for many years, being for a time a member of the firm of Bridges & Timpson Co; and

WHEREAS, He became President of the New York Dried Fruit Association in 1920 and served as president for six years, and was outstandingly successful in his work, especially in negotiating contracts with the California Dried Fruit Association; and

WHEREAS, Coming west for relief from pulmonary trouble he was employed with the Peach Control Board of California, and then with the Walnut Control Board; became associated with the Cannery League of California and was their representative for several years at the California Legislature where his advice on proposed legislation was sought by members of both houses and he won their personal affection and their confidence and cooperation in matters of legislation; and

WHEREAS, Mr. Bridges for many years won success in spite of the constant fight against the handicap of ill health, but never lost courage to the last; now, therefore, be it

Resolved by the Assembly of the State of California, That the Members of the Assembly grieve over the death of Mr. Lou F. Bridges, a friend of many of them, and consider it fitting to make this public record of a memorial to an outstandingly fine and successful man; and be it further

Resolved, That the Chief Clerk of the Assembly transmit suitably engrossed copies of this resolution to his surviving brothers and sisters.

RESOLUTIONS

The following resolutions were offered :

By Mr. Pelletier :

House Resolution No. 81

Relative to the death of Joseph B. Eastman

WHEREAS, On the passing of Joseph B. Eastman on March 15, 1944, at the age of 61, this Nation lost a devoted public servant and a man of outstanding ability; and

WHEREAS, Joseph B. Eastman began his long career in public service when he was appointed to the Interstate Commerce Commission by President Woodrow Wilson and became the youngest man ever to be appointed thereto; and

WHEREAS, He was ever independent of politics and sincerely devoted to the welfare of the transportation industry and the transportation needs of his Country as demonstrated by his successive reappointments by the several succeeding Presidents; and

WHEREAS, At the outbreak of the current war, in addition to his already heavy responsibilities, he assumed the Office of Director of Defense Transportation, and because of his outstanding experience in the solution of transportation problems and the wholehearted cooperation of the transportation industry, the materials of war and mercy have been moved in unprecedented quantities and with a minimum of inconvenience to the civilian requirements of this Nation; now, therefore, be it

Resolved by the Assembly of the State of California, That this body expresses its deep sense of loss on the passing of this truly foremost authority in the field of transportation and its appreciation of a life of public service climaxed by his unparalleled contribution to the winning of the war; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the family of Joseph B. Eastman at Katonah, New York.

Request for Unanimous Consent

Mr. Pelletier asked for, and was granted, unanimous consent to take up House Resolution No. 81, at this time, without reference to committee.

Resolution read, and adopted by a rising vote of the Assembly.

By Mr. Erwin:

House Resolution No. 82

Resolved, That the Speaker appoint a Committee of Three to wait upon the Senate and inform it that the Assembly has concluded its labors and ask if it has any further message to deliver to this body.

Request for Unanimous Consent

Mr. Erwin asked for, and was granted, unanimous consent to take up House Resolution No. 82, at this time, without reference to committee.

Resolution read and adopted.

Appointment of Select Committee

Pursuant to the provisions of House Resolution No. 82, the Speaker announced the appointment of Messrs. Erwin, Berry and Denny as such Select Committee.

By Messrs. Thompson, Bashore, Denny, Price, Crowley, Carey, Weber, Desmond, McCollister, Dills, Ralph C., Fournier, Miller, Burns, Thurman, Haggerty, Gannon, Erwin, Dunn, Armstrong, and Mrs. Niehouse:

House Resolution No. 83

Relating to allowance to State employees of uniform holidays

WHEREAS, The policy of allowing employees in State service to enjoy holidays is not uniform; and

WHEREAS, This problem has been an existing and troublesome one for a number of years; and

WHEREAS, The Fifty-fifth Session of the California Legislature did take official recognition of this problem and initiate steps by which an early solution of it may be reached by the passage of House Resolution No. 43 at the Third Extraordinary Session of the Fifty-fifth Session of the Legislature; and

WHEREAS, By said House Resolution No. 43 the Assembly did resolve as follows:

"That the State Personnel Board is hereby requested at once to enter upon such a study, conduct the study with all possible expedition, and upon ascertaining a remedy to put the remedy into force and effect to the extent that such may be within the board's power to do, and then to report thereon to the Governor not later than the next meeting of the Legislature, including in its report such recommendations as it may have concerning legislation needed for the complete accomplishment of the objects and purposes herein expressed;"

and,

WHEREAS, The State Personnel Board has entered upon its study and, as a result of that study, it presently appears that about 80 per cent of the State employees enjoy all of the holidays provided in the Political Code, and about 20 per cent of the State employees do not enjoy said holidays to the extent that in some cases no holidays are allowed to State employees; and

WHEREAS, Preliminary estimates following from the study to date of the Personnel Board indicate that the cost of granting uniform holidays to said 20 per cent of the State employees not now enjoying them, and to establish the policy of granting uniform holidays for all employees in the State service would be approximately \$175,000 per year or \$350,000 per biennium; and

WHEREAS, The Fifty-sixth Session of the Legislature would be in a better position to study and act upon this problem and provide for its financing if the actual figures appeared in the Governor's Budget; and

WHEREAS, It is improbable that the various department heads and the Director of Finance would include these figures in their budgets unless an expression in that regard is given them by the Legislature; and

WHEREAS, An early and final solution of this problem is essential to the efficient functioning of the respective State departments affected; now, therefore, be it

Resolved by the Assembly of the State of California, That each State department which the study and survey of the State Personnel Board indicates is not now allowing its employees to enjoy all of the holidays mentioned in the Political Code is hereby requested to include in its Biennial Budget for the Ninety-seventh and Ninety-eighth Fiscal Years the amount of money indicated by the study of the Personnel Board that would be necessary to bring about the establishment of uniform holidays in that department in order that the Legislature may have this information clearly before it for consideration at the Fifty-sixth Session of the Legislature, and the Director of Finance is hereby requested to consider and include any item in the Budget covering this subject; and, be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor, the Director of Finance, the State Personnel Board, the Director of Institutions, the Director of the Youth Authority, the Director of the Department of Natural Resources, the Director of Veterans' and Military Affairs, the Director of the Department of Corrections, and any other department which the Personnel Board's study indicates does not grant all holidays to its employees.

Resolution read and adopted.

By Messrs. Maloney and Lyon:

House Resolution No. 84

Relative to encouraging garment manufacturing establishments to come to California

WHEREAS, The State of California must look forward to the question of employment and the establishment of industry prior to the termination of the war so that we may be prepared to meet all industrial problems that may arise; and

WHEREAS, With the large influx of people to California since the beginning of the war, there is a tremendous buying power not only among California's increased population but also a tremendous potential market in the Orient and the Pacific Area for the purchase of material manufactured and sold by the garment industry; and

WHEREAS, There is now an encouraging outlook for the establishment of large manufacturing plants on the Pacific Coast; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly hereby requests the State Reconstruction and Reemployment Commission, to the best of its ability, to compile from whatever sources that may be available any and all information possible that would in any way encourage the bringing of this important branch of industry to California; and be it further

Resolved, That a copy of its findings be submitted by the State Reconstruction and Reemployment Commission to the Fifty-sixth Session of the California Legislature.

Request for Unanimous Consent

Mr. Maloney asked for, and was granted, unanimous consent to take up House Resolution No. 84, at this time, without reference to committee.

By Mr. Field:

House Resolution No. 85

Relating to the retirement of the Hon. Franklin J. Potter from the Assembly

WHEREAS, Franklin J. Potter has represented the Fifty-seventh Assembly District at the Fifty-fourth and Fifty-fifth Sessions of the Legislature and is not a candidate for reelection; and

WHEREAS, Franklin J. Potter has served his State with great honor and has earned the esteem and good wishes of all his colleagues in the Assembly because of his ability, helpfulness, and mature judgment; and

WHEREAS, When the Fifty-sixth Legislature convenes, his absence will be noted with regret, lessened only by the knowledge that Franklin is devoting himself to his Country in a broader and more demanding field; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly expresses its deep appreciation for Franklin J. Potter's service in the Assembly and wishes him

Godspeed and good luck in his new field of service, and expresses the desire that he will some day return to render the same high type of service which his record shows that he has rendered while a Member of this House; and be it further

Resolved, That the Chief Clerk of the Assembly be, and he is hereby, directed to deliver a suitably engrossed copy of this resolution to the Hon. Franklin J. Potter.

House Resolution No. 86

Relating to the birthday anniversary of Assemblyman Albert C. Wollenberg

WHEREAS, Albert C. Wollenberg is one of the most loved and conscientious Members of this Assembly; and

WHEREAS, Today is the forty-fourth anniversary of the happy day upon which Albert C. Wollenberg came into this world; and

WHEREAS, The Members of this Assembly unite in complimenting Albert C. Wollenberg on his excellent record since he graduated from the University of California in 1922, throughout his practice of law, including his service as Assistant United States District Attorney, and his splendid record on all the important committees of the California Legislature, including the chairmanship of the important Ways and Means Committee, which handled the \$500,000,000 State Budget, and on his able representation of the Twenty-first Assembly District; and

WHEREAS, It is the desire of the Members of the Assembly to express to Albert C. Wollenberg their best wishes; now, therefore, be it

Resolved by the Assembly of the State of California, That the Members of the Assembly, individually and collectively, wish Albert C. Wollenberg many happy returns of the day, and assure him of their high esteem for his legal and legislative ability and general helpfulness; and be it further

Resolved, That in order to prevent Albert C. Wollenberg from ever conveniently forgetting his age, the Chief Clerk of the Assembly be hereby directed to prepare and transmit to the said Albert C. Wollenberg a suitably engrossed copy of this resolution.

Request for Unanimous Consent

Mr. Maloney asked for, and was granted, unanimous consent to take up House Resolution No. 86, at this time, without reference to committee.

Resolution read, and adopted unanimously.

REQUEST TO PRINT REMARKS IN JOURNAL

Upon request of the Speaker, the following remarks by Mr. Maloney and by Mr. Price were ordered printed in the Journal:

Remarks by Mr. Maloney

Mr. Speaker and Members of the Assembly

I deem it a privilege and an honor on behalf of myself and the San Francisco Delegation, and the Speaker of the House, Mr. Lyon, to ask the adoption of this resolution congratulating the Honorable Albert C. Wollenberg of the Twenty-first District of San Francisco on his forty-fourth birthday.

It is appropriate that this resolution be taken up at this hour, due to the fact that his good father, sweet mother, and loyal wife are in the Assembly Chamber at this time. Al Wollenberg is a chip off the old block, and he should be because his father has made history as a public servant, not only for the State of California, but for the City and County of San Francisco. He served San Francisco as a social welfare director during the dark days in the year of 1906 when thousands upon thousands of people were desolate due to the catastrophe that took place in San Francisco at that time. His taking care of those people at that time won for him National acclaim. He served San Francisco up until the year of 1942, at which time he retired and was drafted by His Excellency Governor Earl Warren, to become the Director of the Department of Social Welfare of the State of California, which position he now holds.

As to Al Wollenberg himself, I have known him for over 30 years. He was not only a student of law which later became his profession, but a public-spirited citizen highly respected in his beloved City of San Francisco. After entering the law practice, he

opened offices and later on became associated in the Office of the United States District Attorney. A few years later, he sought the Office of Assemblyman of the Twenty-first District in San Francisco, was elected, and has served with honor in that august body. His ability was recognized by His Excellency Governor Earl Warren and he became the chairman of the most important committee in State Government, known as the Ways and Means Committee. In the 1943 Session of the Legislature, he successfully handled a \$500,000,000 Budget on the Assembly floor, and there distinguished himself as one of the best Legislators ever to grace the halls of the Legislature of the State of California.

On behalf of all of your colleagues, I extend to you, Al Wollenberg, my heartiest congratulations on your birthday and wish you Godspeed and good luck in the many years to come.

THOMAS A. MALONEY

Remarks by Mr. Price

Speaking as a new Member of the Assembly, I am sure I express the feeling of all the new members as well as those that have served with Al Wollenberg for a longer time when I say that we do appreciate his fairness, his human understanding and unusual ability as a Legislator. He has foregone many honors that could have been his in the authorship of important bills, but in consideration of new members gave them the consideration of authorship.

I regard Al Wollenberg as one of my best friends in the Legislature, and such friendships as Al's have made my legislative experience a very happy and worth-while experience.

The people of California are fortunate to have men of Al's ability in our legislative halls, and we are happy to have him as a friend. Al, we wish you many, many more happy birthdays in the years to come, and that each milestone may bring to you greater recognition for your outstanding ability.

RESOLUTIONS

The following resolutions were offered:

By Mr. Brady:

House Resolution No. 87

Relating to the establishment of an Office of the Reconstruction and Reemployment Commission in San Francisco

WHEREAS, The need for wartime housing and postwar housing and all industrial preparedness in the metropolitan San Francisco area is critical because of the vast influx of civilian, military and industrial population which promises to continue as the tempo of the offensives in the Pacific increases; and

WHEREAS, The home builders, industrialists and manufacturers of that area are struggling to meet the present need in spite of the limited materials available and are planning for the expansion in building and manufacturing activity that will necessarily result from the removal of such restrictions; and

WHEREAS, In meeting these present and future problems, the home building and manufacturing industries require all the assistance that the Reconstruction and Reemployment Commission can possibly give it; and

WHEREAS, The development of these home building, manufacturing and industrial programs will provide an immediate reemployment cushion and contribute to the sustaining of the standard of living to which the people of this State are accustomed; now, therefore, be it

Resolved by the Assembly of the State of California, That the State Reconstruction and Reemployment Commission is requested to establish an office in the Metropolitan San Francisco Area for the purpose of assisting the home builders, industrialists, and manufacturers of that area, in meeting the present and postwar construction requirements of the San Francisco Metropolitan Area; and be it further

Resolved, That the Chief Clerk of the Assembly shall transmit copies of this resolution to Earl Warren, Governor of California, and Alexander Heron, Director of Reconstruction and Reemployment.

Request for Unanimous Consent

Mr. Brady asked for, and was granted, unanimous consent to take up House Resolution No. 87, at this time, without reference to committee.

Resolution read and adopted.

Prior to the assignment of members to serve on the several standing committees, the Speaker shall consider the preferences of the members with regard to committee assignments, while keeping in view the practical necessity of making assignments so that members will not serve on more than one committee which meets at the same time, and the Speaker thereafter shall determine the number and members to serve on each standing committee. Upon publication in the Journal of the number of members on each standing committee, no further change in the number of members of the committee shall be made otherwise than by a majority vote of the elected membership of the Assembly.

No Member of the Assembly shall be a member of more than three standing committees except that with the consent of the Speaker and the approval of the House a member may serve on four committees"; and be it further

Resolved, That there be published weekly in the Assembly Daily Journal during each session of the Legislature a chart showing the Rational Organization of the Standing Committees of the Assembly showing General Category, under the three headings of "Legislature," "Government" and "Industry," Functional Category, Particular Functions, Committee Name and Number, Chairman and Vice Chairman, Number of Members, Time of Meeting, Room Number, Total Number of Measures, "referred" and "action pending," and a meeting schedule for each day of the week.

Request for Unanimous Consent

Mr. Weber asked for, and was granted, unanimous consent to take up House Resolution No. 58, at this time, without reference to committee.

MOTION TO PRINT STATEMENT IN JOURNAL

Mr. Sam L. Collins moved that the following statement by Speaker Lyon and Speaker pro tempore Maloney be printed in the Journal:

Statement by Speaker Charles W. Lyon and Speaker pro tempore
Thomas A. Maloney

As Speaker and Speaker pro tempore of this Assembly, we desire to compliment the Members of the Legislature and Governor Earl Warren upon the manner in which all have cooperated in placing California in the forefront in postwar planning.

Action taken by Members of the Assembly in the Regular Session in 1943 and at this extraordinary session, has made California the leading State in the Nation, not only in the amount of money earmarked for postwar construction purposes, but in the amount available for immediate preparation of plans and specifications for such postwar construction.

With the close of this special session, California's Legislature will have made \$14,500,000 available for the immediate preparation of plans and specifications for projects to be constructed when the war has ended. There will be \$18,201,000 available for the purchase of sites and rights of way required for postwar improvements.

These totals represent an effectual approach to the timely use of approximately \$133,000,000 which you have earmarked for specific postwar purposes. When the day of peace arrives, California will be ready with sites, with plans and with money for a Postwar Construction Program of lasting economic and social importance.

Every Member of the Legislature can well be proud of the part he has had in formulating the Triple Service Program which has now been enacted. It guarantees long needed improvements in our institutions and schools. It guarantees employment for thousands of war workers and returning veterans during the postwar industrial reconversion period. It guarantees better facilities and better services for all our citizenry in the years to come.

You have completed this effectual long range plan for State development without mortgaging the future of the taxpayers. It has been done in keeping with the surplus prospects.

As your presiding officers, we are happy to have this opportunity to congratulate you upon your accomplishments, and to sincerely thank you for all of your courtesies extended to us.

CHAS. W. LYON, Speaker
65th Assembly District

THOMAS A. MALONEY, Speaker pro tem
20th Assembly District
